Notice of Proposed Information Collection Requests

AGENCY: Department of Education.

SUMMARY: The Leader, Regulatory Information Management Group, Office of the Chief Information Officer, invites comments on the proposed information collection requests as required by the Paperwork Reduction Act of 1995.

SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. Abstract: Through the Technology Literacy Challenge Fund (TLCF) and the E-Rate program (as well as other programs), the federal government is currently playing a large role in the total investment in technology for education and the professional development of teachers to incorporate educational technology into the overall repertoire of curricular and instructional strategies that schools have available to help students achieve high standards. The ISET studies overall and the two specific studies presented in this submission seek to clarify the role and use of instructional technology, including the interaction of the TLCF and E-Rate programs with each other and with state and local education technology programs in the broader context of education policy.
