Request for Deceased Individual's Social Security Record—20 CFR 402.130—0960-0665. When a member of the public requests an individual's Social Security record, SSA needs the name and address of the requestor as well as a description of the requested record to process the request. SSA uses

the information the respondent provides on Form SSA-711, or via an Internet request through SSA's electronic Freedom of Information Act (eFOIA) Web site, to (1) verify the wage earner is deceased and 2) access the correct Social Security record. Respondents are members of the public requesting deceased individuals' Social Security records.

To do so, beneficiaries must provide SSA with information the agency will use to re-evaluate its determination. In addition, after SSA selects a representative payee to receive benefits

on a beneficiary's behalf, the payees provide SSA with information on their continuing relationship and responsibility for the beneficiaries, and explain how they use the beneficiaries' payments.
