

Citation 30 CFR 250 subpart M	Reporting requirement	Hour burden	Average number annual responses	Annual burden hours
			\$170,728 Non-Hour Cost Burdens.	

*The non-hour cost burdens that are associated with cost recovery monies collected are based on actual submittals through Pay.gov for FY 2010.

** These requirements are specified in each Unit Agreement.

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified three non-hour cost burdens associated with this information collection. Section 250.1303 requires respondents to pay filing fees when (1) Applying for a voluntary unitization proposal or unit expansion (\$11,698), as well as a (2) unitization revision (\$831). The filing fees are required to recover the Federal Government's processing costs. Section 250.1304(d) provides an opportunity for parties notified of compulsory unitization to request a hearing; therefore § 250.1304(e) requires the party seeking the compulsory unitization to (3) pay for the court reporter and three copies of the verbatim transcript of the hearing (approximately \$500).

It should be noted there have been no such hearings in the recent past, and none are expected in the near future. We estimate a total reporting non-hour cost burden of \$170,728. We have not identified any other paperwork non-hour cost burdens associated with the collection of information.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, *et seq.*) requires each agency " * * * to provide notice * * * and otherwise consult with members of the public and affected agencies concerning each proposed collection of information * * *" Agencies must specifically solicit comments to: (a) Evaluate whether the proposed collection of information, including whether the information is useful; (b) evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information; (c) enhance the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents.

To comply with the public consultation process, on May 13, 2011, we published a **Federal Register** notice (76 FR 28058) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 250.199 provides the OMB control number for the information collection requirements imposed by the 30 CFR 250 regulations. The regulation also informs the public that they may

comment at any time on the collections of information and provides the address to which they should send comments. We have received no comments in response to these efforts.

Send any comments to the offices listed under the **ADDRESSES** section of this notice. The OMB has up to 60 days to approve or disapprove the information collection but may respond after 30 days. Therefore, to ensure maximum consideration, OMB should receive public comments by October 6, 2011.

Public Availability of Comments: Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. Lessee	Interest Held

("Lessee"). In consideration of any cash payment heretofore made by the Lessee to the Lessor and in consideration of the promises, terms, conditions, covenants, and stipulations contained herein and attached hereto, the Lessee and Lessor agree as follows:

Section 1: Statutes and Regulations.

This lease is issued pursuant to subsection 8(p) of the Outer Continental Shelf Lands Act ("the Act"); 43 U.S.C. §§ 1331 *et seq.* This lease is subject to the Act and regulations promulgated pursuant to the Act including but not limited to offshore renewable energy and alternate use regulations at 30 C.F.R. Part 285 as well as other applicable statutes and regulations. This lease is also subject to applicable laws hereafter enacted and regulations hereafter promulgated, except to the extent subsequent regulations are inconsistent with an express provision hereof. Lessee's actions that are taken pursuant to this lease, are subject to the terms and conditions of this lease, including all Addenda, and applicable laws and regulations.

Section 2: Rights of the Lessee.

- (c) This lease does not authorize the Lessee to conduct activities on the Outer Continental Shelf (OCS) relating to or associated with the exploration for, or development or production of, oil, gas, other seabed minerals, or renewable energy resources other than those renewable energy resources identified in this lease.

Section 3: Reservations to Lessor.

- (a) All rights in the leased area not expressly granted to the Lessee by the Act, applicable regulations, this lease or in any approved plan are hereby reserved to the Lessor.
- (b) Lessor will decide whether to approve a proposed SAP or COP in accordance with the applicable regulations in 30 C.F.R. Part 285. The Lessor retains the right to disapprove a proposed SAP or COP, without liability to the Lessee, based on the Lessor's determination that the proposed activities would have unacceptable environmental consequences, would conflict with one or more of the requirements set forth in subsection 8(p)(4) of the Act (43 U.S.C. § 1337(p)(4)), or for other reasons provided by BOEMRE pursuant to 30 C.F.R. § 285.613(e)(2) or 30 C.F.R. § 285.628(f)(2). The Lessor also retains the right to approve with modifications proposed plans as provided in applicable regulations.
- (c) The Lessor reserves the right to suspend Lessee's operations in accordance with the national security and defense provisions of section 12 of the Act and applicable regulations.

The Lessee may conduct activities authorized by this lease only in accordance with plans approved by Lessor. The Lessee may not deviate from an approved plan except as provided in applicable regulations in 30 C.F.R. Part 285.

Section 6: Associated Project Easements.

Pursuant to 30 C.F.R. § 285.200(b), the Lessee has the right to one or more project easements without further competition for the purpose of installing gathering, transmission, and distribution cables, pipelines, and appurtenances on the OCS as necessary for the full enjoyment of the lease under applicable regulations in 30 C.F.R. Part 285. As part of submitting a proposed COP for approval, Lessee may request that one or more easement(s) be granted by Lessor. Such project easements will be granted by the Lessor in accordance with the Act and applicable regulations in 30 C.F.R. Part 285 upon approval of the COP in which the Lessee has demonstrated a need for such easements. Such easements must be in a location acceptable to Lessor, and subject to such conditions as Lessor may require. The project easement(s) that would be issued in conjunction with an approved plan under this lease is/are described in Addendum "D".

Section 7: Conduct of Activities.

The Lessee must conduct and agrees to conduct all activities in the leased area in accordance with all approved plans, applicable laws and regulations.

The Lessee further agrees that no activities authorized by this lease will be carried out in a manner that:

- (a) could interfere with or endanger other activities or operations carried out under any lease issued or maintained pursuant to the Act, or under any other license or approval from any Federal agency granted before the issuance of this lease, or that could unreasonably interfere with or endanger such activities or operations approved after the issuance of this lease;
- (b) could cause any undue harm or damage to the environment;

Section 8: Violations, Suspensions, Cancellations, and Remedies.

If the Lessee fails to comply with (1) any of the applicable provisions of the Act or regulations, (2) the approved plans, or (3) the terms of this lease, including associated Addenda "A", "B", "C", and "D", the Lessor may exercise any of the remedies that are provided under the Act and applicable regulations, including, without limitation, issuance

of cessation of operations orders, suspension or cancellation of the lease, and/or the imposition of penalties.

Lessor may also cancel this lease for reasons set forth in subsection 5(a)(2) of the Act (43 U.S.C. § 1334(a)(2)), or for other reasons provided by Lessor pursuant to 30 C.F.R. § 285.437.

Non-enforcement by the Lessor of a remedy for any particular violation of the applicable provisions of the Act or regulations, or the terms of this lease shall not prevent the Lessor from exercising any remedy, including cancellation of this lease, for any other violation or for the same violation occurring at any other time.

Section 9: Indemnification.

The Lessee hereby agrees to indemnify the Lessor for, and hold the Lessor harmless from, any claim, including claims for loss or damage to natural resources, or for the release of any petroleum or any Hazardous Materials or other environmental injury of any kind or other damage to property, injury to persons or costs or expenses incurred by the Lessor caused by or resulting from any of Lessee's operation or activities on the leased area or project easements or arising out of any activities conducted by or on behalf of the Lessee or its employees, contractors (including Operator, if applicable), subcontractors, or their employees, under this lease, *provided*, that Lessee shall not be liable for any losses or damages proximately caused by the activities of the Lessor or Lessor's employees, contractors, subcontractors, or their employees. The Lessee shall pay the Lessor for damage, cost, or expense due and pursuant to this section within 90 days after written demand by the Lessor. Nothing in this lease shall be construed to waive any liability or relieve Lessee from any penalties, sanctions, or claims that would otherwise apply by statute, regulation, operation of law, or imposed by the Lessor or other government agency acting under such laws.

"Hazardous Material" means

If, at any time during the term of this lease, the Lessor requires additional financial assurance, then the Lessee shall furnish the additional financial assurance required by the Lessor in a form acceptable to Lessor within ninety (90) days after receipt of Lessor's notice of such adjustment.

Section 11: Assignment or Transfer of Lease.

This lease may not be assigned or transferred in whole or in part without written approval of the Lessor. The Lessor reserves the right, in its sole discretion, to deny approval of the Lessee's application to transfer or assign all or part of this lease. Any assignment will be effective on the date the Lessor approves the Lessee's application. Any assignment made in contravention of this section is void.

Section 12: Relinquishment of Lease.

The Lessee may relinquish this entire lease or any officially designated subdivision thereof by filing with the appropriate office of the Lessor a written relinquishment application, in accordance with applicable regulations in 30 C.F.R. Part 285. No relinquishment of this lease or any portion thereof will relieve the Lessee or its surety of the obligations accrued hereunder, including but not limited to, the responsibility to remove property and restore the leased area pursuant to section 13 of this Lease and applicable regulations.

Section 13: Removal of Property and Restoration of the Leased Area on Termination of Lease.

The Lessee must remove or decommission all facilities, projects, cables, pipelines, and obstructions and clear the seafloor of all obstructions created by activities on the leased area, including any project easements within two years following lease termination, whether by expiration, cancellation, contraction, or relinquishment, in accordance with any approved plan and applicable regulations in 30 C.F.R. Part 285.

- c. allow prompt access, at the site of any operation or activity that is subject to safety regulations, to any inspector authorized by the BOEMRE or other Federal agency having jurisdiction and must provide any requested documents and records, which are pertinent to occupational or public health, safety, or environmental protection.

Section 15: Debarment Compliance.

The Lessee must comply with the Department of the Interior's non-procurement debarment and suspension regulations as set forth in 2 C.F.R. Parts 180 and 1400 and must communicate the requirement to comply with these regulations to persons with whom it does business related to this lease by including this requirement in all relevant contracts and transactions.

Section 16: Notices.

All notices or reports provided to Lessor by the Lessee under the terms of this lease must be in writing, except as provided herein. Written notices must be delivered to the party's Lease Representative electronically, by hand, by facsimile, or by United States first class mail, adequate postage prepaid, to the specific persons listed in Addendum "A". Either party may notify the other of a change of address by doing so in writing. Until notice of any change of address is delivered as provided in this section, the last recorded address of either party will be deemed the address for all notices required under this lease. For all operational matters, notices must be provided to the party's Operations Representative as well as the Lease Representative.
