

with lettering no smaller than five-eighths of an inch in height; or

(ii) A reduced sign, five by seven inches in size with lettering of the same proportion as the large sign described in paragraph (a) of this subsection.

(C) Contain a graphic depiction of the message to assist nonreaders in understanding the message. The depiction of a pregnant female shall be universal and shall not reflect a specific race or culture.

(D) Be in English unless a significant number of the patrons of the retail premises use a language other than English as a primary language. In such cases, the sign shall be worded both in English and the primary language or languages of the patrons.

(E) Be displayed on the premises of all licensed retail liquor premises as either a large sign at the point of entry, or a reduced sized sign at points of sale.

(3) The person described in subsection (1) of this section shall also post signs of any size at places where alcoholic beverages are displayed.

(g) *Civil Penalty:*

(1) Any person who violates the provisions of this Ordinance is deemed to have consented to the jurisdiction of the Tribal Court and may be subject to a civil penalty in Tribal Court for a civil infraction. Such civil penalty shall not exceed the sum of \$1,000 for each such infraction, provided, however, that the penalty shall not exceed \$5,000 if it involves minors.

(2) The procedures governing the adjudication in Tribal Court of such civil infractions shall be those set out in the Tribal Court rules.

(3) The Tribal Council hereby specifically finds that such civil penalties are reasonably necessary and are related to the expense of governmental administration necessary in maintaining law and order and public safety on the Reservation and in managing, protecting and developing the natural resources on the Reservation. It is the legislative intent of the Tribal Council that all violations of this Chapter, whether committed by tribal members, non-member Indians, or non-Indians, be considered civil in nature rather than criminal.

(h) *Severability:*

(1) If a court of competent jurisdiction finds any provision of this Ordinance to be invalid or illegal under applicable Federal or Tribal law, such provision shall be severed from this Ordinance and the remainder of this Ordinance shall remain in full force and effect.

(i) *Consistency with State Law:*

(1) The Tribe will comply with Oregon Liquor Laws to the extent required by 18 U.S.C. 1161.

(j) *Effective Date:*

(1) This Ordinance shall be effective upon publication in the **Federal Register** after approval by the Secretary of the Interior or his designee.

I certify this to be a true copy of the Confederated Tribes of the Grand Ronde Community of Oregon Liquor Ordinance.

Jack Giffen, Jr.
Tribal Council Secretary.

Bureau of Land Management

[ID-111-1610-DR-049D]

Notice of Availability of the Record of Decision for the Snake River Birds of Prey National Conservation Area Resource Management Plan, Idaho

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of availability.

SUMMARY: The Bureau of Land Management (BLM) announces the availability of the Record of Decision (ROD) for the Snake River Birds of Prey National Conservation Area (NCA) Resource Management Plan (RMP) located in Southwestern Idaho.

ADDRESSES: Copies of the ROD are available upon request from Boise District, Bureau of Land Management, 3948 Development Ave., Boise, Idaho 83705, phone 208-384-3300. Copies can also be downloaded in their entirety at <http://www.blm.gov/id/>.

FOR FURTHER INFORMATION CONTACT: John Sullivan, NCA Manager, BLM Four Rivers Field Office, 3948 Development Ave., Boise, Idaho 83705; phone 208-384-3300; e-mail John_Sullivan@blm.gov.

SUPPLEMENTARY INFORMATION: In accordance with the Federal Land Policy and Management Act of 1976 (FLPMA, 43 U.S.C. 1701 *et seq.*), the BLM prepared the NCA RMP to address management of approximately 484,000 acres of public land along 81 miles of the Snake River. The NCA was established on August 4, 1993, by Public Law 103-64 for the conservation, protection, and enhancement of the natural and environmental resources and values associated with the area, including raptor populations and habitats. The NCA RMP replaces portions of the 1983 Kuna Management Framework Plan (MFP), 1983 Bruneau MFP, 1987 Jarbidge RMP, 1988 Cascade RMP, and 1999 Owyhee RMP that affect

the NCA, and replaces the 1996 Snake River Birds of Prey NCA Management Plan.

The NCA RMP enhances the protection of remaining shrub communities through aggressive wildfire suppression; the restoration of up to 130,000 acres of shrub habitat; the completion of up to 100,000 acres of fuels management projects; the modification of Idaho Army National Guard training activities by limiting vehicle maneuver training to non-shrub communities, and providing 4,100 acres of additional maneuver training area; and the identification of area designations (i.e., livestock grazing, vehicle use, right-of-way avoidance, and utility corridors). The approved RMP is the same as Alternative D displayed in the Proposed RMP/Final EIS published in February 2008 with minor modifications and clarifications resulting from changes in the status of federally listed threatened and endangered species. In addition, the area known as Pasture 8B of the Battle Creek Allotment is no longer listed as closed to grazing, but may be grazed at BLM's discretion, under contract or as temporary non-renewable forage, for the purpose of meeting specific NCA resource management objectives, including weed reduction, hazardous fuels management, and ecological improvement. These minor modifications and clarifications did not result in substantial changes to the proposed action.

All protests received by the BLM regarding the RMP have been addressed. No inconsistencies with State or local plans, policies, or programs were identified during the Governor's consistency review of the proposed RMP.

Thomas H. Dyer,

Idaho State Director, Bureau of Land Management.
