

based on a four-year projection. This estimate includes the time for pre-enrollment, all aspects of enrollment (including a voluntary customer satisfaction survey), and correction of records if needed.

Estimated Cost Burden: \$143,500,886 annualized cost burden based on a four-year projection. The TSA fee per respondent for those who apply for the program directly with TSA will remain \$85, which covers TSA's program costs and the FBI fee for the criminal history records check. The fee charged by contractor under the expansion of the program may differ, as it may include, but not be limited to, fees for other services that the companies provide separately to their customers and the option to utilize FBI for the criminal checks at a charge of \$12.75 per applicant. TSA estimates contractors would remit approximately \$25 to TSA for each prescreened applicant.
