

DEPARTMENT OF THE INTERIOR**Fish and Wildlife Service****50 CFR Part 10**

RIN 1018-AB72

General Provisions; Revised List of Migratory Birds**AGENCY:** Fish and Wildlife Service, Interior.**ACTION:** Proposed rule.

SUMMARY: We, the U.S. Fish and Wildlife Service, propose to revise the List of Migratory Birds by adding numerous species and removing numerous species. Reasons for the proposed changes to the list include correcting previous mistakes including misspellings, adding species based on new evidence of occurrence in the United States or U.S. territories, removing species no longer known to occur within the United States, and changing names based on new taxonomy. The net increase of 140 species (152 added and 12 removed) brings to 972 the total number of species protected by the Migratory Bird Treaty Act (MBTA). We regulate most aspects of the taking, possession, transportation, sale, purchase, barter, exportation, and importation of migratory birds. An accurate and up-to-date list of species protected by the MBTA is essential for regulatory purposes.

DATES: Submit comments on or before October 23, 2006.

ADDRESSES: Submit your comments on this proposal in one of the following ways:

(1) By postal mail to Chief, Division of Migratory Bird Management, U.S. Fish and Wildlife Service, 4401 North Fairfax Drive, Mail Stop 4107, Arlington, VA 22203.

(2) By hand-delivery to U.S. Fish and Wildlife Service, Division of Migratory Bird Management, 4501 North Fairfax Drive, Room 4000, Arlington, VA 22203. You can also examine materials available for public inspection at this address;

SUPPLEMENTARY INFORMATION:**What Statutory Authority Does the Service Have for This Rulemaking?**

We have statutory authority and responsibility for enforcing the Migratory Bird Treaty Act (MBTA) (16 U.S.C. 703-711), the Fish and Wildlife Improvement Act of 1978 (16 U.S.C.

712), and the Fish and Wildlife Act of 1956 (16 U.S.C. 742a-j). The MBTA implements treaties between the United States and four neighboring countries for the protection of migratory birds, as follows:

(1) *Canada:* Convention for the Protection of Migratory Birds, August 16, 1916, United States-Great Britain (on behalf of Canada), 39 Stat. 1702, T.S. No. 628;

(2) *Mexico:* Convention for the Protection of Migratory Birds and Game Mammals, February 7, 1936, United States-United Mexican States (=Mexico), 50 Stat. 1311, T.S. No. 912;

(3) *Japan:* Convention for the Protection of Migratory Birds and Birds in Danger of Extinction, and Their Environment, March 4, 1972, United States-Japan, 25 U.S.T. 3329, T.I.A.S. No. 7990; and

(4) *Russia:* Convention for the Conservation of Migratory Birds and Their Environment, United States-Union of Soviet Socialist Republics (=Russia), November 26, 1976, 92 Stat. 3110, T.I.A.S. 9073.

What Is the Purpose of This Rulemaking?

Our purpose is to inform the public of the species protected by regulations implementing the MBTA. These regulations are found in Title 50, Code of Federal Regulations (CFR), Parts 10, 20, and 21. We regulate most aspects of the taking, possession, transportation, sale, purchase, barter, exportation, and importation of migratory birds. An accurate and up-to-date list of species protected by the MBTA is essential for regulatory purposes.

Why Is This Amendment to the List of Migratory Birds Necessary?

The proposed amendment is needed to: (1) Add 2 species covered by the Japanese and Russian treaties that were mistakenly omitted from previous lists; (2) add 26 species of accidental or casual occurrence documented prior to April 1985, but not included in prior lists; (3) add 60 species based on new distributional records documenting their occurrence in the United States since April 1985; (4) add 27 species that occur naturally in the United States only in the Pacific island territories of American Samoa, Baker and Howland Islands, Guam, or the Northern Mariana Islands; (5) add 37 species newly recognized as a result of taxonomic changes; (6) remove 11 species not known to occur within the boundaries of the United States; (7) remove 1 species that is now treated as a subspecies; (8) change the common (English) names of 47 species to

conform with accepted usage; (9) change the scientific names of 64 species to conform with accepted usage; (10) change the common and scientific names of 7 species to conform with accepted usage; (11) change the scientific names of 4 species in the alphabetical list to conform with accepted usage and to correct inconsistencies between the alphabetical and taxonomic lists; (12) correct errors in the common (English) name of 2 species; (13) correct errors in the scientific names of 3 species in the taxonomic list; and (14) change the status of 1 taxon from protected subspecies to non-protected species (due to lack of natural occurrence in the United States or its territories). In accordance with the Migratory Bird Treaty Reform Act of 2004 (Pub. L. 108-447) (MBTRA), we also reaffirm our determination of March 15, 2005 (70 FR 12710), that the mute swan (*Cygnus olor*), which was never formally listed in 50 CFR 10.13 but was treated as protected by the MBTA since December 28, 2001, as the result of a court order (*Hill v. Norton*, 275 F.3d 98 (D.C. Cir. 2001)), is no longer afforded protection because it is nonnative and human-introduced. See *Fund for Animals v. Norton*, 374 F. Supp. 2d 91 (D.D.C. 2005) (denying injunction because of the clear language of the MBTRA), appeal pending.

The List of Migratory Birds (50 CFR 10.13) was last revised on April 5, 1985 (50 FR 13710). In a proposed rule published May 9, 1995 (60 FR 24686), we suggested updating the List of Migratory Birds by adding 20 species, removing 1 species, and revising the common (English) or scientific names of 23 previously listed species to conform to the most recent nomenclature. The proposed amendments were necessitated by five published supplements to the 6th (1983) edition of the American Ornithologists' Union's (AOU's) *Check-list of North American birds*. Knowing that additional amendments would be necessary following the anticipated publication of a 7th edition of the Check-list, we elected to delay publication of a final rule until after the appearance of the revised Check-list. The 1995 proposed rule generated just two public comments, from the American Ornithologists' Union and the Association of Scientific Collections. The comments of those organizations, mostly editorial in nature, are reflected in this document, as appropriate.

Following publication of the 7th edition of the Check-list in July 1998, administrative workloads and staff shortages prevented work on a final rule

until September 2000. A followup proposed rule was deemed necessary because of the 5-year delay since publication of the initial proposed rule, and the many new changes necessitated by the 7th edition of the Check-list. In a second proposed rule published October 12, 2001 (66 FR 52282), we suggested adding 30 species, removing 1 species, and revising the common (English) or scientific names of 78 previously listed species to conform to accepted usage.

Of the 116 letters received on the proposed rule of October 12, 2001, 109 dealt solely with the presumed protective status of the mute swan (*Cygnus olor*) under the MBTA. Of the remaining seven letters, three provided comments of a general nature (including recommendations for adding or deleting certain species); two expressed general support without offering specific comments; one questioned the legality of extending MBTA protection to species that do not cross State or international boundaries; and one expressed concern about the harvest of MBTA-protected shorebirds in the Caribbean. These comments remain part of the public record and will be incorporated, as appropriate, into the final rule.

Because of the delay since publication of the 2001 proposed rule, plus the many new changes necessitated by six published supplements (AOU 2000, 2002, 2003, 2004, 2005, 2006) to the 7th edition of the Check-list, we are issuing another proposed rule. This will enhance efficiency by allowing the public to review and comment on all of the desired changes that have come to light since publication of the 1995 and 2001 proposed rules.

What Scientific Authorities Are Used To Amend the List of Migratory Birds?

Although bird names (common and scientific) are relatively stable, staying current with standardized usage is necessary to avoid confusion in communications. We here follow the 7th edition of the American Ornithologists' Union's *Check-list of North American birds* (AOU 1998), as amended (AOU 1999, 2000, 2002, 2003, 2004, 2005, and 2006), on matters of taxonomy, nomenclature, and the sequence of species and other higher taxonomic categories (orders, families, subfamilies). For the few species that occur outside the geographic area covered by the Check-list, we follow Monroe and Sibley (1993).

What Criteria Are Used To Identify Individual Species Protected by the MBTA?

A species qualifies for protection under the MBTA by meeting one or more of the following four criteria:

(1) It (a) Belongs to a family or group of species named in the Canadian convention of 1916, as amended in 1996; (b) specimens, photographs, videotape recordings, or audiotape recordings provide convincing evidence of natural occurrence in the United States or its territories; and (c) the documentation of such records has been recognized by the AOU or other competent scientific authorities.

(2) It (a) Belongs to a family or group of species named in the Mexican convention of 1936, as amended in 1972; (b) specimens, photographs, videotape recordings, or audiotape recordings provide convincing evidence of natural occurrence in the United States or its territories; and (c) the documentation of such records has been recognized by the AOU or other competent scientific authorities.

(3) It is a species listed in the annex to the Japanese convention of 1972, as amended.

(4) It is a species listed in the appendix to the Russian convention of 1976.

In accordance with the MBTA, we have not listed species whose occurrences in the United States are strictly the result of intentional human introduction(s).

How Do the Scientific Names Proposed Here Compare to Those That Appear in the Japanese and Russian Treaties?

The Japanese and Russian treaties list individual species of birds that are covered. For 37 of these species, the scientific (genus or species) name currently recognized by scientific authorities (AOU 1998, 1999; Monroe and Sibley 1993) differs from that which appears in the treaties. The following cross-reference provides a linkage between the scientific names used in this list and those that appear in the annex to the Japanese treaty and the appendix to the Russian treaty. The first name is the modern equivalent proposed here, and the second name is that which appears in one or both of the treaties. These changes modernize the regulatory list without revising either the Japanese or the Russian treaty (indicated by J and R, respectively):

Accipiter gularis (Japanese Sparrowhawk) is listed as *Accipiter virgatus* (J & R);
Actitis hypoleucos (Common Sandpiper) is listed as *Tringa hypoleucos* (J & R);

Aethia psittacula (Parakeet Auklet) is listed as *Cyclorhynchus psittacula* (R);

Anas americana (American Wigeon) is listed as *Mareca americana* (J);

Anas clypeata (Northern Shoveler) is listed as *Spatula clypeata* (J);

Anas penelope (Eurasian Wigeon) is listed as *Mareca penelope* (J);

Anous minutus (Black Noddy) is listed as *Anous tenuirostris* (J);

Anthus rubescens (American Pipit) is listed as *Anthus spinoletta* (J & R);

Branta bernicla (Brant) incorporates *Branta nigricans* (R);

Calidris alba (Sanderling) is listed as *Crocethia alba* (J);

Calidris subminuta (Long-toed Stint) is listed as part of *Calidris minutilla* (J);

Carduelis flammea (Common Redpoll) is listed as *Acanthis flammea* (J);

Carduelis hornemanni (Hoary Redpoll) is included as part of *Carduelis flammea* (J), and is listed as *Acanthis hornemanni* (R);

Charadrius morinellus (Eurasian Dotterel) is listed as *Eudromias morinellus* (J & R);

Chen caerulescens (Snow Goose) is listed as *Anser caerulescens* (J);

Chen canagica (Emperor Goose) is listed as *Anser canagicus* (J), and *Philacte canagica* (R);

Cygnus columbianus (Tundra Swan) incorporates *Cygnus bewickii* (R);

Egretta sacra (Pacific Reef-Egret) is listed as *Demigretta sacra* (J);

Ficedula narcissina (Narcissus Flycatcher) is listed as *Muscicapa narcissina* (J);

Fratercula cirrhata (Tufted Puffin) is listed as *Lunda cirrhata* (J & R);

Gallinago gallinago (Common Snipe) is listed as *Capella gallinago* (R);

Gallinago megala (Swinhoe's Snipe) is listed as *Capella megala* (R);

Gallinago stenura (Pin-tailed Snipe) is listed as *Capella stenura* (R);

Heteroscelus brevipes (Gray-tailed Tattler) is included as part of *Tringa incana* (J);

Heteroscelus incanus (Wandering Tattler) is listed as *Tringa incana* (J);

Luscinia calliope (Siberian Rubythroat) is listed as *Erithacus calliope* (J);

Melanitta fusca (White-winged Scoter) incorporates *Melanitta deglandi* (J);

Mergellus albellus (Smew) is listed as *Mergus albellus* (J & R);

Milvus migrans (Black Kite) is listed as *Milvus korschun* (R);

Numenius borealis (Eskimo Curlew) is included as part of *Numenius minutus* (J);

Phalaropus lobatus (Red-necked Phalarope) is listed as *Lobipes lobatus* (R);

Phoebastria albatrus (Short-tailed Albatross) is listed as *Diomedea albatrus* (J & R);

Phoebastria immutabilis (Laysan Albatross) is listed as *Diomedea immutabilis* (J & R);
Phoebastria nigripes (Black-footed Albatross) is listed as *Diomedea nigripes* (J & R);
Pterodroma hypoleuca (Bonin Petrel) is listed as *Pterodroma leucoptera* (R);
Tachycineta bicolor (Tree Swallow) is listed as *Iridoprocne bicolor* (R); and
Turdus obscurus (Eyebrowed Thrush) is listed as *Turdus pallidus* (R).

How Do the Proposed Changes Affect the List of Migratory Birds?

The proposed amendments (152 additions, 12 removals, 118 name changes, and 9 corrections) will affect a grand total of 290 species and result in a net addition of 140 species to the List of Migratory Birds, increasing the species total from 832 to 972. Of the 140 species that we propose adding to the list, 37 were previously covered under the MBTA as subspecies of listed species. These amendments can be logically arranged in the following 14 categories:

(1) Add two species that are included in the Appendix of the Russian treaty and in the Annex to the Japanese treaty, respectively; the omission of these species in previous lists was an oversight. These species also qualify for protection under the Canadian and Mexican treaties as members of the families Anatidae and Laridae, respectively:

Duck, Spot-billed, *Anas poecilorhyncha*; and

Gull, Black-tailed, *Larus crassirostris*.

(2) Add 26 species based on review and acceptance by AOU (prior to April 1985) of distributional records documenting their occurrence in the United States, Puerto Rico, or the U.S. Virgin Islands. These species belong to families covered by the Canadian and Mexican treaties. They were excluded from the 1985 list because their occurrence was viewed as accidental or casual, a criterion no longer viewed as consistent with the MBTA or its underlying treaties. A species of accidental or casual occurrence is one whose normal range is far enough removed from the United States as to make regular occurrence unlikely or improbable (AOU 1983). For each species, we list the State(s) in which it has been recorded plus the relevant AOU publication(s):

Albatross, Shy, *Thalassarche cauta*—Washington (AOU 1982, 1983, 1997, 1998);

Albatross, Wandering, *Diomedea exulans*—California (AOU 1982, 1983, 1998);

Bunting, Blue, *Cyanocompsa parellina*—Louisiana, Texas (AOU 1982, 1983, 1998);

Bunting, Gray, *Emberiza variabilis*—Alaska (AOU 1982, 1983, 1998);

Bunting, Little, *Emberiza pusilla*—Alaska (AOU 1982, 1983, 1998);

Chaffinch, Common, *Fringilla coelebs*—Maine to Massachusetts (AOU 1982, 1983, 1998);

Crake, Paint-billed, *Neocrex erythrops*—Louisiana, Texas (AOU 1982, 1983, 1998);

Curler, Eurasian, *Numenius arquata*—Massachusetts, New York (AOU 1982, 1983, 1998);

Flycatcher, La Sagra's, *Myiarchus sagrae*—Alabama, Florida (AOU 1982, 1983, 1998);

Flycatcher, Variegated, *Empidonomus varius*—Maine, Tennessee (AOU 1982, 1983, 1998);

Gull, Belcher's, *Larus belcheri*—Florida (AOU 1982, 1983, 1998, 2003);

Hawk, Roadside, *Buteo magnirostris*—Texas (AOU 1982, 1983, 1998);

Hummingbird, Bumblebee, *Atthis heloisa*—Arizona (AOU 1982, 1983, 1998);

Martin, Southern, *Progne elegans*—Florida (AOU 1982, 1983, 1998);

Mockingbird, Bahama, *Mimus gundlachii*—Florida (AOU 1982, 1983, 1998);

Petrel, Black-winged, *Pterodroma nigripennis*—Hawaii (AOU 1982, 1983, 1998);

Petrel, Jouanin's, *Bulweria fallax*—Hawaii (AOU 1982, 1983, 1998);

Pewee, Hispaniolan, *Contopus hispaniolensis*—Puerto Rico (AOU 1983, 1995, 1998);

Pipit, Tree, *Anthus trivialis*—Alaska (AOU 1982, 1983, 1995);

Rail, Spotted, *Pardirallus maculatus*—Pennsylvania, Texas (AOU 1982, 1983, 1998);

Scops-Owl, Oriental, *Otus sunia*—Alaska (AOU 1982, 1983, 1998);

Shearwater, Streaked, *Calonectris leucomelas*—California (AOU 1982, 1983, 1998);

Shrike, Brown, *Lanius cristatus*—Alaska (AOU 1982, 1983, 1998);

Swift, Short-tailed, *Chaetura brachyura*—U.S. Virgin Islands (AOU 1983, 1998);

Vireo, Thick-billed, *Vireo crassirostris*—Florida (AOU 1983, 1998); and

Warbler, Fan-tailed, *Euthlypis lachrymosa*—Arizona (AOU 1982, 1983, 1998).

(3) Add 60 species based on review and acceptance by AOU (since April 1985) of new distributional records documenting their occurrence in the United States, Puerto Rico, or the U.S. Virgin Islands. These species belong to

families covered by the Canadian and Mexican treaties and most are considered to be of accidental or casual occurrence. For each species, we list the State(s) in which it has been recorded plus the relevant AOU publication(s):
 Albatross, Black-browed, *Thalassarche melanophris*—Virginia (AOU 2002);
 Albatross, Light-mantled, *Phoebastria palpebrata*—California (AOU 1997, 1998);
 Bluetail, Red-flanked, *Tarsiger cyanurus*—Alaska (AOU 1995, 1998);
 Bunting, Pine, *Emberiza leucocephalos*—Alaska (AOU 1995, 1998);
 Bunting, Yellow-breasted, *Emberiza aureola*—Alaska (AOU 1989, 1998);
 Bunting, Yellow-throated, *Emberiza elegans*—Alaska (AOU 2000);
 Carib, Purple-throated, *Eulampis jugularis*—U.S. Virgin Islands (AOU 1998);
 Catbird, Black, *Melanoptila glabrirostris*—Texas (AOU 1998);
 Duck, Muscovy, *Cairina moschata*—Texas (AOU 1998);
 Egret, Little, *Egretta garzetta*—Massachusetts, New Hampshire, Puerto Rico, Virginia (AOU 1998);
 Elaenia, Greenish, *Myiopagis viridicata*—Texas (AOU 1989, 1998);
 Flycatcher, Piratic, *Legatus leucophalus*—Florida, New Mexico, Texas (AOU 2002);
 Flycatcher, Social, *Myiozetetes similis*—Texas (AOU 2006);
 Flycatcher, Tufted, *Mitrephanes phaeocercus*—Texas (AOU 1998);
 Forest-Falcon, Collared, *Micrastur semitorquatus*—Texas (AOU 1998);
 Frog-Hawk, Gray, *Accipiter soloensis*—Hawaii (AOU 1997, 1998);
 Gallinule, Azure, *Porphyrio flavirostris*—New York (AOU 1991, 1998, 2002);
 Goose, Lesser White-fronted, *Anser erythropus*—Alaska (AOU 1995, 1998);
 Gull, Gray-hooded, *Larus cirrocephalus*—Florida (AOU 2002);
 Gull, Kelp, *Larus dominicanus*—Louisiana, Maryland (AOU 2002);
 Gull, Yellow-legged, *Larus cachinnans*—Maryland (AOU 1993, 1998);
 Hawk, Crane, *Geranospiza caerulescens*—Texas (AOU 1998);
 Hobby, Eurasian, *Falco subbuteo*—Alaska (AOU 1985, 1995, 1998);
 Hummingbird, Cinnamon, *Amazilia rutila*—Arizona, New Mexico (AOU 1998);
 Hummingbird, Xantus's, *Hylocharis xantusii*—California (AOU 1998);
 Mango, Green-breasted, *Anthracothonax prevostii*—Texas (AOU 1998);
 Martin, Brown-chested, *Progne tapera*—Massachusetts (AOU 1985, 1995, 1998);

Mockingbird, Blue, *Melanotis caerulescens*—Arizona, Texas (AOU 1998);

Murrelet, Long-billed, *Brachyramphus perdix*—10 States (AOU 1997, 1998);

Nightingale-Thrush, Black-headed, *Catharus mexicanus*—Texas (AOU 2006);

Nightingale-Thrush, Orange-billed, *Catharus aurantirostris*—Texas (AOU 2002);

Owl, Mottled, *Ciccaba virgata*—Texas (AOU 1989, 1998);

Owl, Stygian, *Asio stygius*—Texas (AOU 2002);

Petrel, Bermuda, *Pterodroma cahow*—North Carolina (AOU 1998);

Petrel, Great-winged, *Pterodroma macroptera*—California (AOU 2004);

Petrel, Stejneger's, *Pterodroma longirostris*—California, Hawaii (AOU 1989, 1998);

Pewee, Cuban, *Contopus caribeus*—Florida (AOU 2004);

Plover, Collared, *Charadrius collaris*—Texas (AOU 1998);

Pond-Heron, Chinese, *Ardeola bacchus*—Alaska (AOU 2000);

Reef-Heron, Western, *Egretta gularis*—Massachusetts (AOU 1985, 1998);

Robin, Siberian Blue, *Luscinia cyane*—Alaska (AOU 1987, 1998);

Robin, White-throated, *Turdus assimilis*—Texas (AOU 1998);

Sandpiper, Green, *Tringa ochropus*—Alaska (AOU 1985, 1998);

Shearwater, Cape Verde, *Calonectris edwardsii*—North Carolina (AOU 2006);

Silky-flycatcher, Gray, *Ptilononyx cinereus*—Texas (AOU 1998);

Siskin, Eurasian, *Carduelis spinus*—Alaska (AOU 1995, 1998);

Stilt, Black-winged, *Himantopus himantopus*—Alaska (AOU 1985, 1998);

Stonechat, *Saxicola torquatus*—Alaska (AOU 1987, 1998, 2004);

Storm-Petrel, Black-bellied *Fregetta tropica*—North Carolina (AOU 2006);

Swallow, Mangrove, *Tachycineta albilinea*—Florida (AOU 2005);

Swift, Alpine, *Apus melba*—Puerto Rico (AOU 1998);

Tanager, Flame-colored, *Piranga bidentata*—Arizona, Texas (AOU 1987, 1998);

Tern, Great Crested, *Thalasseus bergii*—Hawaii (AOU 1991, 1998, 2006);

Tern, Whiskered, *Chlidonias hybrida*—Delaware, New Jersey (AOU 1997, 1998, 2003);

Tityra, Masked, *Tityra semifasciata*—Texas (AOU 1998);

Turtle-Dove, Oriental, *Streptopelia orientalis*—Alaska (AOU 1991, 1998);

Vireo, Yucatan, *Vireo magister*—Texas (AOU 1987, 1998);

Wagtail, Citrine, *Motacilla citreola*—Alabama (AOU 1995, 1998);

Warbler, Crescent-chested, *Parula superciliosa*—Arizona (AOU 1987, 1998); and

Woodpecker, Great Spotted, *Dendrocopos major*—Alaska (AOU 1987, 1998).

(4) Add 27 species that belong to families covered by the Canadian and Mexican treaties, but occur naturally in the United States only in the Pacific island territories of American Samoa, Baker and Howland Islands, Guam, or the Northern Mariana Islands (Pratt *et al.* 1987). We also list the territory or territories in which each species is known to occur:

Bittern, Black, *Ixobrychus flavicollis* (Guam);

Cormorant, Little Pied, *Phalacrocorax melanoleucos* (Northern Marianas);

Crake, Spotless, *Porzana tabuensis* (American Samoa);

Crow, Mariana, *Corvus kubaryi* (Guam, Northern Marianas);

Duck, Pacific Black, *Anas superciliosa* (American Samoa);

Fruit-Dove, Crimson-crowned, *Ptilinopus porphyraceus* (American Samoa);

Fruit-Dove, Many-colored, *Ptilinopus perousii* (American Samoa);

Fruit-Dove, Mariana, *Ptilinopus roseicapilla* (Guam, Northern Marianas);

Greenshank, Nordmann's, *Tringa guttifer* (Guam);

Ground-Dove, Friendly, *Gallicolumba stairi* (American Samoa);

Ground-Dove, White-throated, *Gallicolumba xanthonura* (American Samoa);

Heron, Gray, *Ardea cinerea* (Northern Marianas);

Imperial-Pigeon, Pacific, *Ducula pacifica* (American Samoa);

Kingfisher, Collared, *Todirhamphus chloris* (American Samoa, Northern Marianas);

Kingfisher, Micronesian, *Todirhamphus cinnamominus* (Guam);

Oystercatcher, Eurasian, *Haematopus ostralegus* (Guam);

Petrel, Gould's, *Pterodroma leucoptera* (American Samoa);

Petrel, Phoenix, *Pterodroma alba* (Baker and Howland Islands);

Petrel, Tahiti, *Pterodroma rostrata* (American Samoa);

Rail, Buff-banded, *Gallirallus philippensis* (American Samoa);

Rail, Guam, *Gallirallus owstoni* (Guam);

Storm-Petrel, Matsudaira's, *Oceanodroma matsudairae* (Guam, Northern Marianas);

Storm-Petrel, Polynesian, *Nesofregata fuliginosa* (American Samoa);

Storm-Petrel, White-bellied, *Fregetta grallaria* (American Samoa);

Swamphen, Purple, *Porphyrio porphyrio* (American Samoa);

Swiftlet, Mariana, *Aerodramus bartschi* (Guam, Northern Marianas); and

Swiftlet, White-rumped, *Aerodramus spodiopygius* (American Samoa).

(5) Add 37 species because of recent taxonomic changes in which taxa formerly treated as subspecies have been determined to be distinct species. Given that each of these species was formerly treated as subspecies of a listed species, these additions will not change the protective status of any of these taxa, only the names by which they are known. In each case, we reference the AOU publication(s) supporting the change:

Coot, Hawaiian, *Fulica alai* (formerly treated as subspecies of *Fulica americana*, American Coot) [AOU 1993, 1998];

Flicker, Gilded, *Colaptes chrysoides* (formerly treated as subspecies of *Colaptes auratus*, Northern Flicker) [AOU 1995, 1998];

Flycatcher, Cordilleran, *Empidonax occidentalis* (formerly treated as subspecies of *Empidonax difficilis*, Western [=Pacific-slope] Flycatcher) [AOU 1989, 1998];

Gnatcatcher, California, *Poliophtila californica* (formerly treated as subspecies of *Poliophtila melanura*, Black-tailed Gnatcatcher) [AOU 1989, 1998];

Golden-Plover, Pacific, *Pluvialis fulva* (formerly treated as subspecies of *Pluvialis dominica*, Lesser [=American] Golden-Plover) [AOU 1993, 1998];

Goose, Cackling, *Branta hutchinsii* (formerly treated as subspecies of *Branta canadensis*, Canada Goose) [AOU 2004];

Grebe, Clark's, *Aechmophorus clarkii* (formerly treated as subspecies of *Aechmophorus occidentalis*, Western Grebe) [AOU 1985, 1998];

Heron, Green, *Butorides virescens* (formerly treated as subspecies of *Butorides striatus*, Green-backed [=Striated] Heron) [AOU 1993, 1998];

Kamoa, *Myadestes myadestinus* (formerly treated as subspecies of *Phaenoria obscurus*, Hawaiian Thrush [=Omao]) [AOU 1985, 1998];

- Spindalis, Puerto Rican, *Spindalis portoricensis* (formerly treated as subspecies of *Spindalis zena*, Stripe-headed [=Western] Tanager [=Spindalis]) [AOU 2000];
- Thrush, Bicknell's, *Catharus bicknelli* (formerly treated as subspecies of *Catharus minimus*, Gray-cheeked Thrush) [AOU 1995, 1998];
- Titmouse, Black-crested, *Baeolophus atricristatus* (formerly treated as subspecies of *Parus* [=Baeolophus] bicolor, Tufted Titmouse) [AOU 2002];
- Titmouse, Juniper, *Baeolophus ridgwayi* (formerly treated as subspecies of *Parus Baeolophus*) inornatus, Plain [=Oak] Titmouse) [AOU 1997, 1998];
- Towhee, California, *Pipilo crissalis* (formerly treated as subspecies of *Pipilo fuscus*, Brown Towhee) [AOU 1989, 1998];
- Towhee, Spotted, *Pipilo maculatus* (formerly treated as subspecies of *Pipilo erythrophthalmus*, Rufous-sided [=Eastern] Towhee) [AOU 1995, 1998];
- Vireo, Cassin's, *Vireo cassinii* (formerly treated as subspecies of *Vireo solitarius*, Solitary [=Blue-headed] Vireo) [AOU 1997, 1998];
- Vireo, Plumbeous, *Vireo plumbeus* (formerly treated as subspecies of *Vireo solitarius*, Solitary [=Blue-headed] Vireo) [AOU 1997, 1998];
- Vireo, Yellow-green, *Vireo flavoviridis* (formerly treated as subspecies of *Vireo olivaceus*, Red-eyed Vireo) [AOU 1987, 1998];
- Wagtail, Eastern Yellow, *Motacilla tschutschensis* (formerly treated as subspecies of *Motacilla flava*, Yellow Wagtail) [AOU 2004];
- Woodpecker, American Three-toed, *Picoides dorsalis* (formerly treated as subspecies of *Picoides tridactylus*, Three-toed [=Eurasian Three-toed] Woodpecker) [AOU 2003]; and
- Woodpecker, Arizona, *Picoides arizonae* (formerly treated as subspecies of *Picoides stricklandi*, Strickland's Woodpecker) [AOU 2000].
- (6) Remove 11 species based on revised taxonomic treatments and new distributional evidence confirming that their known geographic ranges lie entirely outside the political boundaries of the United States and its territories. In each case, we reference the AOU publication(s) supporting these changes:
- Finch, Rosy, *Leucosticte arctoa* (AOU 1993, 1998);
- Heron, Green-backed (=Striated), *Butorides striatus* (AOU 1993, 1998);
- Kingbird, Loggerhead, *Tyrannus caudifasciatus* (AOU 2002);
- Kite, Black-shouldered, *Elanus caeruleus* (AOU 1983, 1993, 1998);
- Magpie, Black-billed (=Eurasian), *Pica pica* (AOU 2000);
- Noddy, Lesser, *Anous tenuirostris* (AOU 1998; treated as conspecific with Black Noddy, *Anous minutus*);
- Petrel, Dark-rumped (=Galapagos), *Pterodroma phaeopygia* (AOU 2002);
- Pipit, Water, *Anthus spinoletta* (AOU 1983, 1989, 1998);
- Wagtail, Yellow, *Motacilla flava* (AOU 2004);
- Woodpecker, Strickland's, *Picoides stricklandi* (AOU 2000); and
- Woodpecker, Three-toed (=Eurasian Three-toed), *Picoides tridactylus* (AOU 2003).
- (7) Remove one former species that is now treated as a subspecies:
- Wagtail, Black-backed, *Motacilla lugens* (*lugens* will remain protected as a subspecies of *Motacilla alba*, White Wagtail) [AOU 2005].
- (8) Revise the common (English) names of 47 species to conform to the most recent nomenclatural treatment. These revisions will not change the protective status of any of these taxa, only the names by which they are known. In each case, we reference the published source(s) for the name change:
- Barn-Owl, Common, *Tyto alba*, will be changed to Owl, Barn (AOU 1989, 1998);
- Bittern, Chinese, *Ixobrychus sinensis*, will be changed to Bittern, Yellow (AOU 1991, 1998);
- Crow, Mexican, *Corvus imparatus*, will be changed to Crow, Tamaulipas (AOU 1997, 1998);
- Curlew, Least, *Numenius minutus*, will be changed to Curlew, Little (AOU 1987, 1998);
- Flycatcher, Gray-spotted, *Muscicapa griseisticta*, will be changed to Flycatcher, Gray-streaked (AOU 2004);
- Flycatcher, Western, *Empidonax difficilis*, will be changed to Flycatcher, Pacific-slope (AOU 1989, 1998);
- Golden-Plover, Lesser, *Pluvialis dominica*, will be changed to Golden-Plover, American (AOU 1993, 1998);
- Goose, Ross', *Chen rossii*, will be changed to Goose, Ross's (AOU 1998);
- Gull, Common Black-headed, *Larus ridibundus*, will be changed to Gull, Black-headed (AOU 1995, 1998);
- Gull, Ross', *Rhodostethia rosea*, will be changed to Gull, Ross's (AOU 1998);
- Hawk, Asiatic Sparrow, *Accipiter gularis*, will be changed to Sparrowhawk, Japanese (Monroe and Sibley 1993);
- Hawk, Harris', *Parabuteo unicinctus*, will be changed to Hawk, Harris's (AOU 1998);
- Hawk-Owl, Northern, *Surnia ulula*, will be changed to Owl, Northern Hawk (AOU 1989, 1998);
- Heron, Pacific Reef, *Egretta sacra*, will be changed to Reef-Egret, Pacific (Monroe and Sibley 1993);
- Hoopoe, *Upupa epops*, will be changed to Hoopoe, Eurasian (AOU 1998);

- Jay, Gray-breasted, *Aphelocoma ultramarina*, will be changed to Jay, Mexican (AOU 1995, 1998);
- Jay, Scrub, *Aphelocoma coerulescens*, will be changed to Scrub-Jay, Florida (AOU 1995, 1998);
- Kite, American Swallow-tailed, *Elanoides forficatus*, will be changed to Kite, Swallow-tailed (AOU 1995, 1998);
- Murrelet, Xantus', *Synthliboramphus hypoleucus*, will be changed to Murrelet, Xantus's (AOU 1998);
- Nightjar, Jungle, *Caprimulgus indicus*, will be changed to Nightjar, Gray (AOU 2004);
- Oldsquaw, *Clangula hyemalis*, will be changed to Duck, Long-tailed (AOU 2000);
- Oriole, Black-cowled, *Icterus dominicensis*, will be changed to Oriole, Greater Antillean (AOU 2000);
- Oriole, Northern, *Icterus galbula*, will be changed to Oriole, Baltimore (AOU 1995, 1998);
- Petrel, White-necked, *Pterodroma externa*, will be changed to Petrel, Juan Fernandez (AOU 1991, 1998);
- Plover, Great Sand, *Charadrius leschenaultii*, will be changed to Sand-Plover, Greater (AOU 2004);
- Plover, Mongolian, *Charadrius mongolus*, will be changed to Sand-Plover, Lesser (AOU 2004);
- Reed-Bunting, Common, *Emberiza schoeniclus*, will be changed to Bunting, Reed (AOU 1995, 1998);
- Reed-Bunting, Pallas', *Emberiza pallasi*, will be changed to Bunting, Pallas's (AOU 1995, 1998);
- Sandpiper, Spoonbill, *Eurynorhynchus pygmeus*, will be changed to Sandpiper, Spoon-billed (AOU 2004);
- Skylark, Eurasian, *Alauda arvensis*, will be changed to Lark, Sky (AOU 1995, 1998);
- Sparrow, Harris', *Zonotrichia querela*, will be changed to Sparrow, Harris's (AOU 1998);
- Sparrow, Sharp-tailed, *Ammodramus caudacutus*, will be changed to Sparrow, Saltmarsh Sharp-tailed (AOU 1995, 1998);
- Starling, Ashy, *Sturnus cineraceus*, will be changed to Starling, White-cheeked (Monroe and Sibley 1993);
- Starling, Violet-backed, *Sturnus philippensis*, will be changed to Starling, Chestnut-cheeked (Monroe and Sibley 1993);
- Stint, Rufous-necked, *Calidris ruficollis*, will be changed to Stint, Red-necked (AOU 1995);
- Storm-Petrel, Sooty, *Oceanodroma tristrami*, will be changed to Storm-Petrel, Tristram's (AOU 1989, 1998);
- Swift, Antillean Palm, *Tachornis phoenicobia*, will be changed to Palm-Swift, Antillean (AOU 1983, 1998);
- Tanager, Stripe-headed, *Spindalis zena*, will be changed to Spindalis, Western (AOU 2000);
- Teal, Falcated, *Anas falcata*, will be changed to Duck, Falcated (AOU 1997, 1998);
- Thrush, Eye-browed, *Turdus obscurus*, will be changed to Thrush, Eyebrowed (AOU 1989, 1998);
- Towhee, Brown, *Pipilo fuscus*, will be changed to Towhee, Canyon (AOU 1989, 1998);
- Towhee, Rufous-sided, *Pipilo erythrophthalmus*, will be changed to Towhee, Eastern (AOU 1995, 1998);
- Tree-Pipit, Olive, *Anthus hodgsoni*, will be changed to Pipit, Olive-backed (AOU 1995, 1998);
- Trogon, Eared, *Euptilotis neoxenus*, will be changed to Quetzal, Eared (AOU 2002);
- Vireo, Solitary, *Vireo solitarius*, will be changed to Vireo, Blue-headed (AOU 1997, 1998);
- Warbler, Elfin Woods, *Dendroica angelae*, will be changed to Warbler, Elfin-woods (AOU 1998); and Woodpecker, Lewis', *Melanerpes lewis*, will be changed to Woodpecker, Lewis's (AOU 1998).
- (9) Revise the scientific names of 64 species to conform to the most recent nomenclature treatment. These revisions will not change the protective status of any of these taxa, only the names by which they are known. In each case, we reference the AOU publication(s) documenting the name change:
- Actitis macularia* (Spotted Sandpiper) will be changed to *Actitis macularius* (AOU 2004);
- Ajaia ajaja* (Roseate Spoonbill) will be changed to *Platalea ajaja* (AOU 2002);
- Amphispiza quinquestrata* (Five-striped Sparrow) will be changed to *Aimophila quinquestrata* (AOU 1997, 1998);
- Casmerodius albus* (Great Egret) will be changed to *Ardea alba* (AOU 1995, 1998);
- Catharacta maccormicki* (South Polar Skua) will be changed to *Stercorarius maccormicki* (AOU 2000);
- Catharacta skua* (Great Skua) will be changed to *Stercorarius skua* (AOU 2000);
- Catoptrophorus semipalmatus* (Willet) will be changed to *Tringa semipalmata* (AOU 2006);
- Ceryle torquata* (Ringed Kingfisher) will be changed to *Ceryle torquatus* (AOU 2004);
- Columba fasciata* (Band-tailed Pigeon) will be changed to *Patagioenas fasciata* (AOU 2003);
- Columba flavirostris* (Red-billed Pigeon) will be changed to *Patagioenas flavirostris* (AOU 2003);
- Columba inornata* (Plain Pigeon) will be changed to *Patagioenas inornata* (AOU 2003);
- Columba leucocephala* (White-crowned Pigeon) will be changed to *Patagioenas leucocephala* (AOU 2003);
- Columba squamosa* (Scaly-naped Pigeon) will be changed to *Patagioenas squamosa* (AOU 2003);
- Contopus borealis* (Olive-sided Flycatcher) will be changed to *Contopus cooperi* (AOU 1997, 1998);
- Cuculus saturatus* (Oriental Cuckoo) will be changed to *Cuculus optatus* (AOU 2006);
- Cyclorhynchus psittacula* (Parakeet Auklet) will be changed to *Aethia psittacula* (AOU 1997, 1998);
- Delichon urbica* (Common House-Martin) will be changed to *Delichon urbicum* (AOU 2004);
- Diomedea albatrus* (Short-tailed Albatross) will be changed to *Phoebastria albatrus* (AOU 1997, 1998);
- Diomedea chlororhynchus* (Yellow-nosed Albatross) will be changed to *Thalassarche chlororhynchus* (AOU 1997, 1998);
- Diomedea immutabilis* (Laysan Albatross) will be changed to *Phoebastria immutabilis* (AOU 1997, 1998);
- Diomedea nigripes* (Black-footed Albatross) will be changed to *Phoebastria nigripes* (AOU 1997, 1998);
- Guiraca caerulea* (Blue Grosbeak) will be changed to *Passerina caerulea* (AOU 2002);
- Heteroscelus brevipes* (Gray-tailed Tattler) will be changed to *Tringa brevipes* (AOU 2006);
- Heteroscelus incanus* (Wandering Tattler) will be changed to *Tringa incana* (AOU 2006);
- Helmitheros vermivora* (Worm-eating Warbler) will be changed to *Helmitheros vermivorus* (AOU 2004);
- Hirundo fulva* (Cave Swallow) will be changed to *Petrochelidon fulva* (AOU 1997, 1998);
- Hirundo pyrrhonota* (Cliff Swallow) will be changed to *Petrochelidon pyrrhonota* (AOU 1997, 1998);
- Muscicapa narcissina* (Narcissus Flycatcher) will be changed to *Ficedula narcissina* (AOU 1991, 1998);
- Nesochen sandvicensis* (Hawaiian Goose) will be changed to *Branta sandvicensis* (AOU 1993, 1998);
- Nyctea scandiaca* (Snowy Owl) will be changed to *Bubo scandiaca* (AOU 2003);
- Nycticorax goisagi* (Japanese Night-Heron) will be changed to *Gorsachius goisagi* (Monroe and Sibley 1993);

Nycticorax violaceus (Yellow-crowned Night-Heron) will be changed to *Nyctanassa violacea* (AOU 1998);

Otus asio (Eastern Screech-Owl) will be changed to *Megascops asio* (AOU 2003);

Otus kennicottii (Western Screech-Owl) will be changed to *Megascops kennicottii* (AOU 2003);

Otus nudipes (Puerto Rican Screech-Owl) will be changed to *Megascops nudipes* (AOU 2003);

Otus trichopsis (Whiskered Screech-Owl) will be changed to *Megascops trichopsis* (AOU 2003);

Oxyura dominica (Masked Duck) will be changed to *Nomonyx dominicus* (AOU 1997, 1998);

Parus atricapillus (Black-capped Chickadee) will be changed to *Poecile atricapillus* (AOU 1997, 1998, 2003);

Parus bicolor (Tufted Titmouse) will be changed to *Baeolophus bicolor* (AOU 1997, 1998);

Parus carolinensis (Carolina Chickadee) will be changed to *Poecile carolinensis* (AOU 1997, 1998);

Parus gambeli (Mountain Chickadee) will be changed to *Poecile gambeli* (AOU 1997, 1998);

Parus hudsonicus (Boreal Chickadee) will be changed to *Poecile hudsonica* (AOU 1997, 1998, 2000);

Parus rufescens (Chestnut-backed Chickadee) will be changed to *Poecile rufescens* (AOU 1997, 1998);

Parus sclateri (Mexican Chickadee) will be changed to *Poecile sclateri* (AOU 1997, 1998);

Parus wollweberi (Bridled Titmouse) will be changed to *Baeolophus wollweberi* (AOU 1997, 1998);

Phalaropus fulicaria (Red Phalarope) will be changed to *Phalaropus fulicarius* (AOU 2002);

Polyborus plancus (Crested Caracara) will be changed to *Caracara cheriway* (AOU 1993, 1998, 2000);

Porphyryla martinica (Purple Gallinule) will be changed to *Porphyrio martinica* (AOU 2002);

Saurothera vieillotii (Puerto Rican Lizard-Cuckoo) will be changed to *Coccyzus vielloti* (AOU 2006);

Seiurus aurocapillus (Ovenbird) will be changed to *Seiurus aurocapilla* (AOU 2003);

Sterna albifrons (Little Tern) will be changed to *Sternula albifrons* (AOU 2006);

Sterna aleutica (Aleutian Tern) will be changed to *Onychoprion aleuticus* (AOU 2006);

Sterna anaethetus (Bridled Tern) will be changed to *Onychoprion anaethetus* (AOU 2006);

Sterna antillarum (Least Tern) will be changed to *Sternula antillarum* (AOU 2006);

Sterna caspia (Caspian Tern) will be changed to *Hydroprogne caspia* (AOU 2006);

Sterna elegans (Elegant Tern) will be changed to *Thalasseus elegans* (AOU 2006);

Sterna fuscata (Sooty Tern) will be changed to *Onychoprion fuscatus* (AOU 2006);

Sterna lunata (Gray-backed Tern) will be changed to *Onychoprion lunatus* (AOU 2006);

Sterna maxima (Royal Tern) will be changed to *Thalasseus maximus* (AOU 2006);

Sterna nilotica (Gull-billed Tern) will be changed to *Gelochelidon nilotica* (AOU 2006);

Sterna sandvicensis (Sandwich Tern) will be changed to *Thalasseus sandvicensis* (AOU 2006);

Sula bassanus (Northern Gannet) will be changed to *Morus bassanus* (AOU 1989, 1998);

Tiaris olivacea (Yellow-faced Grassquit) will be changed to *Tiaris olivaceus* (AOU 2004); and

Toxostoma dorsale (Crissal Thrasher) will be changed to *Toxostoma crissale* (AOU 1984, 1985, 1998).

(10) Revise the common (English) and scientific names of seven species to conform with the most recent nomenclature treatment. These revisions will not change the protective status of any of these taxa, only the names by which they are known. In each case, we reference the publication(s) supporting the name change:

Cormorant, Olivaceous, *Phalacrocorax olivaceus*, will be changed to Cormorant, Neotropic, *Phalacrocorax brasilianus* (AOU 1991, 1998);

Egret, Plumed, *Egretta intermedia*, will be changed to Egret, Intermediate, *Mesophoyx intermedia* (Monroe and Sibley 1993);

Night-Heron, Malay, *Nycticorax melanolophus*, will be changed to Night-Heron, Malayan, *Gorsachius melanolophus* (Monroe and Sibley 1993);

Thrush, Hawaiian, *Phaeornis obscurus*, will be changed to Omao, *Myadestes obscurus* (AOU 1985, 1998);

Thrush, Small Kauai, *Phaeornis palmeri*, will be changed to Puaiohi, *Myadestes palmeri* (AOU 1985, 1998);

Tit, Siberian, *Parus cinctus*, will be changed to Chickadee, Gray-headed, *Poecile cincta* (AOU 1998, 2000); and

Titmouse, Plain, *Parus inornatus*, will be changed to Titmouse, Oak, *Baeolophus inornatus* (AOU 1997, 1998).

(11) Revise incorrect or invalid scientific names of four species in the

alphabetical list to reflect the most recent nomenclatural treatment and to correct inconsistencies between the alphabetical and taxonomic lists:

Kittiwake, Black-legged, *Larus tridactyla*, will be changed to *Rissa tridactyla* (AOU 1998);

Kittiwake, Red-legged, *Larus brevirostris*, will be changed to *Rissa brevirostris* (AOU 1998);

Skimmer, Black, *Rhynchops niger*, will be changed to *Rynchops niger* (AOU 1998); and

Thrush, Wood, *Hylocichla minima*, will be changed to *Hylocichla mustelina* (AOU 1998).

(12) Revise the common (English) name of two species in the alphabetical and taxonomic lists to correct misspellings:

Bittern, Schrenk's, *Ixobrychus eurhythmus*, will be changed to Bittern, Schrenck's (Monroe and Sibley 1993); and

Redstart, Slaty-throated, *Myioborus miniatus*, will be changed to Redstart, Slate-throated (AOU 1998).

(13) Revise the scientific names of three species in the taxonomic list to correct misspellings and inconsistencies between the alphabetical and taxonomic lists:

Sialis currucoides (Mountain Bluebird) will be changed to *Sialia currucoides* (AOU 1998);

Sialis mexicana (Western Bluebird) will be changed to *Sialia mexicana* (AOU 1998); and

Sialis sialis (Eastern Bluebird) will be changed to *Sialia sialis* (AOU 1998).

(14) Change the status of one taxon from protected subspecies to non-protected species (because there is no known natural occurrence of the newly recognized species in the United States or its territories). In accordance with the AOU (1998), the Barbary Falcon is currently treated as a subspecies (*pelegrinoides*) of the Peregrine Falcon (*Falco peregrinus*) in 50 CFR 10.13. We propose deferring to the taxonomic treatment of Monroe and Sibley (1993) in recognizing *F. peregrinus pelegrinoides* as a distinct species, *Falco pelegrinoides*, the Barbary Falcon. This change will bring our treatment of this taxon into conformity with that adopted by the Convention on International Trade in Endangered Species of Wild Flora and Fauna (CITES), thereby removing an inconsistency between the MBTA (50 CFR 10.13) and CITES (50 CFR 23.23) lists. This simple taxonomic change will not result in the addition or removal of any species from the list:

Falco peregrinus pelegrinoides, a subspecies of the Peregrine Falcon, will be changed to *Falco*

pelegrinoides, Barbary Falcon (Monroe and Sibley 1993). (The newly recognized Barbary Falcon is not subject to the MBTA because its known geographic range lies entirely outside the political boundaries of the United States and its territories. This action will not change the legal status of any other subspecies of the

Peregrine Falcon, all of which will continue to be protected under the MBTA.)

For ease of comparison, the proposed changes are summarized in the following table (numbers reference the categories treated above). Categories that involve name revisions (*i.e.*, 9, 10, and

11) will require removal of the old name (left-hand column) and addition of the new name (right-hand column). To ensure that these two separate actions appear on the same line of the table, we employ brackets to identify old (removed) or new (added) names that are listed in correct alphabetical order elsewhere in the table:

How Do the Changes Proposed Here Differ From Those Discussed in the 2001 Proposed Rule?

We propose adding another 85 species (88 species in the current proposed rule versus 3 species in the 2001 proposed rule) based on documented evidence of their occurrence in the United States, Puerto Rico, or the U.S. Virgin Islands. We propose adding 28 species (28 versus 0) that belong to families covered by the Canadian and Mexican treaties that occur naturally in the United States only in the Pacific island territories of American Samoa, Baker and Howland Islands, Guam, or the Northern Mariana Islands. We propose adding an additional 11 species (37 versus 26) because of recent taxonomic changes in which taxa formerly treated as subspecies have been elevated to the status of full species. We propose removing an additional 11 species (12 versus 1) based on revised taxonomic treatments and new distributional information. We propose changing the common and/or scientific names of an additional 25 species (103 versus 78). We propose correcting errors in the common or scientific names of an additional 8 species (9 versus 1).

How Is the List of Migratory Birds Organized?

The species are listed in two formats to suit the needs of different segments of the public: alphabetically in 50 CFR 10.13(c)(1) and taxonomically in 50 CFR 10.13(c)(2). In the alphabetical listing, species are listed by common (English)

group names, with the scientific name of each species following the English group name. This format, which is similar to that used in modern telephone directories, will be most useful to members of the lay public. In the taxonomic listing, species are listed in phylogenetic sequence by scientific name, with the English name following the scientific name. To help clarify species relationships, we also list the higher-level taxonomic categories of Order, Family, and Subfamily. This format, which follows the sequence adopted by the AOU (1998, 2004), will be most useful to ornithologists and other scientists.

What Species Are Not Protected by the Migratory Bird Treaty Act?

The MBTA does not apply to species that fall into any of the following three categories:

(1) Nonnative species introduced into the United States or its territories by means of intentional or unintentional human assistance that belong to families or groups covered by the Canadian, Mexican, or Russian treaties, in accordance with the MBTRA. See 70 FR 12710 (March 15, 2005) for a partial list of nonnative human-introduced bird species in this category.

(2) Nonnative human-introduced species that belong to families or groups not covered by the Canadian, Mexican, or Russian treaties, including Tinamidae (tinamous), Cracidae (chachalacas), Megapodiidae (megapodes), Phasianidae (grouse, ptarmigan, and turkeys), Turnicidae (buttonquails),

Odontophoridae (New World quail), Pteroclididae (sandgrouse), Psittacidae (parrots), Dicruridae (drongos), Rhamphastidae (toucans), Musophagidae (turacos), Bucerotidae (hornbills), Bucorvidae (ground-hornbills), Pycnonotidae (bulbuls), Pittidae (pittas), Irenidae (fairy-bluebirds), Timaliidae (wrentits), Zosteropidae (white-eyes), Sturnidae (starlings; except as listed in the Japanese treaty), Passeridae (Old World sparrows), Ploceidae (weavers), Estrildidae (estrildid finches), and numerous other families not currently represented in the United States or its territories.

(3) Native species that belong to families or groups represented in the United States, but which are not expressly mentioned by the Canadian, Mexican, or Russian treaties, including the Megapodiidae (megapodes), Phasianidae (grouse, ptarmigan, and turkeys), Odontophoridae (New World quail), Burhinidae (thick-knees), Glareolidae (pratincoles), Psittacidae (parrots), Todidae (todies), Meliphagidae (honeyeaters), Monarchidae (monarchs), Timaliidae (wrentits), Coerebidae (bananaquits), and Drepanidinae (Hawaiian honeycreepers).

Partial lists of the species included in categories 2 and 3 are available at <http://migratorybirds.fws.gov/issues/nonnative/MBTA-Protected&NonprotectedSpecies.htm>.

Does This Rule Comply With NEPA?

Given that the proposed revision of 50 CFR 10.13 is strictly administrative in nature and does not constitute a Federal action in the context of NEPA it is categorically excluded from further NEPA requirements, as provided by Department of the Interior Manual 516 DM 2, Appendix 1.10.

Does This Rule Comply With the Endangered Species Act?

Yes. Eighty of the species on the List of Migratory Birds are also designated as endangered or threatened in all or some portion of their U.S. range under provisions of the Endangered Species Act of 1973 (16 U.S.C. 1531, *et seq.*; see 50 CFR 17.11). No legal complications arise from the dual listing since the two lists are developed under separate authorities and for different purposes. Because the proposed rule is strictly administrative in nature, it does not require ESA consultation.

Does This Rule Affect Energy Supplies, Distribution, or Use?

On May 18, 2001, the President issued Executive Order 13211 on regulations that significantly effect energy supply, distribution, and use. Executive Order 13211 requires agencies to prepare Statements of Energy Effects when undertaking certain actions. Because this rule is only making revisions to existing regulations that are strictly administrative in nature, it is not a significant regulatory action under Executive Order 12866 and is not expected to significantly affect energy supplies, distribution, and use. Therefore, this action is not a significant energy action, and no Statement of Energy Effects is required.

Clarity of the Rule

Executive Order 12866 requires each agency to write regulations/notices that are easy to understand. We invite your comments on how to make this proposed rule easier to understand, including answers to questions such as the following: (1) Are the requirements in the proposed rule clearly stated? (2) Does the proposed rule contain unnecessary technical language or jargon that interferes with the clarity? (3) Does the format of the proposed rule (grouping and order of sections, use of headings, paragraphing, etc.) aid or reduce its clarity? (4) Is the description of the proposed rule in the Supplementary Information section of the preamble helpful in understanding the proposed rule? (5) What else could we do to make the proposed rule easier to understand?

Send a copy of any comments that concern how we could make this proposed rule easier to understand to: Office of Regulatory Affairs, Department of the Interior, Room 7229, 1849 C Street NW., Washington, DC 20240. You may e-mail your comments to the following address: Execsec@ios.doi.gov.

What About Other Required Determinations?

Because the revision to the List of Migratory Birds merely re-describes the birds already protected by Federal treaties with Canada, Japan, Mexico, and Russia, we determined that this document does not have a significant economic effect on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 *et seq.*).

This document has not been reviewed by the Office of Management and Budget under E.O. 12866. In accordance with the criteria in Executive Order 12866, this rule is not a significant regulatory action.

This rule is not a major rule under the terms of 5 U.S.C. 804(2), the Small Business Regulatory Enforcement Fairness Act.

The rule does not contain information collection requirements that must be approved by the Office of Management and Budget under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

We find and certify, in compliance with the requirements of the Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1501 *et seq.*), that the rule is not a significant regulatory action and will not impose a cost of \$100 million or more in any given year on local or State government or private entities.

As noted above, the rule will not have sufficient federalism implications to warrant the preparation of a Federalism Assessment under Executive Order 13132.

We have determined that these regulations meet the applicable standards provided in Sections 3(a) and 3(b)(2) of Executive Order 12988 for civil justice reform.

This rule does not have significant takings implications for private property, as defined in Executive Order 12630. A takings implication assessment is not required because migratory birds are a Federally managed resource under laws implementing international treaties and are not personal property.

Regarding Government-to-Government relationships with Tribes (59 FR 22951) and Executive Order 13175, these revisions to existing regulations are purely administrative in nature. They will have no effect on

Federally recognized Tribes or Tribal trust resources.

Public Comments Invited

We invite interested parties to submit written comments or suggestions regarding the draft revised list of migratory birds protected by the MBTA by any one of the means identified in the **ADDRESSES** section. Duplicate submissions are discouraged. The complete file for this notice will be available for public inspection during normal business hours, by appointment, at the location identified in the **ADDRESSES** section.

E-mail comments should be submitted as an ASCII file with “Revised List of Migratory Birds” in the subject line. Avoid the use of special characters and any form of encryption.

While all comments will be considered, we encourage reviewers to focus on the following questions:

(1) Do the five criteria used to identify individual species protected by the MBTA accurately reflect the language and intentions of the MBTA and the underlying conventions? If not, what changes would you recommend?

(2) Have we included any species that doesn't meet any of the criteria for protection under the MBTA? Please be specific, and provide as much detail as possible.

(3) Have we omitted any species that should be protected by the MBTA because they meet one or more of the specified criteria?

Following review and consideration of the comments, we will publish a final list in the **Federal Register**.

Regulation Promulgation

For the reasons discussed in the preamble, we propose to amend title 50, chapter I, subchapter B, part 10 of the Code of Federal Regulations, as follows:

PART 10—[AMENDED]

1. The authority citation for part 10 continues to read as follows:

Authority: 18 U.S.C. 42; 16 U.S.C. 703–712; 16 U.S.C. 668a–d; 19 U.S.C. 1202; 16 U.S.C. 1531–1543; 16 U.S.C. 1361–1384, 1401–1407; 16 U.S.C. 742a–742j–l; 16 U.S.C. 3371–3378.

2. Revise § 10.13 to read as follows:

§ 10.13 List of Migratory Birds.

(a) *What is the legal authority for this list?* The Migratory Bird Treaty Act (MBTA) in 16 U.S.C. 703–711, the Fish and Wildlife Improvement Act of 1978, 16 U.S.C. 712, and 16 U.S.C. 742a–j. The MBTA implements treaties between the United States and four neighboring countries for the protection of migratory birds, as follows:

(1) Canada: Convention for the Protection of Migratory Birds, August 16, 1916, United States–Great Britain (on behalf of Canada), 39 Stat. 1702, T.S. No. 628;

(2) Mexico: Convention for the Protection of Migratory Birds and Game Mammals, February 7, 1936, United States–United Mexican States (=Mexico), 50 Stat. 1311, T.S. No. 912;

(3) Japan: Convention for the Protection of Migratory Birds and Birds in Danger of Extinction, and Their Environment, March 4, 1972, United States–Japan, 25 U.S.T. 3329, T.I.A.S. No. 7990; and

(4) Russia: Convention for the Conservation of Migratory Birds and Their Environment, United States–Union of Soviet Socialist Republics (=Russia), November 26, 1976, 92 Stat. 3110, T.I.A.S. 9073, 16 U.S.C. 703, 712.

(b) *What is the purpose of this list?* The purpose is to inform the public of the species protected by regulations designed to enforce the terms of the MBTA. These regulations, found in parts 10, 20, and 21 of this chapter, cover most aspects of the taking, possession, transportation, sale, purchase, barter, exportation, and importation of migratory birds.

(c) *What species are protected as migratory birds?* Species protected as migratory birds are listed in two formats to suit the varying needs of the user: alphabetically in paragraph (c)(1) of this section and taxonomically in paragraph (c)(2) of this section. Taxonomy and nomenclature generally follow the 7th edition of the American Ornithologists' Union's *Check-list of North American birds* (1998, as amended through 2004); for species not treated by the AOU *Check-list*, we follow Monroe and Sibley's *A World Checklist of Birds* (1993).

(1) *Alphabetical listing.* Species are listed alphabetically by common (English) group names, with the scientific name of each species following the common name. It is possible that alphabetical listing by common group names may create confusion in those few instances in which the common (English) name of a species has changed. The species formerly known as the Falcated Teal, for example, is now known as the Falcated Duck. To prevent confusion, the alphabetical list has two entries for Falcated Duck: "DUCK, Falcated;" and "[TEAL, Falcated (see DUCK, Falcated)]". Other potential ambiguities are treated in the same way.

Order ANSERIFORMES

Family ANATIDAE

Subfamily DENDROCYGNINAE

Dendrocygna autumnalis, Black-bellied Whistling-Duck

Dendrocygna arborea, West Indian Whistling-Duck

Dendrocygna bicolor, Fulvous Whistling-Duck

Subfamily ANSERINAE

Anser fabalis, Bean Goose

Anser albifrons, Greater White-fronted Goose

Anser erythropus, Lesser White-fronted Goose

Chen canagica, Emperor Goose

Chen caerulescens, Snow Goose

Chen rossii, Ross's Goose

Branta bernicla, Brant

Branta leucopsis, Barnacle Goose

Branta hutchinsii, Cackling Goose

Branta canadensis, Canada Goose

Branta sandvicensis, Hawaiian Goose

Cygnus buccinator, Trumpeter Swan

Cygnus columbianus, Tundra Swan

Cygnus cygnus, Whooper Swan

Subfamily ANATINAE

Cairina moschata, Muscovy Duck

Aix sponsa, Wood Duck

Anas strepera, Gadwall

Anas falcata, Falcated Duck

Anas penelope, Eurasian Wigeon

Anas americana, American Wigeon

Anas rubripes, American Black Duck

Anas platyrhynchos, Mallard

Anas fulvigula, Mottled Duck

Anas wyvilliana, Hawaiian Duck

Anas laysanensis, Laysan Duck

Anas poecilorhyncha, Spot-billed Duck

Anas superciliosa, Pacific Black Duck

Anas discors, Blue-winged Teal

Anas cyanoptera, Cinnamon Teal

Anas clypeata, Northern Shoveler

Anas bahamensis, White-cheeked Pintail

Anas acuta, Northern Pintail

Anas querquedula, Garganey

Anas formosa, Baikal Teal

Anas crecca, Green-winged Teal

Aythya valisineria, Canvasback

Aythya americana, Redhead

Aythya ferina, Common Pochard

Aythya baeri, Baer's Pochard

Aythya collaris, Ring-necked Duck

Aythya fuligula, Tufted Duck

Aythya marila, Greater Scaup

Aythya affinis, Lesser Scaup

Polysticta stelleri, Steller's Eider

Somateria fischeri, Spectacled Eider

Somateria spectabilis, King Eider

Somateria mollissima, Common Eider

Histrionicus histrionicus, Harlequin Duck

Melanitta perspicillata, Surf Scoter

Melanitta fusca, White-winged Scoter

Melanitta nigra, Black Scoter

Clangula hyemalis, Long-tailed Duck

Bucephala albeola, Bufflehead

Bucephala clangula, Common Goldeneye

Bucephala islandica, Barrow's Goldeneye

Mergellus albellus, Smew

Lophodytes cucullatus, Hooded Merganser

Mergus merganser, Common Merganser

Mergus serrator, Red-breasted Merganser

Nomonyx dominicus, Masked Duck

Oxyura jamaicensis, Ruddy Duck

Order GAVIIFORMES

Family GAVIIDAE

Gavia stellata, Red-throated Loon

Gavia arctica, Arctic Loon

Gavia pacifica, Pacific Loon

Gavia immer, Common Loon

Gavia adamsii, Yellow-billed Loon

Order PODICIPEDIFORMES

Family PODICIPEDIDAE

Tachybaptus dominicus, Least Grebe

Podilymbus podiceps, Pied-billed Grebe

Podiceps auritus, Horned Grebe

Podiceps grisegena, Red-necked Grebe

Podiceps nigricollis, Eared Grebe

Aechmophorus occidentalis, Western Grebe

Aechmophorus clarkii, Clark's Grebe

Order PROCELLARIIFORMES

Family DIOMEDEIDAE

Thalassarche chlororhynchos,

Yellow-nosed Albatross

Thalassarche cauta, Shy Albatross

Thalassarche melanophris, Black-browed Albatross

Phoebastria palpebrata, Light-mantled

Albatross

Diomedea exulans, Wandering

Albatross

Phoebastria immutabilis, Laysan

Albatross

Phoebastria nigripes, Black-footed

Albatross

Phoebastria albatrus, Short-tailed

Albatross

Family PROCELLARIIDAE

Fulmarus glacialis, Northern Fulmar
