

III. Discussion and Commission Findings

Section 19(b)(2)(C) of the Act⁴ directs the Commission to approve a proposed rule change of a self-regulatory organization if the Commission finds that such proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to such self-regulatory organization. Section 17A(b)(3)(F) of the Act⁵ requires, among other things, that the rules of a clearing agency are designed to promote the prompt and accurate clearance and settlement of securities transactions and, to the extent applicable, derivative agreements, contracts, and transactions, to assure the safeguarding of securities and funds which are in the custody or control of the clearing agency or for which it is responsible and, in general, to protect investors and the public interest.

The Commission finds that ICC's proposed revisions to its End-of-Day Price Discovery Policies and Procedures is consistent with the requirements of Section 17A of the Act⁶ and regulations thereunder applicable to it, including the standards under Rule 17Ad-22.⁷ The proposed rule change is designed to enhance ICC's price discovery process by including all price submissions (including those classified as obvious errors) in the process of determining Firm Trades, thereby reducing price submissions that may be classified as obvious errors. In addition, the proposed rule change would adjust the trading prices of Firm Trades that include a bid or offer classified as an obvious error to fall within a predefined range on either side of the EOD price, thereby limiting CPs' potential P/L exposure to obvious errors from the risk management perspective, while holding them accountable for their price submissions. Finally, the proposed rule change would assist CPs in unwinding Firm Trades in certain index products by generating reversing trades at the EOD level based on liquidity. The Commission believes that the proposal is therefore designed to promote the prompt and accurate clearance and settlement of securities transactions and derivative agreements, contracts and transactions cleared by ICC, consistent with Section 17A(b)(3)(F) of the Act.⁸

IV. Conclusion

On the basis of the foregoing, the Commission finds that the proposal is consistent with the requirements of the Act and in particular with the requirements of Section 17A of the Act⁹ and the rules and regulations thereunder.

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,¹⁰ that the proposed rule change (SR-ICC-2015-001) be, and hereby is, approved.¹¹

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹²

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-74455; File No. SR-NYSEMKT-2015-14]

Self-Regulatory Organizations; NYSE MKT LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Extend the Pilot Period for the Exchange's Retail Liquidity Program, Which Is Currently Scheduled To Expire on March 31, 2015, Until September 30, 2015

March 6, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 27, 2015, NYSE MKT LLC (the "Exchange" or "NYSE MKT") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot period for the Exchange's Retail Liquidity Program (the "Retail Liquidity Program" or the "Program"), which is

currently scheduled to expire on March 31, 2015, until September 30, 2015. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this filing is to extend the pilot period of the Retail Liquidity Program,³ currently scheduled to expire on March 31, 2015, until September 30, 2015.

Background

In July 2012, the Commission approved the Retail Liquidity Program on a pilot basis.⁴ The Program is designed to attract retail order flow to the Exchange, and allows such order flow to receive potential price improvement. The Program is currently limited to trades occurring at prices equal to or greater than \$1.00 per share. Under the Program, Retail Liquidity Providers ("RLPs") are able to provide potential price improvement in the form of a non-displayed order that is priced better than the Exchange's best protected bid or offer ("PBBO"), called a Retail Price Improvement Order ("RPI"). When there is an RPI in a particular security, the Exchange disseminates an indicator, known as the Retail Liquidity Identifier, indicating that such interest exists. Retail Member Organizations ("RMOs") can submit a Retail Order to the Exchange, which would interact, to the extent possible, with available contra-side RPIs.

The Retail Liquidity Program was approved by the Commission on a pilot basis. Pursuant to NYSE MKT Rule 107C(m)—Equities, the pilot period for the Program is scheduled to end on March 31, 2015.

Proposal To Extend the Operation of the Program

The Exchange established the Retail Liquidity Program in an attempt to attract retail order flow to the Exchange by potentially providing price improvement to such order flow. The Exchange believes that the Program promotes competition for retail order flow by allowing Exchange members to submit RPIs to interact with Retail Orders. Such competition has the ability to promote efficiency by facilitating the price discovery process and generating additional investor interest in trading securities, thereby promoting capital formation. The Exchange believes that extending the pilot is appropriate because it will allow the Exchange and the Commission additional time to analyze data regarding the Program that the Exchange has committed to provide.⁵ As such, the Exchange believes that it is appropriate to extend the current operation of the Program.⁶ Through this filing, the Exchange seeks to amend NYSE MKT Rule 107C(m)—Equities and extend the current pilot period of the Program until September 30, 2015.

2. Statutory Basis

The proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5),⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. The Exchange believes that extending the pilot period for the Retail Liquidity Program is consistent with these principles because the Program is reasonably designed to attract retail order flow to the exchange environment, while helping to ensure that retail investors benefit from the better price that liquidity providers are

willing to give their orders. Additionally, as previously stated, the competition promoted by the Program may facilitate the price discovery process and potentially generate additional investor interest in trading securities. The extension of the pilot period will allow the Commission and the Exchange to continue to monitor the Program for its potential effects on public price discovery, and on the broader market structure.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change simply extends an established pilot program for an additional six months, thus allowing the Retail Liquidity Program to enhance competition for retail order flow and contribute to the public price discovery process.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act⁹ and Rule 19b-4(f)(6) thereunder.¹⁰ Because the proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative prior to 30 days from the date on which it was filed, or such shorter time as the Commission may designate, if consistent with the protection of investors and the public interest, the proposed rule change has become effective pursuant to Section 19(b)(3)(A) of the Act and Rule 19b-4(f)(6)(iii) thereunder.

A proposed rule change filed under Rule 19b-4(f)(6)¹¹ normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),¹² the Commission may designate a shorter time if such

action is consistent with the protection of investors and the public interest.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)¹³ of the Act to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include File Number SR-NYSEMKT-2015-14 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-NYSEMKT-2015-14. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such

[Release No. 34-74453; File No. SR-Phlx-2015-10]

Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rule 1082.02 and .03

March 6, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 23, 2015, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission (the "Commission") a proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 1082.02 and .03, as described below.

The text of the proposed rule change is below. Proposed new language is italicized. Proposed deletions are in brackets.

* * * * *

Rule 1082. Firm Quotations

(a)-(d) No change.

.01 No change.

.02 *Locked Markets.* In the event that an SQT, RSQT, and/or specialist's

electronically submitted quotations interact with the electronically submitted quotations of other SQTs, RSQTs and/or the specialist, resulting in the dissemination of a "locked" quotation (e.g., \$1.00 bid—1.00 offer), the [following shall occur:

(a) The Exchange will disseminate the locked market and both quotations will be deemed "firm" disseminated market quotations;

(b) A "counting period" not to exceed .25 of one second will begin during which SQTs, RSQTs and/or specialists whose quotations are locked may eliminate the locked market. Provided, however, that in accordance with subparagraph (a) above, such SQT, RSQT and/or specialist shall be obligated to execute orders at their disseminated quotation. The duration of the counting period will be established by the Exchange, will be the same for all options traded on the Exchange, and will not exceed .25 of one second. The duration of the counting period will be published in an Options Trader Alert, which will be available on the Exchange's Web site.

During the counting period SQTs and specialists located in the Crowd Area in which the option that is the subject of the locked market is traded will continue to be obligated to respond to Floor Brokers as set forth in Rule 1014, Commentary .05(c), and will continue to be obligated for one contract in open outcry to other SQTs, non-SQT ROTs, and specialists. If at the end of the counting period the quotations remain locked, the locked quotations will automatically execute against each other in accordance with the allocation algorithm set forth in Rule 1014(g)(vii).

[The quotation that is locked may be executed by an order during the counting period.]

.03 *Crossed Markets.* The Exchange will not disseminate an internally crossed market (e.g., \$1.10 bid, 1.00 offer). If an SQT, RSQT or specialist electronically submits a quotation [in a Streaming Quote Option] ("incoming quotation") that would cross an existing quotation ("existing quotation"), the Exchange will: (i) Change the incoming quotation such that it locks the existing quotation and automatically execute the locked quotations against each other in accordance with the allocation algorithm set forth in Rule 1014(g)(vii).

[(i) send a notice to the SQT, RSQT or specialist that submitted the existing quotation indicating that its quotation was crossed; and (iii) send a notice to the specialist, SQT or RSQT that submitted the incoming quotation, indicating that its quotation crossed the

existing quotation and was changed. Such a locked market shall be handled in accordance with Commentary .01 above. During the counting period, if the existing quotation is cancelled subsequent to the time the incoming quotation is changed, the incoming quotation will automatically be restored to its original terms.]

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposal is to amend two commentaries to Rule 1082 because the timers no longer operate. Rule 1082.02 currently addresses what occurs when a Streaming Quote Trader's ("SQT"), Remote SQT's ("RSQT"), and/or specialist's electronically submitted quotations interact with the electronically submitted quotations of other SQTs, RSQTs and/or the specialist. Under this provision, the Exchange disseminates the resulting locked market and both quotations are deemed "firm" disseminated market quotations. Furthermore, a counting period not to exceed .25 of one second may begin during which SQTs, RSQTs and/or specialists whose quotations are locked may eliminate the locked market, provided, however, that such SQT, RSQT and/or specialist shall nevertheless be obligated to execute orders at that price. The rule provides that the duration of the counting period is established by the Exchange, will be the same for all options traded on the Exchange and will not exceed .25 of one second.³ In March 2010, the Exchange reduced this counting period to zero, which is within the range contemplated by the rule (does not exceed .25 of one

³ The duration of the counting period is the same for all options traded on the Exchange and is published in an Options Trader Alert, which is available on the Exchange's Web site.
