Abstract of Proposed Collection

The Directorate of Defense Trade Controls (DDTC), located in the Political-Military Affairs Bureau of the Department of State, has the principal mission of licensing the export and temporary import of defense articles or defense services as enumerated in the United States Munitions List (USML), and to ensure that the sale, transfer, or brokering of such items are in the interest of United States national security and foreign policy.

Sections 120.22 and 129.9 of the International Traffic in Arms Regulations (ITAR) (22 CFR parts 120-130) may be used to request an advisory opinion or guidance on: whether DDTC would likely grant a license or other approval for the export of a particular defense article or defense service to a particular country (§ 120.22(a)); an interpretation of the requirements set forth in the regulations (§ 120.22(c)); whether an activity constitutes brokering within the scope of part 129—Registration and Licensing of Brokers (§ 129.9(a)); or other guidance on other aspects of part 129 (§ 129.9(c)). Except for determinations made with reference to ITAR § 129.9(a), advisory opinions are not binding on the Department of State and may not be used in future matters before the Department.

Users electronically submit requests for advisory opinions to DDTC via the Defense Export Control and Compliance System (DECCS) portal; users are able to retrieve responses using this same system. DDTC staff members have defined the data fields which are most relevant and necessary for requests for advisory opinions and developed the means to accept this information from the industry in a secure system. The revision of this information collection is meant to conform the current OMB-approved data collection to DDTC's new case management system.

Methodology

This information will be collected by electronic submission to the Directorate of Defense Trade Controls.

Deputy Director, Office of Directives Management, Department of State.
