

marketable limit orders. Notwithstanding the fact that a Specialist may price-improve incoming orders by providing prices superior to that of customer limit orders it holds, customers should have a reasonable expectation to have their orders filled at their limit order prices. This expectation should be reflected in reasonable access to incoming contra-side order flow, unless other customers place better-priced limit orders with the Specialist or the Specialist materially improves upon the customer limit order prices (not the customers' quoted prices) it holds.

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of section 6(b) of the Act,¹² in general, and section 6(b)(5) of the Act,¹³ in particular, which requires, among other things, that the rules of an exchange be designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any inappropriate burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

The Exchange has neither solicited nor received written comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- (i) Significantly affect the protection of investors or the public interest;
- (ii) Impose any significant burden on competition; and
- (iii) Become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to section 19(b)(3)(A) of the Act¹⁴ and Rule 19b-4(f)(6)¹⁵ thereunder. At any time within 60 days of the filing of the proposed rule change,

the Commission may summarily abrogate such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

The Exchange has requested that the Commission waive the 30-day operative delay. The Commission believes that such waiver is consistent with the protection of investors and the public interest, for it will allow the pilot to continue without interruption. For these reasons, the Commission designates the proposal to be effective and operative upon filing with the Commission.¹⁶

IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Persons making written submissions should file six copies thereof with the Secretary, Securities and Exchange Commission, 450 Fifth Street, NW., Washington, DC 20549-0609. Comments may also be submitted electronically at the following e-mail address: rule-comments@sec.gov. All comment letters should refer to File No. SR-CSE-2003-16. This file number should be included on the subject line if e-mail is used. To help us process and review comments more efficiently, comments should be sent in hardcopy or by e-mail but not by both methods. Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for inspection and copying in the Commission's Public Reference Room. Copies of such filing will also be available for inspection and copying at the principal office of the Exchange. All submissions should refer to file number SR-CSE-2003-16 and should be submitted by December 30, 2003.

¹⁶ For purposes only of accelerating the operative date of the proposed rule change, the Commission has considered the proposed rule's impact on efficiency, competition, and capital formation. 15 U.S.C. 78c(f).

For the Commission by the Division of Market Regulation, pursuant to delegated authority.¹⁷
