

however, lose points for changes made after the relevant date(s) that detract from its proposal. With respect to population information, applicants should use the 2000 Census, if available by June 4, 2001.

How To File

We will accept point supplements for applicants in closed groups beginning on April 18, 2001 (the effective date of the rule clarifications in the MO&O) and ending on June 4, 2001. We are currently accepting settlements, and will continue to accept settlements that exceed expenses until June 4, 2001. It is important that applicants provide the correct file number, city and state of the application being supplemented or settled, so that we can associate the supplemental submissions with the original application and the proper mutually exclusive group. FM and FM translator applicants should also include the "group number" that appears in Appendix D of the MO&O. Electronic filing of these forms is not available, and thus applicants will submit paper forms.

Applicants must file an original and three copies of all point supplements, section 307(b) information, engineering proposals to resolve mutual exclusivity, and/or settlement agreements on or before June 4, 2001 with the Commission's Secretary, Magalie Roman Salas, Office of the Secretary, Federal Communications Commission, 445 Twelfth Street, SW., Room TW-A325, Washington, DC 20554. In addition, radio applicants can deliver a courtesy copy to James Crutchfield, Audio Services Division, Room 2-B450. Applicants with multiple pending proposals must file separate submissions for each station, with each submission able to stand on its own. In the case of universal settlements, it is sufficient for applicants to file three copies for the settling group plus one additional copy for each settling station, rather than the usual three copies per station.

Example: In a settlement of a group with four members, the settling applicants may submit 7 (3 + 4) copies of their joint settlement, rather than 12 (3 × 4) copies.

Applicants will submit documentation of their point claims to the Commission and to a locally available public file. An applicant satisfies its certification that it has submitted documentation to the Commission by attaching that documentation to its supplement or by concurrently submitting the documentation to the Commission's

reference room for inclusion in the application file.

Federal Communications Commission.
