

make no changes to Tung Mung's margin of 21.10 percent for the final results.

Sales Below Cost

We disregarded sales below cost for both YUSCO and Chia Far during the course of the review.

Changes Since the Preliminary Results

Based on our analysis of comments received, we have made changes in the margin calculations for Chia Far. The changes to the margin calculations are listed below:

1. We included all of the depreciation expense incurred in the common service department at Pu-Shin and allocated it to the rolling department in the calculation of the cost of production.
2. We used Chia Far's 2001 financial statements to calculate the net interest expense ratio and G&A expense ratio. We also included miscellaneous losses in the G&A expense ratio.
3. We used Chia Far's reported inventory carrying costs incurred in Taiwan.

Final Results of Review

We determine that the following percentage margin exists for the period July 1, 2000 through June 30, 2001:

STAINLESS STEEL SHEET AND STRIP IN COILS FROM TAIWAN

Manufacturer/exporter/reseller	Margin (percent)
YUSCO	0.0
Chia Far	1.11
Tung Mung	21.10

The Department will determine, and the Customs Service shall assess, antidumping duties on all appropriate entries. In accordance with 19 CFR 351.212(b)(1), we have calculated an exporter/importer (or customer)-specific assessment rate for merchandise subject to this review. The Department will issue appropriate assessment instructions directly to the Customs Service within 15 days of publication of these final results of review. We will direct the Customs Service to assess the resulting assessment rates against the entered customs values for the subject merchandise on each of the importer's/customer's entries during the review period. For duty-assessment purposes, we will calculate importer-specific assessment rates by dividing the dumping margins calculated for each importer by the total entered value of sales for each importer during the period of review.

Cash Deposit Requirements

The following deposit requirements will be effective upon publication of this notice of final results of administrative review for all shipments of stainless steel sheet and strip in coils from Taiwan entered, or withdrawn from warehouse, for consumption on or after the date of publication, as provided by section 751(a)(1) of the Act: (1) The cash deposit rates for YUSCO, Chia Far and Tung Mung will be the rates shown above; (2) for previously reviewed or investigated companies not listed above, the cash deposit rate will continue to be the company-specific rate published for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the original less-than-fair-value (LTFV) investigation, but the manufacturer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the merchandise; and (4) if neither the exporter nor the manufacturer is a firm covered in these or any previous reviews conducted by the Department, the cash deposit rate will be the "all others" rate, which is 12.12 percent.

These deposit requirements shall remain in effect until publication of the final results of the next administrative review.

Notification of Interested Parties

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of the antidumping duties or countervailing duties occurred and the subsequent assessment of double antidumping duties or countervailing duties.

This notice also serves as a reminder to parties subject to administrative protective orders ("APOs") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

We are issuing and publishing this determination and notice in accordance with sections 751(a)(1) and 771(i) of the Act.

Dated: December 6, 2002.

Faryar Shirzad,
Assistant Secretary for Import Administration.

Proposed Information Collection; Comment Request; Gulf of Mexico Shrimp Economic Data Collection

AGENCY: National Oceanic and Atmospheric Administration (NOAA).

ACTION: Notice.

SUMMARY: The Department of Commerce, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104-13 (44 U.S.C. 3506(c)(2)(A)).

DATES: Written comments must be submitted on or before February 11, 2003.

ADDRESSES: Direct all written comments to Diana Hynek, Departmental Paperwork Clearance Officer, Department of Commerce, Room 6625, 14th and Constitution Avenue, NW, Washington, DC 20230 (or via the Internet at dHynek@doc.gov).

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection instrument and instructions should be directed to Michael Travis, Department of Commerce, NOAA, National Marine Fisheries Service, 9721 Executive Center Drive North, St. Petersburg, FL 33702-2439, (727)570-5335.

SUPPLEMENTARY INFORMATION:

I. Abstract

NMFS proposes to collect information on fishing vessel expenses and earnings on a voluntary and continuous basis in the Gulf of Mexico offshore shrimp fishery in order to conduct socioeconomic analyses that will: improve fishery management making in that fishery; satisfy NMFS' legal mandates under Executive Order 12866, the Magnuson-Stevens Fishery Conservation and Management Act (U.S.C. 1801 et. seq.), the Regulatory Flexibility Act, the Endangered Species Act, and the National Environmental Policy Act; and quantify achievement of the performances measures in the NMFS Strategic Operating Plans. Used in conjunction with catch and effort data already being collected in this fishery as part of its dealer reporting program, as well as Coast Guard and fishing permit data on vessel characteristics, this data will be used to assess how fishermen will be impacted by and respond to any regulation likely to be considered by fishery managers. In addition, this data will be used to determine how fishing communities will be impacted by proposed fishing regulations. In the program's first year, the program will only cover vessels that primarily port in the state of Texas, with vessels from the other Gulf States being included in the second year.

II. Method of Collection

Data will be collected using personal interviews and a formal survey instrument. Compared to phone interviews and mail surveys, personal interviews have been shown to generally produce higher response rates and higher quality data. Interviews will be conducted once each year in regards to the previous year's activities. Vessel owners will be asked questions

pertaining to the variable costs of their fishing operations, such as price and amount of fuel used, price and amount of ice used, groceries, processing/selling fees, and labor costs. Vessel owners will also be asked questions regarding their vessel's annual or fixed costs, such as expenditures for vessel repair and maintenance, gear repair and maintenance, fishing licenses and permits, insurance, dock fees, repayment on boat and business loans, office expenses and so forth. Vessel owners will also be asked questions pertaining to the capital investment in their vessels, such as purchase price, cost of subsequent investments in the vessel and its fishing technology, and current market or replacement value. Finally, vessel owners will be asked questions regarding their socio-demographic status, such as household size, income, dependence on fishing, alternative employment opportunities, level of fishing experience, age, education level, ethnicity/race, marital status, and so forth. In instances where vessels are not operated by the owner, socio-demographic data will be solicited from both the owner and captain. Though unknown at this time, it is assumed that nearly 50 percent of these vessels are operated by hired captains.

III. Data

OMB Number: None.

Form Number: None.

Type of Review: Regular submission.

Affected Public: Business or other for-profit organizations (vessel owners and captains).

Estimated Number of Respondents: 185.

Estimated Time Per Response: 20 minutes for variable cost and price questions; 30 minutes for annual/fixed cost and capital investment questions; and 10 minutes for socio-demographic questions.

Estimated Total Annual Burden Hours: 135.

Estimated Total Annual Cost to Public: \$0.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the

use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.
