BILLING CODE 4165-15-P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

[Document Identifier: OS-0937-0025]

Agency Information Collection Request; 30-Day Public Comment Request

AGENCY: Office of the Secretary, HHS.

ACTION: Notice.

SUMMARY: In compliance with the requirement of the Paperwork Reduction Act of 1995, the Office of the Secretary (OS), Department of Health

and Human Services, is publishing the following summary of a proposed collection for public comment.

DATES: Comments on the ICR must be received on or before January 19, 2024.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT:

Sherrette Funn, Sherrette.Funn@hhs.gov or (202) 264-0041, or PRA@HHS.GOV. When submitting comments or requesting information, please include the document identifier 0937-0025-30D and project title for reference.

SUPPLEMENTARY INFORMATION: Interested persons are invited to send comments regarding this burden estimate or any other aspect of this collection of information, including any of the following subjects: (1) The necessity and utility of the proposed information collection for the proper performance of the agency's functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity

of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: U.S. Public Health Service Commissioned Corps.

Type of Collection: Extension.

OMB No.: 0937-0025.

Abstract: Under the Department of Health and Human Services, The Commissioned Corps of the U.S. Public Health Service has a need for the information in order to assess the qualifications of each applicant and make a determination whether the applicant meets the requirements to receive a commission. The information is used to make determinations on candidates/applicants seeking appointment to the Regular Corps and Ready Reserve Corps to assess whether they are suitable for life in the uniformed services based upon a review of a variety of assessment factors including, but not limited to personal adjustment, employment history, character, and a candidate's prior history of service in one of the uniformed services. Their potential for leadership as a commissioned officer and their ability to deal effectively with people is evaluated.

ANNUALIZED BURDEN HOUR TABLE

Type of respondent	Form name	Number of Regular Corps respondents	Number of Reserve Corps respondents	Number response per respondent	Average burden per responses (in hours)	Total burden hours
Interested Health Professionals ...	Prequalification Questionnaire	6,000	1,000	1	10/60	1,167
Health Professionals	Form PHS-50	3,000	500	1	15/60	875
References (college professors/ teachers)	Form PHS-1813	3,000	500	1	15/60	875
Health Professionals	Addendum: Commissioned Corps Personal Statement.	3,000	500	1	15/60	875
Total	3,792

utility of the proposed information collection for the proper performance of the agency’s functions; (2) the accuracy of the estimated burden; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

Title of the Collection: ASPE Generic Clearance for the Collection of Qualitative Research and Assessment.

Type of Collection: (Revision).

OMB No. 0990-0421—Office of the Assistant Secretary for Planning and Evaluation (ASPE).

Abstract: The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is requesting a three-year renewal with change for their generic clearance for purposes of conducting qualitative research. The ICR is for an extension of the approved information collection assigned OMB control number 0990-0421, scheduled to expire on January 31, 2024. ASPE conducts qualitative research to gain a better understanding of emerging health and human services policy issues, develop future intramural and extramural research projects, and to ensure HHS leadership, agencies and offices have recent data and information to inform program and policy decision-making. ASPE is requesting approval for at least four types of qualitative research which include, but are not limited to, (a) interviews, (b) focus groups, (c) questionnaires, and (d) other qualitative methods.

ASPE advises the Secretary of the Department of Health and Human Services on policy development in health, disability, human services, data, and science, and provides advice and analysis on economic policy. ASPE leads special initiatives, coordinates many of the Department’s evaluation, research and demonstration activities, and manages cross-Department planning

activities such as implementation of the Evidence Act, strategic planning, legislative planning, and review of regulations. Integral to this role, ASPE will use this mechanism to conduct qualitative research, evaluation, or assessment, conduct analyses, and understand needs, barriers, or facilitators for HHS-related programs and services.

ASPE is requesting comment on the increased burden for qualitative research aimed at understanding emerging health and human services policy issues. The goal of developing these activities is to identify emerging issues and research gaps to ensure the successful implementation of HHS programs. The participants may include health and human services experts; national, state, and local health or human services representatives; public health, human services, or healthcare providers; and representatives of other health or human services organizations, and people with lived experience.

Need and Proposed Use of the Information: ASPE is requesting comment on the burden for qualitative research aimed at understanding emerging health and human services policy issues. The goal of developing these activities is to identify emerging issues and research gaps to ensure the successful implementation of HHS programs. The participants may include health and human services experts; national, state, and local health or human services representatives; public health, human services, or healthcare providers; and representatives of other health or human services organizations, and people with lived experience. The increase in burden from 2,000 annually in 2020 to 5,000 respondents annually in 2023 reflects an increase in the number of research projects and information collections expected to be conducted over the next three years.

ESTIMATED ANNUALIZED BURDEN TABLE

Type of respondent	Number of respondents	Number responses per respondent	Average burden per response (in hours)	Total burden hours per year
Health or Human Services Policy Stakeholder	5,000	1	1	5,000
Total	5,000	1	1	5,000
