ACTION: Extension of a currently approved collection, comment request.

The Department of Commerce (DoC) has submitted to the Office of Management and Budget (OMB) for clearance the following proposal for collection of information under provisions of the Paperwork Reduction Act (44 U.S.C. Chapter 35).

AGENCY: Economic Development Administration (EDA).

Title: Proposal for Federal Assistance, Application for Federal Assistance and Civil Rights Guidelines.

Agency Form Number: ED-900P and ED-900A.

OMB Approval Number: 0610-0094.

Type of Request: Extension of a currently approved collection.

Number of Respondents:

Approximately 1,900 respondents.

Needs and Uses: The Economic Development Administration (EDA) provides investments that will help our partners across the nation (states, regions and communities) create wealth and minimize poverty by promoting a favorable business environment to attract private capital investment and high skill, high wage jobs through world-class capacity building, infrastructure, business assistance, research grants and strategic initiatives. The information in the application is needed to determine conformance to statutory and regulatory requirements, the quality of the scope of work proposed to address the pressing needs and other economic problem(s) of the area, the merits of the activity for which funding is requested and the ability of the prospective applicants to carry out the proposed activities successfully.

Those interested in obtaining a grant are to first submit a preapplication and then be invited to submit an application. The Civil Rights Guidelines are required by the Department of Justice Regulations at 28 CFR 42.404, which directs Federal agencies to publish (Title VI of the Civil Rights Act of 1964, as amended) guidelines for each type of program to which they extend financial assistance, where such guidelines would be appropriate to provide detailed information of the requirements of Title VI of the Civil Rights Act of 1964. To responsibly administer its programs, EDA must obtain certain data on the jobs to be created and saved, by those that apply for and receive its assistance (applicants and recipients), and by those that create or save 15 or more jobs as a result of EDA's assistance.

Affected Public: State, local or Tribal Government and not-for-profit organizations.

SUPPLEMENTARY INFORMATION:

I. Abstract

Section 4(d) of the Endangered Species Act of 1973 (ESA; 16 U.S.C. 1531 *et. seq.*) requires the National Marine Fisheries Service (NMFS) to adopt such regulations as it "deems necessary and advisable to provide for the conservation of" threatened species. Those regulations may include any or all of the prohibitions provided in section 9(a)(1) of the ESA, which specifically prohibits "take" of any endangered species ("take" includes actions that harass, harm, pursue, kill, or capture). The first salmonid species listed by NMFS as threatened were protected by virtually blanket application of the section 9 take prohibitions. There are now 20 separate Evolutionarily Significant Units (ESUs) of west coast salmonids listed as threatened, covering a large percentage of the land base in California, Oregon, Washington and Idaho. NMFS is obligated to enact necessary and advisable protective regulations.

NMFS makes section 9 prohibitions generally applicable to many of those threatened ESUs, but also seeks to respond to requests from states and others to both provide more guidance on how to protect threatened salmonids and avoid take, and to limit the application of take prohibitions wherever warranted. The regulations describe programs or circumstances that contribute to the conservation of, or are being conducted in a way that adequately limits impacts on, listed salmonids. The regulations do not apply the take prohibitions to those programs and circumstances. Some of these limits on the take prohibitions entail voluntary submission of a plan to NMFS and/or annual or occasional reports by entities wishing to take advantage of these limits, or continue within them.

II. Method of Collection

Submissions may be in paper or electronic format.

III. Data

OMB Number: 0648-0399.

Form Number: None.

Type of Review: Regular submission.

Estimated Number of Respondents: 201.

Estimated Total Annual Burden Hours: 500.

Estimated Total Annual Cost to Public: \$843.

IV. Request for Comments

Comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
