Certain Biaxial Integral Geogrid Products From the People's Republic of China: Extension of Final Determination of Antidumping Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (“Department”) is extending the time limits for the final determination of the investigation of certain biaxial integral geogrid products (“geogrids”) from the People's Republic of China (“PRC”). The period of investigation (“POI”) is July 1, 2015, through December 31, 2015.

DATES: Effective December 16, 2016.

FOR FURTHER INFORMATION CONTACT: Susan Pulongbarit or Julia Hancock, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–4031 or (202) 482–1394, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published the notice of initiation of this investigation on February 16, 2016.¹ On June 24, 2016, the companion countervailing duty (“CVD”) investigation of geogrids from the PRC published a notice aligning the final CVD determination with the final determination of the antidumping duty (“AD”) investigation in accordance with section 705(a)(1) of the Tariff Act of 1930, as amended (the “Act”), and 19 CFR 351.210(b)(4).² On August 22, 2016,

the Department published the preliminary results of the AD investigation of geogrids from the PRC.³ In that notice, the Department partially extended the final determination, stating that the final determination would be issued no later than 120 days after the date of publication of the preliminary determination, pursuant to section 735(a)(2) of the Act. The final results are currently due no later than December 20, 2016.

Postponement of Final Determination and Extension of Provisional Measures

Section 735(a)(2) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of an affirmative preliminary determination, a request for such postponement is made by exporters who account for a significant proportion of exports of the subject merchandise, or in the event of a negative preliminary determination, a request for such postponement is made by Petitioners. 19 CFR 351.210(e)(2) requires that requests by respondents for postponement of a final antidumping determination be accompanied by a request for extension of provisional measures from a four-month period to a period not more than six months in duration.

On July 11, 2016, pursuant to 19 CFR 351.210(b) and (e), Taian Modern Plastic Co., Ltd. requested that, contingent upon an affirmative preliminary determination of sales at LTFV, the Department postpone the final determination and that provisional measures be extended to a period not to exceed six months.⁴

Because the final determination is not fully extended, and in accordance with section 735(a)(2)(A) of the Act and 19 CFR 351.210(b)(2)(ii), because (1) our preliminary determination is affirmative; (2) the requesting exporters account for a significant proportion of exports of the subject merchandise; and (3) no compelling reasons for denial exist, we are fully postponing the final determination and extending the

provisional measures. Accordingly, we will make our final determination no later than 135 days after the date of publication of the preliminary determination, pursuant to section 735(a)(2) of the Act.⁵ Therefore, the final results are now due no later than January 4, 2017.

We are issuing and publishing this notice in accordance with sections 733(f) of the Act.

Dated: December 12, 2016.

Assistant Secretary for Enforcement and Compliance.

Submission for OMB Review; Comment Request

The Department of Commerce will submit to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under the provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

Agency: National Oceanic and Atmospheric Administration (NOAA).

Title: Reporting Requirements for Sea Otter Interactions with the Pacific Sardine Fishery; Coastal Pelagic Species Fishery Management Plan.

OMB Control Number: 0648–0566.

Form Number(s): None.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 2.

Average Hours per Response: 15 minutes.

Burden Hours: 1.

Needs and Uses: This request is for extension of a currently approved information collection.

On May 30, 2007, the National Marine Fisheries Service (NMFS) published a Final Rule (72 FR 29891) implementing a requirement under the Coastal Pelagic Species Fishery Management Plan (CPS FMP) to report any interactions that may occur between a CPS vessel and/or fishing gear and sea otters.

Specifically, these reporting requirements are:

1. If a southern sea otter is entangled in a net, regardless of whether the animal is injured or killed, such an occurrence must be reported within 24 hours to the Regional Administrator, NMFS West Coast Region.

⁵ See also 19 CFR 351.210(e).

¹ See *Certain Biaxial Integral Geogrid Products From the People's Republic of China: Initiation of Less-Than-Fair-Value Investigation*, 81 FR 7755 (February 16, 2016).

² See *Countervailing Duty Investigation of Certain Biaxial Integral Geogrid Products From the People's*

2. While fishing for CPS, vessel operators must record all observations of otter interactions (defined as otters within encircled nets or coming into contact with nets or vessels, including but not limited to entanglement) with their purse seine net(s) or vessel(s). With the exception of an entanglement, which will be initially reported as described in #2 above, all other observations must be reported within 20 days to the Regional Administrator.

When contacting NMFS after an interaction, fishermen are required to provide information regarding the location, specifically latitude and longitude, of the interaction and a description of the interaction itself. Descriptive information of the interaction should include: Whether or not the otters were seen inside or outside the net; if inside the net, had the net been completely encircled; did contact occur with net or vessel; the number of otters present; duration of interaction; otter's behavior during interaction; and, measures taken to avoid interaction.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

Dated: December 12, 2016.

Proposed Information Collection; Comment Request; Atlantic Highly Migratory Species Release Reports

AGENCY: National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to

take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995.

DATES: Written comments must be submitted on or before February 14, 2017.

ADDRESSES: Direct all written comments to Jennifer Jessup, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6616, 14th and Constitution Avenue NW., Washington, DC 20230 (or via the Internet at JJessup@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Peter Cooper at (301) 427-8503 or Peter.Cooper@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for an extension of a currently approved information collection.

Under the Magnuson-Stevens Fishery Conservation and Management Act (MSFMCA, 16 U.S.C. 1801 *et seq.*) the National Marine Fisheries Service (NMFS) is to ensure that conservation and management measures promote, to the extent practicable, implementation of scientific research programs that include the tagging and releasing of Atlantic highly migratory species (HMS). The currently approved information collection allows the public to submit volunteered geographic and biological information relating to HMS releases in order to populate an interactive Web site mapping tool. This Web page attracts visitors who are interested in Atlantic HMS and contains information and links to promote HMS tagging programs that the general public can support or become involved with. All submissions are voluntary. Information is used to raise awareness for releasing Atlantic HMS and HMS tagging programs, and is not used as representative results.

II. Method of Collection

Respondents may submit information via electronic form, email, fax, or mail.

III. Data

OMB Control Number: 0648-0628.

Form Number: None.

Type of Review: Regular submission (extension of a current information collection).

Affected Public: Individuals or households; businesses or other for-profit organizations; not-for-profit institutions; Federal government; and State, Local, or Tribal government.

Estimated Number of Respondents: 13.

Estimated Time per Response: 5 minutes.

Estimated Total Annual Burden Hours: 1.05 (1).

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: December 12, 2016.
