

Pursuant to this authority, the Commission in 1989 adopted Rule 15a-6, which was subsequently redesignated as Rule 15g-9, 17 CFR 240.15g-9 (the "Rule"). The Rule requires broker-dealers to produce a written suitability determination for, and to obtain a written customer agreement to, certain recommended transactions in penny stocks that are not registered on a national securities exchange, and whose issuers do not meet certain minimum financial standards. The Rule is intended to prevent the indiscriminate use by broker-dealers of fraudulent, high pressure telephone sales campaigns to sell penny stocks to unsophisticated customers.

The Commission staff estimates that there are approximately 221 broker-dealers subject to the Rule. The burden of the Rule on a respondent varies widely depending on the frequency with which new customers are solicited. On the average for all respondents, the staff has estimated that respondents process three new customers per week, or approximately 156 new customer suitability determinations per year. We also estimate that a broker-dealer would expend approximately one-half hour per new customer in obtaining, reviewing, and processing (including transmitting to the customer) the information required by Rule 15g-9, and each respondent would consequently spend 78 hours annually (156 customers $\times$.5 hours) obtaining the information required in the rule. We determined, based on the estimate of 221 broker-dealer respondents, that the current annual burden of Rule 15g-9 is 17,238 hours (221 respondents $\times$ 78 hours).

The broker-dealer must keep the written suitability determination and customer agreement required by the Rule for at least three years. Completing the suitability determination and obtaining the customer agreement in writing is mandatory for broker-dealers who effect transactions in penny stocks and do not qualify for an exemption, but does not involve the collection of confidential information.

SECURITIES AND EXCHANGE COMMISSION

Submission for OMB Review; Comment Request

Extension:

Form N-PX; SEC File No. 270-524, OMB Control No. 3235-0582

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") has submitted to the Office of Management and Budget ("OMB") a request for extension of the previously approved collection of information discussed below.

The title for the collection of information is "Form N-PX (17 CFR 274.129) under the Investment Company Act of 1940, Annual Report of Proxy Voting Record." Rule 30b1-4 (17 CFR 270.30b1-4) under the Investment Company Act of 1940 (15 U.S.C. 80a-1 *et seq.*) requires every registered management investment company, other than a small business investment company registered on Form N-5 ("Funds"), to file Form N-PX not later than August 31 of each year. Funds use Form N-PX to file annual reports with the Commission containing their complete proxy voting record for the most recent twelve-month period ended June 30.

The Commission estimates that there are approximately 2,500 Funds registered with the Commission, representing approximately 10,000 Fund portfolios, which are required to file Form N-PX.¹ The 10,000 portfolios

are comprised of 6,200 portfolios holding equity securities and 3,800 portfolios holding no equity securities. The staff estimates that portfolios holding no equity securities require approximately a 0.17 hour burden per response and those holding equity securities require 7.2 hours per response. The overall estimated annual burden is therefore approximately 45,300 hours ((6,200 responses $\times$ 7.2 hours per response for equity holding portfolios) + (3,800 responses $\times$ 0.17 hours per response for non-equity holding portfolios)). Based on the estimated wage rate, the total cost to the industry of the hour burden for complying with Form N-PX would be approximately \$14.5 million.

The Commission also estimates that portfolios holding equity securities will bear an external cost burden of \$1,000 per portfolio to prepare and update Form N-PX. Based on this estimate, the Commission estimates that the total annualized cost burden for Form N-PX is \$6.2 million (6,200 responses $\times$ \$1,000 per response = \$6,200,000).

The collection of information under Form N-PX is mandatory. The information provided under the form is not kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The public may view the background documentation for this information collection at the following Web site, www.reginfo.gov. ¹ The estimate of 2,500 Funds is based on the number of management investment companies currently registered with the Commission. We estimate, based on data from the Investment Company Institute and other sources, that there are approximately 5,700 Fund portfolios that invest primarily in equity securities, 500 "hybrid" or bond portfolios that may hold some equity securities, 3,200 bond Funds that hold no equity securities, and 600 money market Funds, for a total of 10,000 portfolios required to file Form N-PX.
