

from Italy.¹ The Department intends to issue preliminary results of this sunset review on or about October 20, 2004. In addition, the Department intends to issue its final results of this review on or about February 22, 2005 (120 days after the date of publication in the **Federal Register** of the preliminary results).

DATES: Effective September 24, 2004.

FOR FURTHER INFORMATION CONTACT: Hilary E. Sadler, Esq., Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street & Constitution Avenue, NW., Washington, DC 20230; telephone: (202) 482-4340.

Extension of Preliminary and Final Determinations

In accordance with section 751(c)(5)(C)(ii) of the Act, the Department may treat sunset reviews as extraordinarily complicated if the issues are complex in order to extend the period of time under section 751(c)(5)(B) of the Act for making a sunset determination. As discussed below, the Department has determined that these reviews are extraordinarily complicated. On June 1, 2004, the Department initiated a sunset review of the countervailing duty order on SSSS from Italy. See Initiation of Five-Year (Sunset) Reviews, 69 FR 30874 (June 1, 2004). The Department, in this proceeding, determined that it would conduct a full (240-day) sunset review of this order based on responses from the domestic and respondent interested parties to the notice of initiation. The Department's preliminary results of this review were scheduled for September 20, 2004. However, several complicated issues have arisen regarding issues raised by the parties and the effect of the recent section 129 implementation of the order with respect to ThyssenKrupp Acciai Speciali Terni, S.p.A. on this sunset review. See Notice of Implementation Under Section 129 of the Uruguay Round Agreements Act: Countervailing Measures Concerning Certain Steel Products From the European Communities, 68 FR 64858 (November 17, 2003).

Because of the numerous, complex issues in this proceeding, the Department will extend the deadlines.

¹ The Department normally will issue its preliminary results in a full sunset review not later than 110 days after the date of publication in the **Federal Register** of the notice of initiation. However, if the Secretary determines that a full sunset review is extraordinarily complicated under section 751(c)(5)(C) of the Tariff Act of 1930 ("the Act"), as amended, the Secretary may extend the period for issuing final results by not more than 90 days. See section 751(c)(5)(B) of the Act.

Thus, the Department intends to issue the preliminary results on or about October 20, 2004, and the final results not later than February 22, 2005, in accordance with section 751(c)(5)(B) and (C)(ii) of the Act.

Dated: September 20, 2004.

James J. Jochum,

Assistant Secretary for Import Administration.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[Docket No. 030602141-4268-10]

Call for Proposals for FY 2005 Coastal Services Center Integrated Ocean Observing Systems—Amendment

AGENCY: National Oceanic and Atmospheric Administration (NOAA), National Ocean Service (NOS).

ACTION: Notice.

SUMMARY: The National Ocean Service (NOS) publishes this notice to amend a notice entitled Availability of Grants Funds for Fiscal Year 2005 to make a revision to the NOS FY 2005 Coastal Services Center Integrated Ocean Observing System. NOS amends the notice to broaden an existing funding priority, to extend the due date for all applications to December 1, 2004, and to inform applicants that the maximum total available funding under this announcement is expected to be \$5,000,000.

DATES: All applications for projects must be received by the NOAA Coastal Services Center by COB on December 1, 2004.

ADDRESSES: All submissions should be directed to: NOAA Coastal Services Center, Attn: Paul Scholz, 2234 South Hobson Ave., Charleston, SC 29405-2413.

FOR FURTHER INFORMATION CONTACT: Paul Scholz, (843) 740-1208, Paul.Scholz@noaa.gov.

SUPPLEMENTARY INFORMATION: The National Ocean Service published a notice of availability of financial assistance in the **Federal Register** of June 30, 2004 (69 FR 125), entitled "Availability of Grant Funds for Fiscal Year 2005". The NOS Coastal Services Center had a Call for Proposals for the Director's office titled, "FY 2005 Coastal Services Center Integrated Ocean Observing System."

The program amends the June 30, 2004 notice by expanding one of the

existing program funding areas. NOS solicits projects that facilitate building partnerships and regional organizational structures for regional observing systems. Because, of agency-wide discussions the Coastal Services Center will consider proposals from seven additional geographical areas. The new geographic areas are: The southeastern U.S., the mid-Atlantic region, the Great Lakes region, the Pacific northwest region, the Alaskan region, the central California region, and the southern California region. In addition, the following represents an increase in the scope of the original announcement—all proposed projects should focus on core coordination activities primarily and build upon core coordination activities for any proposed development of data management, outreach, and other coordination or user needs activities.

NOS also increases the total maximum available funding that is expected under this announcement from \$1,000,000 to \$5,000,000 dollars depending on congressional appropriation. The Center expects to award eight to eleven grants of \$100,000 to \$400,000.

To accommodate the added geographical areas and the increased scope of the original geographies, the due date for proposals for all geographical areas is December 1, 2004. The application date for funding for the Pacific Islands, the Northeastern U.S., the northern Gulf of Mexico, and the Caribbean Islands will also be December 1, 2004, since the scope of the projects and proposals has now been broadened. If an applicant has already submitted an application, NOS will accept revisions.

All program requirements published in the June 30, 2004 notice apply to this notice. Full program information and requirements are found in the Federal Funding Opportunity (FFO) which can be found on www.Grants.gov Web site or on the Coastal Services Center Web site <http://www.csc.noaa.gov/funding>.
