

hereby determine that the objects to be included in the exhibition “Gustave Caillebotte: The Painter’s Eye,” imported from abroad for temporary exhibition within the United States, are of cultural significance. The objects are imported pursuant to loan agreements with the foreign owners or custodians. I also determine that the exhibition or display of the exhibit objects at the National Gallery of Art, Washington, DC, from on or about June 28, 2015, until on or about October 4, 2015, the Kimbell Art Museum, Ft. Worth, Texas, from on or about November 8, 2015, until on or about February 14, 2016, and at possible additional exhibitions or venues yet to be determined, is in the national interest. I have ordered that Public Notice of these Determinations be published in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: For further information, including a list of the imported objects, contact the Office of the Legal Adviser, U.S. Department of State, SA–5, L/PD, Fifth Floor (Suite 5H03), Washington, DC 20522–0505, telephone (202–632–6471), or email at section2459@state.gov.

Dated: May 13, 2015.

Kelly Keiderling,

Principal Deputy Assistant Secretary, Bureau of Educational and Cultural Affairs, Department of State.

[Public Notice: 9141]

Culturally Significant Objects Imported for Exhibition Determinations: “Van Gogh and Nature” Exhibition

SUMMARY: Notice is hereby given of the following determinations: Pursuant to the authority vested in me by the Act of October 19, 1965 (79 Stat. 985; 22 U.S.C. 2459), Executive Order 12047 of March 27, 1978, the Foreign Affairs Reform and Restructuring Act of 1998 (112 Stat. 2681, *et seq.*; 22 U.S.C. 6501 note, *et seq.*), Delegation of Authority No. 234 of October 1, 1999, Delegation of Authority No. 236–3 of August 28, 2000 (and, as appropriate, Delegation of Authority No. 257 of April 15, 2003), I hereby determine that the objects to be included in the exhibition “Van Gogh and Nature,” imported from abroad for temporary exhibition within the United States, are of cultural significance. The objects are imported pursuant to loan agreements with the foreign owners or custodians. I also determine that the exhibition or display of the exhibit objects at the Sterling and Francine

Clark Art Institute, Williamstown, Massachusetts, from on or about June 14, 2015, until on or about September 13, 2015, and at possible additional exhibitions or venues yet to be determined, is in the national interest. I have ordered that Public Notice of these Determinations be published in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: For further information, including a list of the exhibit objects, contact the Office of Public Diplomacy and Public Affairs in the Office of the Legal Adviser, U.S. Department of State (telephone: 202–632–6471; email: section2459@state.gov). The mailing address is U.S. Department of State, L/PD, SA–5, Suite 5H03, Washington, DC 20522–0505.

Dated: May 18, 2015.

Kelly Keiderling,

Principal Deputy Assistant Secretary, Bureau of Educational and Cultural Affairs, Department of State.

TENNESSEE VALLEY AUTHORITY

Environmental Impact Statement for the Disposal of Coal Combustion Residuals From the Bull Run Fossil Plant

AGENCY: Tennessee Valley Authority.

ACTION: Notice of Intent.

SUMMARY: This notice of intent is provided in accordance with the Council on Environmental Quality’s regulations (40 CFR parts 1500–1508) and Tennessee Valley Authority’s (TVA) procedures implementing the National Environmental Policy Act (NEPA). TVA intends to prepare an environmental impact statement (EIS) to address the continued disposal of Coal Combustion Residuals (CCR) from the Bull Run Fossil Plant (BRF).

DATES: To ensure consideration, comments on the scope of the EIS must be postmarked or emailed no later than July 6, 2015.

ADDRESSES: Written comments on the scope of the *Disposal of Coal Combustion Residuals from Bull Run Fossil Plant EIS* should be sent to Anita E. Masters, Project Environmental Planning, NEPA Project Manager, Tennessee Valley Authority, 1101 Market Street, Mail Stop BR 4A, Chattanooga, Tennessee 37402. Comments may also be submitted on the project Web site at <http://www.tva.com/environment/reports/index.htm> or by email at BRF_CCR_Disposal@tva.gov.

FOR FURTHER INFORMATION CONTACT:

Other project related questions should be sent to Myra Ireland, Senior Strategic Communications Partner, Communications, Tennessee Valley Authority, 1101 Market Street, Mail Stop LP 5B, Chattanooga, Tennessee 37402 or by email at mhireland@tva.gov.

SUPPLEMENTARY INFORMATION:

TVA Power System

TVA operates the nation’s largest public power system, producing 4 percent of all the electricity in the nation. TVA provides electricity to most of Tennessee and parts of Virginia, North Carolina, Georgia, Alabama, Mississippi, and Kentucky. It serves about 9 million people in this seven-state region through 155 power distributors and 57 directly served large industries and federal facilities. The TVA Act requires the TVA power system to be self-supporting and operated on a nonprofit basis, and directs TVA to sell power at rates as low as feasible.

TVA is in the process of converting its handling of CCR from wet systems to dry systems across its coal-fired system. In September 2012, TVA decided to construct a mechanical dewatering facility at BRF. This facility is currently under construction and will allow TVA to manage bottom ash and gypsum using a dry stack basis. Fly ash generated at BRF is already being handled and stored on a dry basis. TVA needs to plan for the future management of material since existing storage capacity for dry stack CCRs at BRF is limited.

Purpose and Need

TVA proposes to expand its capacity for managing CCRs from BRF by constructing a new dry storage area on TVA property adjacent to BRF. BRF has state-of-the-art air pollution controls and is one of TVA’s coal plants that is planned to continue to operate in the future. Construction of a new CCR dry storage area will provide additional CCR management capacity enabling TVA to continue operations at BRF. This proposal would be consistent with TVA’s voluntary commitment to convert wet CCR management systems to dry systems. This also would help TVA comply with the U.S. Environmental Protection Agency’s (EPA) recently issued Coal Combustion Residuals Rule.

Alternatives

This EIS will address alternatives that have reasonable prospects of providing a solution to the disposal of CCRs generated from BRF. TVA has determined that BRF has limited
