FMVSS No. 109 requires that each tire shall have permanently molded into or onto both sidewalls the actual number of plies in the sidewall, and the actual number of plies in the tread area if different (S4.3 (e)). The Tupelo, Mississippi, tire manufacturing facility had nine (9) molds involved in producing tires during the thirteenth through sixteenth production weeks of 2001, in which the number of polyester tread plies was incorrectly stated. According to Cooper, the subject tires were molded "TREAD 2 PLY STEEL + 1 PLY POLYESTER, SIDEWALL 2 PLY POLYESTER." The correct molding to match the actual tire construction should have been "TREAD 2 PLY STEEL + 2 PLY POLYESTER, SIDEWALL 2 PLY POLYESTER."

The incorrect number of polyester tread plies was removed from the molds by buffing and the correct number of polyester tread plies inserted; however, prior to the molds being correctly stamped, 503 tires, of which 40 were Futura tires owned by Pep Boys, were inadvertently shipped marked as having only one polyester tread ply. Cooper states that the incorrect number of polyester tread plies on each tire does not present a safety-related defect. The involved tires, in fact, have two polyester tread plies instead of one. The involved tires produced from these molds during the aforementioned production periods comply with all other requirements of 49 CFR 571.109.

Interested persons are invited to submit written data, views, and arguments on the application described above. Comments should refer to the docket number and be submitted to: U.S. Department of Transportation, Docket Management, Room PL-401, 400 Seventh Street, SW., Washington, DC 20590. It is requested that two copies be submitted.

All comments received before the close of business on the closing date indicated below will be considered. The application and supporting materials, and all comments received after the closing date, will also be filed and will be considered to the extent possible. When the application is granted or denied, the notice will be published in the **Federal Register** pursuant to the authority indicated below. Comment closing date: (30 days after Publication Date).
