[Docket ID FEMA-0022-0047; OMB No. 1660-0118]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; Homeland Security Exercise and Evaluation Program (HSEEP) Documentation

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30-Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission will describe the nature of the information collection, the categories of the respondents, the estimated burden (i.e. the time, effort and resources used by respondents to respond) and cost, and the actual data collection instruments FEMA will use.

DATES: Comments must be submitted on or before March 24, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C St. SW, Washington, DC 20472, email address: FEMA-Information-Collections-Management@fema.dhs.gov or Kristen Fish, Supervisory Emergency Management Specialist, Kristen.Fish@fema.dhs.gov or (202) 412-0882.

SUPPLEMENTARY INFORMATION: Presidential Policy Directive 8 (PPD-8: National Preparedness), issued on March 30, 2011, establishes a National Preparedness Goal (NPG) that identifies the core capabilities necessary for preparedness and a National Preparedness System (NPS) which guides activities to enable the Nation to achieve the NPG. The NPS allows the Nation to track the progress of our ability to build and improve the capabilities necessary to prevent, protect against, mitigate the effects of, respond to, and recover from those threats that pose the greatest risk to the security of the Nation.

The NPS provides an integrated approach to preparedness that can be implemented and measured at all levels of government. This system is an all-of-Nation and whole community approach to preparedness, from neighborhood organizations to civic groups and private businesses. It contains a methodical approach integrated across the preparedness cycle and links together programs and requirements into a comprehensive system, driving rational decision-making and allowing for a direct and defensible assessment of progress against clearly defined objectives.

The NPS is based on a consistent methodology for assessing the threats and hazards facing a given jurisdiction. The findings of the assessment drive planning factors and all other components of the preparedness cycle including resource requirements, existing capabilities and capability gaps, driving investments to close those gaps, making and validating improvements in capabilities through training and

exercising, and continually assessing progress.

Section 648(b)(1) of the Post-Katrina Emergency Management Reform Act of 2006 (6 U.S.C. 748(b)(1)) also provides for these exercises and states the Administrator "shall carry out a national exercise program to test and evaluate the national preparedness goal, National Incident Management System, National Response, and other related plans and strategies." The Homeland Security Exercise and Evaluation Program (HSEEP) provides the program structure, multi-year planning system, tools, and guidance necessary for entities to build and sustain exercise programs that enhance homeland security capabilities, and ultimately, preparedness. The HSEEP After Action Report Improvement, Integrated Preparedness Plan, and National Exercise Program Support Request Forms provide the standardized methods for reporting the results of exercises, identifying exercise program priorities, and submitting exercise nominations necessary to validate national preparedness capabilities.

This proposed information collection previously published in the **Federal Register** on December 9, 2022, at 87 FR 75641 with a 60-day public comment period. No comments were received. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

[Docket ID: FEMA-2022-0049; OMB No. 1660-0006]

Agency Information Collection Activities: Submission for OMB Review, Comment Request; National Flood Insurance Program Policy Forms

AGENCY: Federal Emergency Management Agency, Department of Homeland Security.

ACTION: 30 Day notice of revision and request for comments.

SUMMARY: The Federal Emergency Management Agency (FEMA) will submit the information collection abstracted below to the Office of Management and Budget for review and clearance in accordance with the requirements of the Paperwork Reduction Act of 1995. The submission seeks comments concerning information collected for the selling and servicing of National Flood Insurance Program (NFIP) policies by FEMA's direct servicing agent, NFIP Direct.

DATES: Comments must be submitted on or before March 24, 2023.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or copies of the information collection should be made to Director, Information Management Division, 500 C Street SW, Washington, DC 20472, email address: FEMA-Information-Collections-Management@fema.dhs.gov or Joycelyn Collins, Underwriting Branch Program Analyst, Federal Insurance Directorate, at 202-701-3383 or Joycelyn.Collins@fema.dhs.gov.

SUPPLEMENTARY INFORMATION: The NFIP is authorized by Public Law 90-448 (1968) and expanded by Public Law 93-234 (1973). The National Flood Insurance Act of 1968 requires FEMA to provide flood insurance at full actuarial rates, reflecting the complete flood risk to structures built or substantially improved, on or after the effective date for the initial Flood Insurance Rate Map for the community, so that the risks associated with buildings in flood-prone areas are borne by those located in such areas and not by taxpayers at large. In accordance with Public Law 93-234, the purchase of flood insurance is mandatory when Federal or federally related financial assistance is being provided for acquisition or construction of buildings located, or to be located, within FEMA-identified special flood hazard areas of communities that participate in the NFIP.

FEMA also proposes changes to this information collection to implement a revised risk rating methodology that will apply to all policies issued or renewed on or after October 1, 2021. This revised methodology will require FEMA to collect new information necessary to sell and service flood

insurance policies. However, the revised methodology is not expected to increase the overall information collection burden on the public due to the use of data from sources other than policyholders. As a result of this revised methodology, FEMA proposes to modify FEMA Forms FF-206-FY-21-117 (formerly 086-0-1), FF-206-FY-21-118 (formerly 086-0-2), and FF-206-FY-21-119 (formerly 086-0-3).

During the transition to the revised rating methodology, FEMA still needed to maintain the existing forms in this information collection. As a result, FEMA added FEMA Forms 086-0-1T, 086-0-2T, 086-0-3T, and 086-0-5T to this information collection. Now that the transition to the revised risk rating methodology has been completed, effective April 1, 2022, FEMA has discontinued the use of these forms and is removing them from this information collection.

This proposed information collection previously published in the **Federal Register** on December 7, 2022, at 87 FR 75060 with a 60 day public comment period. One complimentary comment was received and FEMA thanks the commentor. This notice also corrects a minor typographical error in the previously published notice, which listed the number of respondents as 372,522 when the correct number of respondents is 372,422. The purpose of this notice is to notify the public that FEMA will submit the information collection abstracted below to the Office of Management and Budget for review and clearance.

Collection of Information

Title: National Flood Insurance Program Policy Forms.

Type of Information Collection: Extension, with change, of a currently approved information collection.

OMB Number: 1660-0006.

FEMA Forms: FEMA Form FF-206-FY-21-117 (formerly 086-0-1), Flood Insurance Application; FEMA Form FF-206-FY-21-118 (formerly 086-0-2), Flood Insurance Cancellation/Nullification Request Form; and FEMA Form FF-206-FY-21-119 (formerly 086-0-3), Flood Insurance General Change Endorsement.

Abstract: To provide for the availability of policies for flood insurance, policies are marketed and administered through the facilities of licensed insurance agents or brokers in the various States. Applications, general change requests, and cancellations from agents or brokers are forwarded to a direct servicing agent designated as fiscal agent by the Federal Insurance and Mitigation Administration (FIMA),
