## DEPARTMENT OF HOMELAND SECURITY

### Science and Technology Directorate; Record of Decision for the National Bio and Agro-Defense Facility Environmental Impact Statement

**AGENCY:** Science and Technology Directorate (Office of National

Laboratories within the Office of Research), DHS.

**ACTION:** Record of Decision (ROD).

**SUMMARY:** The U.S. Department of Homeland Security (DHS), Science and Technology Directorate is issuing this ROD on the proposed siting, construction, and operation of the National Bio and Agro-Defense Facility (NBAF) (the Proposed Action). This ROD is based on the information and analysis in the NBAF Final Environmental Impact Statement (NBAF Final EIS) including public comments, and consideration of other appropriate factors such as national policy, site evaluation criteria, threat and risk assessment, costs, security, and other programmatic requirements. The Notice of Availability for the NBAF Final EIS was published in the **Federal Register** (73 FR 75665-75667) on December 12, 2008.

DHS has decided to implement the Preferred Alternative identified in Section 2.6 of the NBAF Final EIS. Implementation of this alternative would result in construction of the NBAF at the Manhattan Campus Site in Manhattan, Kansas, and initiation of the transition of mission activities and resources from the Plum Island Animal Disease Center (PIADC), located on Plum Island, New York, to the Manhattan Campus Site.

DHS appreciates the significant cost, time, and effort that each consortium expended during this comprehensive decision process, and DHS thanks the consortia for their support of the homeland security mission. The comprehensive and well thought out proposals from states around the Nation and their consortia reflected the impressive capabilities of their communities. Each consortium and host state demonstrated a strong desire to make the Nation safer for animal agriculture through advanced research on foreign animal and zoonotic and emerging diseases.

**FOR FURTHER INFORMATION, CONTACT:** The NBAF Final EIS (approximately 5,000 pages), Executive Summary, and this ROD are available on the DHS Web site at <http://www.dhs.gov/nbaf>. Requests for copies of the NBAF Final EIS, the Executive Summary, or this ROD should be mailed to Mr. James V. Johnson: Department of Homeland Security; Science and Technology Directorate; Office of National Laboratories, Room 10-052, Mail Stop #2100; 245 Murray Lane, SW., Building 410; Washington, DC 20528.
