

order on carbon and alloy steel cut-to-length plate from Brazil would not be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.²

Background

The Commission instituted these reviews on December 1, 2021 (86 FR 68269) and determined on March 7, 2022 that it would conduct full reviews (87 FR 19121, April 1, 2022). Notice of the scheduling of the Commission's reviews and of a public hearing to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** on July 19, 2022 (87 FR 43057). The Commission conducted its hearing on November 15, 2022. All persons who requested the opportunity were permitted to participate.

The Commission made these determinations pursuant to section 751(c) of the Act (19 U.S.C. 1675(c)). It completed and filed its determinations in these reviews on January 31, 2023. The views of the Commission are contained in USITC Publication 5399 (January 2023), entitled *Carbon and Alloy Steel Cut-to-Length Plate from Austria, Belgium, Brazil, China, France, Germany, Italy, Japan, South Africa, South Korea, Taiwan, and Turkey: Investigation Nos. 701-TA-560-561 and 731-TA-1317-1328 (Review)*.

By order of the Commission.

Issued: January 31, 2023.

BILLING CODE 7020-02-P

INTERNATIONAL TRADE COMMISSION

[Inv. No. 337-TA-1351]

Certain Active Matrix Organic Light-Emitting Diode Display Panels and Modules for Mobile Devices, and Components Thereof; Institution of Investigation

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that a complaint was filed with the U.S. International Trade Commission on December 28, 2022, under section 337 of the Tariff Act of 1930, as amended, on behalf of Samsung Display Co., Ltd. of the Republic of Korea. A supplement to the complaint was filed on January 17, 2023. The complaint alleges violations of section 337 based upon the importation into the United States, the sale for importation, and the sale within the United States after importation of certain active matrix organic light-emitting diode display panels and modules for mobile devices, and components thereof by reason of the infringement of certain claims of U.S. Patent No. 9,818,803 ("the '803 patent"); U.S. Patent No. 10,854,683 ("the '683 patent"); U.S. Patent No. 7,414,599 ("the '599 patent"); and U.S. Patent No. 9,330,593 ("the '593 patent"). The complaint further alleges that an industry in the United States exists as required by the applicable Federal Statute. The complainant requests that the Commission institute an investigation and, after the investigation, issue a general exclusion order, or in the alternative a limited exclusion order, and cease and desist orders.

ADDRESSES: The complaint, except for any confidential information contained therein, may be viewed on the Commission's electronic docket (EDIS) at <https://edis.usitc.gov>. For help accessing EDIS, please email EDIS3Help@usitc.gov. Hearing impaired individuals are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205-1810. Unfair Import Investigations, U.S. International Trade Commission, telephone (202) 205-2560.

SUPPLEMENTARY INFORMATION:

Authority: The authority for institution of this investigation is contained in section 337 of the Tariff Act of 1930, as amended, 19 U.S.C. 1337, and in section 210.10 of the Commission's Rules of Practice and Procedure, 19 CFR 210.10 (2022).

Scope of Investigation: Having considered the complaint, the U.S. International Trade Commission, on January 27, 2023, *ordered that*—

(1) Pursuant to subsection (b) of section 337 of the Tariff Act of 1930, as amended, an investigation be instituted to determine whether there is a violation of subsection (a)(1)(B) of section 337 in the importation into the United States, the sale for importation, or the sale within the United States after importation of certain products identified in paragraph (2) by reason of infringement of one or more of claims 1–5 and 19–21 of the '803 patent; claims 1, 2, 4–10, and 13 of the '683 patent; claims 1–18 of the '599 patent; and claims 1–3, 6–8, and 14–22 of the '593 patent, and whether an industry in the United States exists as required by subsection (a)(2) of section 337;

(2) Pursuant to section 210.10(b)(1) of the Commission's Rules of Practice and Procedure, 19 CFR 210.10(b)(1), the plain language description of the accused products or category of accused products, which defines the scope of the investigation, is "active matrix organic light-emitting diode ('AMOLED') display panels and modules used as replacement displays for mobile devices comprising organic pixel elements for presenting information to a viewer which infringe one or more claims of the Asserted Patents, and components thereof, where AMOLED display module refers to the assembly of an AMOLED display panel (containing light-emitting materials, pixel circuitry, and encapsulation layers on a substrate) with additional components such as a connector cable, one or more polarizing layers, window glass, and/or housing materials around the AMOLED display panel";

(3) Pursuant to Commission Rule 210.50(b)(1), 19 CFR 210.50(b)(1), the presiding administrative law judge shall take evidence or other information and hear arguments from the parties or other interested persons with respect to the public interest in this investigation, as appropriate, and provide the Commission with findings of fact and a recommended determination on this issue, which shall be limited to the

² Commissioners Rhonda K. Schmittlein and Randolph J. Stayin determine that revocation of the countervailing duty orders on carbon and alloy steel cut-to-length plate from China and South Korea and the antidumping duty orders on carbon and alloy steel cut-to-length plate from Austria, Belgium, Brazil, China, France, Germany, Italy, Japan, South Africa, South Korea, Taiwan, and Turkey would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.

statutory public interest factors set forth in 19 U.S.C. 1337(d)(1), (f)(1), (g)(1);

SUPPLEMENTARY INFORMATION: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and title 30 of the Code of Federal Regulations (CFR) part 44 govern the application, processing, and disposition of petitions for modification.

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or

2. The application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, 30 CFR 44.10 and 44.11 establish the requirements for filing petitions for modification.
