Section 3506(c)(2)(A) of the PRA, 44 U.S.C. 3506(c)(2)(A), requires Federal agencies to provide a 60-day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. Notification of Pending Legal Proceedings Pursuant to 17 CFR 1.60, OMB Control Number 3038-0033-Extension

The rule is designed to assist the Commission in monitoring legal proceedings involving the responsibilities imposed on contract markets and their officials and futures commission merchants (FCMs) and their principals by the Commodity Exchange Act, or otherwise.

The Commission's rules require FCMs and introducing brokers: (1) To provide their customers with standard risk disclosure statements concerning the risk of trading commodity interests; and (2) to retain all promotional material and the source of authority for information contained therein. The purpose of these rules is to ensure that customers are advised of the risks of trading commodity interests and to avoid fraud and misrepresentations. In addition, the Commission's rules impose obligations on contract markets that are designed to avoid manipulation and fraud. In order to ensure compliance with these rules, the Commission requires the information whose collection and dissemination is required under 17 CFR 1.60.

The Commission estimates the burden of this collection of information as follows:

ESTIMATED ANNUAL REPORTING BURDEN

17 CFR Section	Annual number of respondents	Total annual respondents	Hours per response	Total hours
1.60	108	1	.20	.20

There are no capital costs or operating and maintenance costs associated with this collection.

Issued in Washington, DC on December 20, 2011, by the Commission.

David A. Stawick,

Secretary of the Commission.

Notice of Intent To Expand Implementation of the TRICARE® Program in Alaska

AGENCY: Office of the Assistant Secretary of Defense for Health Affairs, DoD.

ACTION: Notice.

SUMMARY: The Office of the Assistant Secretary of Defense for Health Affairs announces the intent to expand implementation of the TRICARE Program in Alaska. The expansion will require the Managed Care Support Contractor to develop and operate a TRICARE civilian preferred provider network under 32 CFR 199.17(p) within the Anchorage Prime Service Area of Alaska. Eligible TRICARE beneficiaries will be permitted to enroll in Prime with assignment to Military Treatment Facility (MTF) Primary Care Managers (PCMs) consistent with established priorities provided in 32 CFR 199.17(c) or assignment to a PCM within the TRICARE civilian preferred provider network. The initial expansion included the Prime Service Areas around Fort Wainwright and Eielson Air Force Base.

Under 32 Code of Federal Regulations (CFR) 199.1(b), the Director had previously limited the program in Alaska. Subsequently through the notice of November 3, 2010, http://www.access.gpo.gov/su_docs/fedreg/a101103c.html, the limitation was partially revoked, and now the Director is revoking another part of the prior limitation in Alaska and intends to provide the benefit under 32 CFR 199.17 (p).

Extension of Autism Services Demonstration Project for TRICARE Beneficiaries Under the Extended Care Health Option

AGENCY: Department of Defense.

ACTION: Notice of demonstration.

SUMMARY: This notice provides a 2-year extension of the Department of Defense Enhanced Access to Autism Services Demonstration Project under the Extended Care Health Option for beneficiaries diagnosed with an Autism Spectrum Disorder (ASD). Under the demonstration, the Department implemented a provider model that allows reimbursement for Intensive Behavioral Interventions (IBI) services, in particular, Applied Behavior Analysis, rendered by providers who are not otherwise eligible for reimbursement.

DATES: The demonstration will continue through March 14, 2014.

ADDRESSES: TRICARE Management Activity (TMA), Health Plan Operations, 5111 Leesburg Pike, Suite 810, Falls Church, VA 22041.

FOR FURTHER INFORMATION CONTACT: For questions pertaining to this demonstration project, please contact Mr. Richard Hart at (703) 681-0047.

SUPPLEMENTARY INFORMATION: On December 4, 2007, the Department of Defense published a Notice in the **Federal Register** (FR) (72 FR 68130) of a TRICARE demonstration to increase access to IBI services. The purpose of the demonstration is to allow the Department to determine whether such a provider model increases access to services, the services are reaching those most likely to benefit from them, the quality of the services rendered meets the standard of care currently accepted by the community of providers, and whether State requirements for licensure or certification of providers of IBI services, where such exists, are being met.

The effective date was 60 days following publication of the Notice, and the demonstration was implemented on March 15, 2008 for a period of 2 years.

Recognizing that the subject of ASDs is complex, in particular, with respect to the number of individuals diagnosed with ASD, the treatment of ASD that generally includes several years of behavior modification through educational services, and the ability of the provider community to increase the number of qualified providers, the

Department published a Notice in the **Federal Register** (FR) (75 FR 8928) on February 26, 2010 that extended the Demonstration through March 14, 2012. The Department has determined that continuation of the demonstration for an additional 2 years is both in the best interest of TRICARE beneficiaries diagnosed with an ASD, and necessary to fully evaluate the effectiveness of the delivery model employed by the demonstration. This will provide the Secretary with sufficient information to make a formal decision regarding the use of that delivery model. The demonstration continues to be authorized by Title 10, United States Code, Section 1092.

Dated: December 21, 2011.

Aaron Siegel,
Alternate OSD Federal Register Liaison Officer, Department of Defense.
