

Reclamation's Mid-Pacific (MP) Regional Office located in Sacramento, California, and the local area office.

Our practice is to make comments, including names and home addresses of respondents, available for public review. Individual respondents may request that Reclamation withhold their home address from public disclosure, and we will honor such request to the extent allowable by law. There also may be circumstances in which Reclamation would elect to withhold a respondent's identity from public disclosure, as allowable by law. If you wish us to withhold your name and/or address, you must state this prominently at the beginning of your comments. We will make all submissions from organizations, businesses, and from individuals identifying themselves as representatives or officials of organizations or businesses available for public disclosure in their entirety. If you wish to review a copy of these Plans, please contact Ms. Barbre to find the office nearest you.

Dated: August 26, 2005.

Agency Information Collection Activities: Proposed Collection; Comments Requested

Action: 60-Day Notice of Information Collection Under Review: State Court Processing Statistics, 2006.

The Department of Justice (DOJ), Office of Justice Programs, Bureau of Justice Statistics, has submitted the following information collection request to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995. The proposed information collection is published to obtain comments from the public and affected agencies. Comments are encouraged and will be accepted for "sixty days" until December 5, 2005. This process is conducted in accordance with 5 CFR 1320.10.

If you have additional comments, especially on the estimated public burden or associated response time, suggestions, or need a copy of the proposed information collection instrument with instructions or additional information, please contact: Thomas H. Cohen, (202) 514-8344, Bureau of Justice Statistics, Office of Justice Programs, Department of Justice, 810 Seventh Street, NW., Washington, DC 20531 or Thomas.H.Cohen@usdoj.gov.

Written comments and suggestions from the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

—Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical

utility;

- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Overview of this information:

(1) *Type of information collection:* New information collection.

The OMB is particularly interested in comments which:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or

other forms of information technology, e.g., permitting electronic submission of responses.

Agency: Occupational Safety and Health Administration.

Type of Review: Extension of currently approved collection.

Title: Shipyard Employment Standards (29 CFR 1915.113(b)(1) and 1915.172(d)).

OMB Number: 1218-0220.

Frequency: On occasion; quarterly; and annually.

Type of Response: Recordkeeping and third party disclosure.

Affected Public: Business or other for-profit; Federal Government; and State, Local, or Tribal Government.

Number of Respondents: 717.

Number of Annual Responses: 14,637.

Estimated Time Per Response: Varies from 5 minutes to maintain a required record to 2 hours to conduct exposure monitoring.

Total Burden Hours: 3,520.

Total Annualized capital/startup costs: \$0.

Total Annual Costs (operating/maintaining systems or purchasing services): \$0.

Description: The Shipyard Employment Standards at 29 CFR 1915.113(b)(1) and 29 CFR 1915.172(d) specify two paperwork requirements. The following sections describe who uses the information collected under each requirement as well as how they use it. The purpose of these requirements is to reduce employees' risk of death or serious injury by ensuring that equipment has been tested and is in safe operating condition.

Test Records for Hooks (paragraph 1915.113(b)(1)). This paragraph requires that the manufacturer's recommendations be followed in determining the safe working loads of the various sizes and types of hooks. If the manufacturer's recommendations are not available, the hook must be tested to twice the intended safe working load before it is initially put into use. The employer must maintain and keep readily available a certification record which includes the date of such test, the signature of the person who performed the test, and the identifier for the hook which was tested. The records are used to assure that this equipment has been properly tested. The records also provide the most efficient means for the compliance officers to determine that an employer is complying with the Standard.

Examination and Test Records for Unfired Pressure Vessels (paragraph 1915.172(d)). This paragraph requires that portable, unfired pressure vessels not built to the requirements of the
