DEPARTMENT OF HEALTH AND HUMAN SERVICES

Office of the Secretary

Notice of Interest Rate on Overdue Debts

Section 30.18 of the Department of Health and Human Services' claims collection regulations (45 CFR part 30) provides that the Secretary shall charge an annual rate of interest, which is determined and fixed by the Secretary of the Treasury after considering private consumer rates of interest on the date that the Department of Health and Human Services becomes entitled to recovery. The rate cannot be lower than the Department of Treasury's current value of funds rate or the applicable rate determined from the "Schedule of Certified Interest Rates with Range of Maturities" unless the Secretary waives interest in whole or part, or a different rate is prescribed by statute, contract, or repayment agreement. The Secretary of the Treasury may revise this rate quarterly. The Department of Health and Human Services publishes this rate in the **Federal Register**.

The current rate of 11¼%, as fixed by the Secretary of the Treasury, is certified for the quarter ended December 31, 2022. This rate is based on the Interest Rates for Specific Legislation, "National Health Services Corps Scholarship Program (42 U.S.C. 254o(b)(1)(A))" and "National Research Service Award Program (42 U.S.C. 288(c)(4)(B))." This interest rate will be applied to overdue debt until the Department of Health and Human Services publishes a revision.

Director, Office of Financial Policy and Reporting.

DEPARTMENT OF HOMELAND SECURITY

Federal Emergency Management Agency

[Docket ID FEMA-2023-0004]

Assistance to Firefighters Grant Program

AGENCY: Federal Emergency Management Agency (FEMA), Department of Homeland Security (DHS).

ACTION: Notice.

SUMMARY: Pursuant to the Federal Fire Prevention and Control Act of 1974, as amended, the Administrator of FEMA is publishing this notice describing the fiscal year (FY) 2022 Assistance to Firefighters Grant (AFG) Program application process, deadlines, and award selection criteria. This notice explains the differences, if any, between these guidelines and those recommended by representatives of the national fire service leadership during the annual meeting of the Criteria Development Panel (CDP), which was held July 12–15, 2022. The application period for the FY 2022 AFG Program is January 9–February 10, 2023, and was announced on the FEMA AFG Program

website at <https://www.fema.gov/grants/preparedness/firefighters>, as well as at <https://www.grants.gov>.

DATES: Grant applications for the FY 2022 AFG Program are being accepted electronically through the FEMA Grant Outcomes (FEMA GO) system at <https://go.fema.gov/>, through 5 p.m. ET on February 10, 2023.

ADDRESSES: DHS/FEMA/GPD Assistance to Firefighters Grant Branch, 400 C Street SW, 3N, Washington, DC 20472–3635.

FOR FURTHER INFORMATION CONTACT:

Catherine Patterson, Chief, Assistance to Firefighters Grant Branch, 1–866–274–0960.

SUPPLEMENTARY INFORMATION: The AFG Program awards grants directly to fire departments, nonaffiliated emergency medical service (EMS) organizations, and State Fire Training Academies (SFTA) for the purpose of enhancing the health and safety of first responders and improving their abilities to protect the public from fire and fire-related hazards. Applications for the FY 2022 AFG Program are submitted and processed online through <https://go.fema.gov/>. Before the application period started, the FY 2022 AFG Program Notice of Funding Opportunity (NOFO) was published on FEMA's AFG Program website at <https://www.fema.gov/grants/preparedness/firefighters/assistance-grants>. The AFG Program website provides additional information and materials useful for FY 2022 AFG Program applicants, including Frequently Asked Questions, Application Checklist, Narrative Get Ready Guide, Self-Evaluation Sheets for Vehicle Acquisition and Operations Safety, and a Cost-Share Calculator. Based on past AFG Program application periods, FEMA anticipates receiving 8,000 to 10,000 applications for the FY 2022 AFG Program and has the ability to award approximately 2,000 grants.

Congressional Appropriations

For the FY 2022 AFG Program, Congress appropriated \$360 million through the Department of Homeland Security Appropriations Act, 2022, Public Law 117–103. From this amount, \$324 million will be made available for FY 2022 AFG Program awards. In addition, section 33 of the Federal Fire Prevention and Control Act of 1974, as amended (15 U.S.C. 2229), requires that a minimum of 10% of available funds be expended for Fire Prevention and Safety (FP&S) Program grants. FP&S Program awards will be made directly to local fire departments and to local, regional, state, or national entities recognized for their expertise in the fields of fire

prevention and firefighter safety research and development. The funds appropriated for FY 2022 are available for obligation and award until Sept. 30, 2023.

The Federal Fire Prevention and Control Act of 1974 further directs FEMA to administer these appropriations according to the following requirements:

- Career fire departments: Not less than 25% of available grant funds.
- Volunteer fire departments: Not less than 25% of available grant funds.
- Combination fire departments and departments using paid-on-call firefighting personnel: Not less than 25% of available grant funds.
- Open competition (career, volunteer, and/or combination fire departments and departments using paid-on-call firefighting personnel): Not less than 10% of available grant funds awarded.
- EMS providers including fire departments and nonaffiliated EMS organizations: Not less than 3.5% of available grant funds awarded.
- Nonaffiliated EMS providers: Not more than 2% of the total available grant funds.
- SFTAs: Not more than 3% of available grant funds shall be collectively awarded to SFTA applicants, with a maximum of \$500,000 per applicant.
- Vehicles: Not more than 25% of available grant funds may be used for the purchase of vehicles; by policy and based on recommendations, FEMA intends to dedicate 10% of those vehicle funds for ambulances.
- Micro grants: This is a voluntary funding limitation choice made by the applicant for requests submitted within the operations and safety activity. It is not an additional funding opportunity. Micro grants are awards that have a Federal participation (share) that does not exceed \$50,000. Applicants that select micro grants may receive additional consideration for award. If an applicant selects micro grants in their application, they will be limited in the total amount of funding their organization can be awarded. If they are requesting funding in excess of \$50,000 federal participation, they should not select micro grants.

Background of the AFG Program

Since 2001, the AFG Program has awarded approximately \$8.1 billion in grant funding to help firefighters and other first responders obtain critically needed equipment, protective gear, emergency vehicles, training, and other resources needed to protect the public and emergency personnel from fire and
