AGENCY: Environmental Protection Agency.

ACTION: Notice of proposed reissuance of NPDES General Permit and request for public comment.

SUMMARY: The Director of the Water Division, Environmental Protection Agency (EPA) Region 10, proposes to reissue the National Pollutant Discharge Elimination System (NPDES) General Permit for Tribal Enhancement and Federal Research Marine Net Pen Facilities Within Puget Sound (draft general permit). Existing enhancement and research facilities may request authorization to discharge under the general permit by submitting a Notice of Intent (NOI) no more than ninety (90) days following the effective date of the permit. New enhancement or research facilities that begin operations after the effective date of the general permit must submit a NOI at least 180 days prior to initiation of operations. Upon receipt, EPA will review the NOI to ensure that all permit requirements are met. III. What is the Agency's authority for taking this action?

Section 6(f)(1) of FIFRA (7 U.S.C. 136d(f)(1)) provides that a registrant of a pesticide product may at any time request that any of its pesticide registrations be canceled or amended to terminate one or more uses. FIFRA further provides that, before acting on the request, EPA must publish a notice of receipt of any such request in the **Federal Register**.

Section 6(f)(1)(B) of FIFRA (7 U.S.C. 136d(f)(1)(B)) requires that before acting on a request for voluntary cancellation, EPA must provide a 30-day public comment period on the request for voluntary cancellation or use termination. In addition, FIFRA section 6(f)(1)(C) (7 U.S.C. 136d(f)(1)(C)) requires that EPA provide a 180-day comment period on a request for voluntary cancellation or termination of any minor agricultural use before granting the request, unless:

1. The registrants request a waiver of the comment period, or
2. The EPA Administrator determines that continued use of the pesticide would pose an unreasonable adverse effect on the environment.

The registrants listed in Table 3 of Unit II have not requested that EPA waive the 180-day comment period. Accordingly, EPA will provide a 180-day comment period on the proposed requests.

IV. Procedures for Withdrawal of Request

Registrants who choose to withdraw a request for product cancellation should submit the withdrawal in writing to the person listed under **FOR FURTHER INFORMATION CONTACT**. If the products have been subject to a previous cancellation action, the effective date of cancellation and all other provisions of any earlier cancellation action are controlling.

V. Provisions for Disposition of Existing Stocks

Existing stocks are those stocks of registered pesticide products that are

currently in the United States and that were packaged, labeled, and released for shipment prior to the effective date of the cancellation action.

In any order issued in response to these requests for cancellation of product registrations EPA proposes to include the following provisions for the treatment of any existing stocks of the products listed in Table 1 and Table 2 of Unit II.

For products 100–1117, 100–1121, 100–1122, 100–1157, 100–1179, 100–1182, 100–1212, and 100–1362.

For products 100–1117, 100–1121, 100–1122, 100–1157, 100–1179, 100–1182, 100–1212, and 100–1362 listed in Table 1 of Unit II, the registrant has requested the effective date of the cancellations to be November 2, 2020; therefore, the registrant will be permitted to sell and distribute existing stocks of this product until November 2, 2021. Thereafter, the registrant will be prohibited from selling or distributing the product in Table 1 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

For all other voluntary product cancellations, listed in Table 2 of Unit II, the registrants will be permitted to sell and distribute existing stocks of voluntarily canceled products for 1 year after the effective date of the cancellation, which will be the date of publication of the cancellation order in the **Federal Register**. Thereafter, registrants will be prohibited from selling or distributing the products identified in Table 2 of Unit II, except for export consistent with FIFRA section 17 (7 U.S.C. 136o) or for proper disposal.

Persons other than the registrant may sell, distribute, or use existing stocks of canceled products until supplies are exhausted, provided that such sale, distribution, or use is consistent with the terms of the previously approved labeling on, or that accompanied, the canceled products.

Authority: 7 U.S.C. 136 *et seq.*

Dated: November 23, 2020.
