The Charter for EPA’s Pesticide Program Dialogue Committee (PPDC) was established under the Federal Advisory Committee Act (FACA), Public Law 92-463, in September 1995, and was renewed November 2, 2007, for another 2-year period. The purpose of PPDC is to provide advice and recommendations to the EPA Administrator on issues associated with pesticide regulatory development and reform initiatives, evolving public policy and program implementation issues, and science issues associated with evaluating and reducing risks from use of pesticides. It is determined that PPDC is in the public interest in connection with the performance of duties imposed on the Agency by law. The objective of the PPDC Work Group on Web-Distributed Labeling is to provide advice regarding a process to ensure that the most current version of pesticide labeling is available to purchasers and users electronically.

Minnesota has revised the following rules: Disinfectants/Disinfection Byproducts Rule (DBPR); Interim Enhanced Surface Water Treatment Rule (IESWTR); Long Term 1 Enhanced Surface Water Treatment Rule; Small Public Water Systems Unregulated Contaminant Monitoring Requirements, Suspension; Chemical and Microbiological Contaminants, Analytical Methods and Laboratory Certification Requirements Revisions; IESWTR, Stage 1 DBPR and State Primacy Requirements, Revisions; Pollutant Analysis, Test Procedures, Guidelines Establishment; IESWTR, Stage 1 DBPR and State Primacy Requirements, Revisions; and IESWTR, Stage 1 DBPR and State Primacy Requirements, Revisions, Correction; Radionuclides Rule; Arsenic and Clarifications to Compliance and New Source Contamination Monitoring Rule; Filter Backwash Recycling Rule; Analytical Method for Coliforms and *E. coli* Rule; Lead and Copper Minor Revisions Rule; Analytical Method for Uranium Rule; Public Notification Rule; Removal of the Chloroform Maximum Contaminant Level Goal Rule;

Guidelines for Establishing Test Procedures for the analysis of Pollutants; and minor clarifications, revisions or corrections to previously adopted rules.

EPA has determined that these revisions by the State are no less stringent than the corresponding federal regulations. Therefore, EPA intends to approve these revisions to the State of Minnesota’s Public Water System Supervision Program. This approval action does not extend to public water systems in Indian Country, as the term is defined in 18 U.S.C. 1151. By approving these rules, EPA does not intend to affect the rights of federally recognized Indian Tribes in Minnesota, nor does it intend to limit existing rights of the State of Minnesota. Any interested party may request a public hearing. A request for a public hearing must be submitted by November 24, 2008, to the Regional Administrator at the EPA Region 5 address shown below. The Regional Administrator may deny frivolous or insubstantial requests for a hearing. However, if a substantial request for a public hearing is made by November 24, 2008, EPA Region 5 will hold a public hearing. If EPA Region 5 does not receive a timely and appropriate request for a hearing and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall become final and effective on November 24, 2008. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person’s interest in the Regional Administrator’s determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.
