

memorandum M–19–04 on implementation of the 2019 annual inflation adjustment pursuant to the 2015 act.³ The memorandum provides agencies with the cost-of-living adjustment multiplier for 2019, which is based on the Consumer Price Index (CPI–U) for the month of October 2018, not seasonally adjusted. The multiplier for 2019 is 1.02522. The adjusted maximum amounts are \$2,194 for section 4071 penalties and \$292 for section 4302 penalties.

Compliance With Regulatory Requirements

The Office of Management and Budget has determined that this rule is not a “significant regulatory action” under Executive Order 12866 and therefore not subject to its review. As this is not a significant regulatory action under E.O. 12866, it is not considered an E.O. 13771 regulatory action.

The Office of Management and Budget also has determined that notice and public comment on this final rule are unnecessary because the adjustment of civil penalties implemented in the rule is required by law. See 5 U.S.C. 553(b).

Because no general notice of proposed rulemaking is required for this rule, the Regulatory Flexibility Act of 1980 does not apply. See 5 U.S.C. 601(2).
