

federally assisted action indicates that the project will not cause significant local, regional, or national impacts on the environment. Based on evidence presented, David L. McKay, State Conservationist, has determined that the preparation and review of an environmental impact statement are not needed for this project.

The project proposes to decommission the Fredonia FRS by converting the dam to a levee/floodway and directing flows north to a floodway discharging to Kanab Creek. This will meet the project purpose of providing for continued 100-year flood protection for the Town of Fredonia, Arizona, and surrounding areas.

The Notice of a Finding of No Significant Impact (FONSI) has been forwarded to the Environmental Protection Agency and to various Federal, State, and local agencies and interested parties. Copies of the FONSI are available to fill single copy requests at the above address. Basic data developed during the environmental assessment are on file and may be reviewed by contacting Don Paulus, Assistant State Conservationist for Programs, at the above address.

No administrative action on implementation of the proposal will be taken until 30 days after the date of this publication in the **Federal Register**.

(This activity is listed in the Catalog of Federal Domestic Assistance under No. 10.904, Watershed Protection and Flood Prevention, and is subject to the provisions of Executive Order 12372, which requires intergovernmental consultation with State and local officials.)

Dated: September 28, 2009.

State Conservationist.

Rural Business—Cooperative Service

Inviting Applications for Value-Added Producer Grants

AGENCY: Rural Business—Cooperative Service, USDA.

ACTION: Notice to correct dates.

SUMMARY: The Rural Business—Cooperative Service (RBS) announces corrections for anticipated award date and eligible grant period dates for the Value-Added Producer Grant.

SUPPLEMENTARY INFORMATION: RBS published a Notice of Funds Availability (NOFA) on September 1, 2009 stating an anticipated award date

of January 7, 2010 for Value-Added Producer Grants. Due to the delay in publication of the NOFA in the **Federal Register**, this award date does not allow sufficient time for scoring and processing applications. Therefore the anticipated award date is May 3, 2010.

In addition, the delay was not reflected in dates for grant period eligibility for which the NOFA incorrectly stated "Projects cannot begin earlier than March 1, 2010 and cannot end later than February 28, 2013. Applications that request funds for a time period beginning prior to March 1, 2010 and/or ending after February 28, 2013 will be considered ineligible, as will applications that exceed a maximum 36 months in length. Applicants may propose a start date falling any time during March 1, 2010 through September 30, 2010."

Therefore, the corrected grant period times are as follows. Projects cannot begin earlier than June 1, 2010 and cannot end later than November 30, 2013. Applications that request funds for a time period beginning prior to June 1, 2010 and/or ending after November 30, 2013 will be considered ineligible, as will applications that exceed a maximum of 36 months in length. Applicants may propose a start date falling any time during June 1, 2010 through November 30, 2010. Finally, the deadline for submission of applications to State Offices for a preliminary review is revised from October 1, 2009 to November 2, 2009.

Dated: September 11, 2009.

Administrator, Rural Business—Cooperative Service.
