1. Section 205 of the Federal Power Act (FPA), 16 U.S.C. 824d (2000), *accord* 18 CFR part 35 (2003), requires that all rates, terms and conditions of jurisdictional services be filed with the Commission. In Order No. 2001,¹ a final rule establishing revised public utility filing requirements for rates, terms and conditions of jurisdictional services,² the Commission required public utilities, including power marketers, to file, among other things, Electric

Quarterly Reports summarizing the contractual terms and conditions in their agreements for all jurisdictional services (including market-based power sales, cost-based power sales, and transmission service) and transaction information (including rates) for short-term and long-term market-based power sales and cost-based power sales during the most recent calendar quarter. In Order No. 2001–C,³ the Commission required public utilities to file their Electric Quarterly Reports using software provided by the Commission. Commission staff review of the Electric Quarterly Report submittals has revealed that a number of public utilities that previously had been granted authority to sell power at market-based rates have failed to file Electric Quarterly Reports. Accordingly, this order notifies those public utilities that their market-based rate authorizations will be revoked unless they comply with the Commission's requirements.

2. In Order No. 2001, the Commission stated that,

[i]f a public utility fails to file a[n] Electric Quarterly Report (without an appropriate request for extension), or fails to report an agreement in a report, that public utility may forfeit its market-based rate authority and may be required to file a new application for market-based rate authority if it wishes to resume making sales at market-based rates.⁴

3. The Commission further stated that,

[t]he Electric Quarterly Reports are designed to satisfy the FPA section 205(c) requirements. For power marketers, the Electric Quarterly Report is intended to replace the current filing of Quarterly Transaction Reports summarizing their market-based rate transactions and the filing of long-term agreements. Electric Quarterly Reports are also intended to replace the Quarterly Transaction Reports and rate filings required of traditional utilities with market-based rate authority. Once this rule becomes effective, the requirement to comply with this rule will supersede the conditions in public utilities' market-based rate authorizations and failure to comply with the requirements of this rule will subject public utilities to the same consequences they would face for not satisfying the conditions in their rate authorizations, including possible revocation of their authority to make wholesale power sales at market-based rates.⁵

4. Commission staff has determined that a number of public utilities that had been granted market-based rate authority have failed to file their

Electric Quarterly Reports.⁶ Commission staff has made a concerted effort to contact all of the non-filing utilities listed in the caption by letter, by e-mail and by telephone to inform them of their regulatory obligation. On April 24, 2003, the Secretary of the Commission sent letters to 423 companies reminding them that they were required to file the Electric Quarterly Report. The letters stated:

[w]ithin thirty (30) days of the date of this letter, your company utility must file Electric Quarterly Reports for the 2nd, 3rd, and 4th Quarters of 2002 and the 1st Quarter of 2003. Failure to do so may result in the Commission's revocation of your market-based rate authority in accordance with Order No. 2001. * * * Please provide your immediate attention to this important compliance matter.⁷

5. Most of the public utilities listed in the caption of this order were sent this letter. In some cases, the letters were returned unopened. Commission staff called the power marketer contacts on file and searched Commission records and the Internet to identify alternate addresses and contacts. Where an alternate address or contact could be identified, a second letter and/or an e-mail was sent, or phone calls were made. Most of these inquiries also received no response. Notwithstanding efforts to find the non-filing public utilities listed in the caption of this order to remind them of their filing obligations, they have not complied with the requirement to file Electric Quarterly Reports.

6. Accordingly, the market-based rate authorizations for those public utilities identified in the caption of this order will be revoked unless they comply with the Commission's requirements.

The Commission orders:

(A) Within 30 days of the date of issuance of this order, each public utility listed in the caption of this order shall file its Electric Quarterly Reports for the 2nd, 3rd, and 4th Quarters of 2002, the 1st, 2nd, 3rd, and 4th Quarters of 2003 and the 1st and 2nd Quarters of 2004. If a public utility fails to make this filing, the Commission will revoke that public utility's authority to sell power at market-based rates and terminate its electric market-based rate tariff. Upon expiration of the filing deadline in this order, the Secretary shall promptly issue a notice, effective on the date of

Air Quality Criteria for Particulate Matter (External Review Draft)

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice; extension of public comment period.

SUMMARY: The U.S. Environmental Protection Agency (EPA) is extending the public comment period on the revised drafts of Chapters 7, 8, and 9 of EPA's document, *Air Quality Criteria for Particulate Matter*, to July 30, 2004. In a previous **Federal Register** notice (69 FR 35028, June 23, 2004), the National Center for Environmental Assessment (NCEA), within EPA's Office of Research and Development, announced the availability for public review and comment of revised drafts of Chapters 7, 8, and 9 of EPA's document *Air Quality Criteria for Particulate Matter*, which incorporate revisions made in response to earlier external review of those chapters. The June 23, 2004, notice announced that the public comment period closed on July 20, in preparation for review by the EPA Science Advisory Board's Clean Air Act Scientific Advisory Committee (CASAC) on July 20 and 21, 2004. The date and arrangements for the CASAC meeting were announced in the **Federal Register** on June 9, 2004 (69 FR 32344).

DATES: Comments on the draft chapters must be submitted in writing no later than July 30, 2004. Send the written comments to the Project Manager for Particulate Matter, National Center for Environmental Assessment (B243-01), U.S. Environmental Protection Agency, Research Triangle Park, NC 27711.

ADDRESSES: The revised Chapters 7, 8, and 9 of the *Air Quality Criteria for*

Particulate Matter are available on CD ROM from NCEA. Contact Ms. Diane Ray by phone (919-541-3637), fax (919-541-1818), or e-mail (ray.diane@epa.gov) to request these chapters. Please provide the document's title, *Air Quality Criteria for Particulate Matter*, and the EPA numbers for each of the three revised chapters (EPA/600/P-99/002aE, EPA/600/P-99/002bE), as well as your name and address, to properly process your request. The draft chapters are also available on the NCEA Web site at <http://www.epa.gov/ncea>. Hard copies of the revised chapters can also be made available upon request.
