SUPPLEMENTARY INFORMATION:

I. Background

DoD, GSA, and NASA are proposing to revise the FAR to implement regulatory changes made by the Small Business Administration (SBA) in its final rule which was published in the **Federal Register** at 78 FR 61113 on October 2, 2013, concerning contract consolidation and bundling. SBA's final rule implements the statutory requirements set forth at sections 1312 and 1313 of the Small Business Jobs Act of 2010 (Jobs Act) (Pub. L. 111-240). This proposed rule will encompass the acquisition of commercial items, including commercially available off-the-shelf (COTS) items.

Section 1312 of the Jobs Act amends the Small Business Act at 15 U.S.C. 644(q) to require Federal agencies to include in each solicitation for any multiple-award contract above the substantial bundling threshold of the Federal agency a provision soliciting bids from any responsible source, including responsible small business teaming arrangements or joint ventures of small business concerns. Section 1312 requires the FAR be amended to establish a Governmentwide policy regarding contract bundling, including regarding the solicitation of teaming and joint ventures, and to require agencies to publish said policy on their agency Web site. Section 1312 also requires the head of the Federal agency to publish on the Web site of the Federal agency a list and rationale for any bundled contract for which the Federal agency solicited bids or that was awarded by the agency.

Section 1313 amends the Small Business Act at 15 U.S.C. 657q to define the term "consolidation of contract requirements" to mean the use of a solicitation to obtain offers for a single contract or a multiple-award contract to satisfy two or more requirements of the Federal agency for goods or services that have been provided to or performed for the Federal agency under two or more separate contracts, each of which was lower in cost than the total cost of the contract for which the offers are solicited. The National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013 (2013 NDAA), Public Law 112-239, section 1671 further amended the definition of consolidation to include construction requirements.

Further, section 1313 prohibits the agency from carrying out an acquisition strategy that includes consolidation of contract requirements of the Federal agency with an estimated total value exceeding \$2 million, unless the Senior Procurement Executive or Chief Acquisition Officer for the Federal agency, before carrying out the acquisition strategy—

- Conducts market research;
- Identifies any alternative contracting approach that would involve a lesser degree of consolidation of contract requirements;
- Makes a written determination that the consolidation of contract requirements is necessary and justified;
- Identifies any negative impact by the acquisition strategy on contracting with small business concerns; and
- Ensures that steps will be taken to include small business concerns in the acquisition strategy.

II. Discussion and Analysis

Amendments to the FAR are proposed by this rule. The proposed changes are summarized in the following paragraphs.

A. *FAR Subpart 2.1, Definitions.* This subpart is amended to revise the definition of "bundling" for clarity, incorporating the definition of "bundled contract", and to add a new definition for "consolidation, consolidation of contract requirements, consolidated contract or consolidated requirement". In keeping with SBA's final rule and section 1671 of the NDAA for FY 2013, Public Law 112-239, the latter definition also encompasses the consolidation of construction requirements. This subpart is also amended to add a definition for "small business teaming arrangement".

B. *FAR Subpart 5.2, Synopses of Proposed Contract Actions.* A conforming cross-reference has been added at FAR 5.205(g).

C. *FAR Subpart 7.1, Acquisition Plans.*

- FAR 7.103—This section is amended to clarify that agencies are to ensure that unnecessary and unjustified consolidation is avoided.
- FAR 7.104—This section is amended to remove the substantial bundling thresholds at FAR 7.104. The substantial bundling thresholds are relocated to the proposed new section FAR 7.107-4, Substantial Bundling, for clarity and consistency with the new proposed structure of FAR 7.107. An additional revision was made to clarify that small business is to be a discipline that is represented in the acquisition planning team.

- FAR 7.105—This section is amended by adding a reference to the statutory authority for limiting the use of acquisition strategies involving the consolidation of contract requirements.

- FAR 7.107—This section is amended by revising the title of the section and adding the statutory authority for the consolidation of contract requirements. This section also proposes to clarify that if a requirement is considered both consolidated and bundled, the agency must follow the guidance regarding bundling. In addition, this section is amended by restructuring FAR 7.107 to add proposed subsections FAR 7.707-1, General, FAR 7.107-2, Consolidation of contract requirements, FAR 7.107-3 Bundling, FAR 7.107-4 Substantial Bundling, FAR 7.107-5 Notifications, and 7.107-6 Solicitation provision. The proposed revisions are as follows:

- FAR 7.107-1—General. This proposed new section provides information relevant to both consolidation and bundling, such as evaluation of benefits, substantial benefits, and applicability.
- FAR 7.107-2—Consolidation of contract requirements. This proposed new section is added to clarify that an agency may not conduct an acquisition exceeding \$2 million that is a consolidation of contract requirements unless the agency's Senior Procurement Executive or Chief Acquisition Officer: (1) Justifies the consolidation by showing that the benefits of the consolidated acquisition substantially exceed the benefits of each possible alternative approach that would involve a lesser degree of consolidation and (2) identify any negative impact by the acquisition strategy on contracting with small business concerns.

- FAR 7.107-3—Bundling. This proposed new section clarifies language regarding the requirements a contracting officer must adhere to prior to conducting an acquisition strategy that involves the bundling of contract requirements.

- FAR 7.107-4—Substantial Bundling. This proposed new section includes the substantial bundling thresholds relocated from FAR 7.104(d) and existing documentation requirements.

- FAR 7.107-5—Notifications. This proposed new section is added to require Federal agencies to: (1) Notify current small business contractors of an agency's intent to bundle a contract requirement that was not previously bundled at least 30 days prior to the issuance of the solicitation; (2) provide public notification of an agency's intent to bundle by publishing on the agency's

Web site a list and rationale for any bundled requirement for which the agency solicited offers or issued an award; (3) require the agency to notify SBA of a follow-on bundled or consolidated contract requirement; and (4) publish the Governmentwide policy regarding contract bundling, including regarding the solicitation of teaming and joint ventures, on their agency Web site.

○ FAR 7.107–6—Solicitation Provision. This proposed new section is added to prescribe a new provision 52.207–XX “Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts)”, in solicitations for multiple-award contracts that are estimated to be above the agency’s substantial bundling threshold.

D. *FAR Subpart 8.4, Federal Supply Schedules*. Proposed revisions to FAR 8.404(c)(2) are necessary to apply consolidation requirements to orders.

E. *FAR Part 10, Market Research*. Proposed revisions to FAR 10.001 are necessary to add references to the statutory authority for the consolidation of contract requirements.

F. *FAR Subpart 12.3, Solicitation Provisions and Contract Clauses for the Acquisition of Commercial Items*.

Proposed revisions to FAR 12.301(d)(4) are necessary to add a reference to the new provision for multiple-award contracts over the substantial bundling thresholds at FAR 52.207–XX, Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts).

G. *FAR Subpart 15.3, Source Selection*.

• FAR 15.304, Evaluation factors and significant subfactors. This section is amended by adding references to the consolidation of contract requirements.

H. *FAR Subpart 16.5, Indefinite-Delivery Contracts*.

• FAR 16.505, Ordering. This section is amended to apply consolidation requirements to orders.

• FAR 16.506, Solicitation provisions and contract clauses. This section is amended by adding a cross-reference to the prescription in FAR Subpart 7.1 for a new provision “Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts)”.

I. *Subpart 19.2, Policies*.

• FAR 19.201 General policy and 19.202–1 Encouraging small business participation in acquisitions. These sections are amended by adding references to the consolidation of contract requirements.

J. *FAR Subpart 52.2, Text of Provisions and Clauses*.

• FAR 52.207–XX, Solicitation of Offers from Small Business Concerns and Small Business Teaming Arrangements or Joint Ventures (Multiple-Award Contracts). This section is amended to include this provision in solicitations for multiple-award contracts when the estimated contract value is expected to exceed the agency’s substantial bundling threshold. The agency shall consider offers from any responsible source, including responsible small business concerns and teaming arrangements or joint ventures of small business concerns.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is not a significant regulatory action and, therefore was not subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

The change may have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* The Initial Regulatory Flexibility Analysis (IRFA) is summarized as follows:

DoD, GSA, and NASA are proposing to amend the FAR to provide uniform guidance consistent with SBA’s final rule which was published in the **Federal Register** at 78 FR 61113 on October 2, 2013, which implements sections 1312 and 1313 of the Small Business Jobs Act of 2010, Public Law 111–240.

The objective of this proposed rule is to alleviate the adverse effects of contract bundling and consolidation on small business concerns competing for Federal contracts. This rule provides a balance between the benefits of bundling and consolidation and the obstacles they create for small businesses. The authorizing legislation for this action is sections 1312 and 1313 of the Small Business Jobs Act of 2010, Public Law 111–240, and section 1671 of the NDAA for FY 2013 Public Law 112–239. Section 1671 in conjunction with section 1313 now provides for a Governmentwide requirement and threshold for consolidated contracts.

This rule may have a positive economic impact on any small business entity that wishes to participate in the Federal procurement arena. Analysis of the System for Award Management (SAM) database indicates there are over 351,203 small business registrants that can potentially benefit from the implementation of this rule.

This rule does not impose any new reporting, recordkeeping or other compliance requirements. The rule does not duplicate, overlap, or conflict with any other Federal rules.

The Regulatory Secretariat has submitted a copy of the IRFA to the Chief Counsel for Advocacy of the Small Business Administration. A copy of the IRFA may be obtained from the Regulatory Secretariat. DoD, GSA, and NASA invite comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD, GSA, and NASA will also consider comments from small entities concerning the existing regulations in subparts affected by the rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (FAR Case 2014–015), in correspondence.

V. Paperwork Reduction Act

The rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

The small business specialist shall notify the agency Office of Small and Disadvantaged Business Utilization or the Office of Small Business Programs if the strategy involves consolidation or bundling that is unnecessary, unjustified, or not identified as consolidated or bundled by the agency (see 7.107 for further guidance regarding consolidation and bundling).

When the proposed acquisition strategy involves the consolidation or bundling of contract requirements, identify the incumbent contractors and contracts affected by the consolidation or bundling.

(v) Address the extent and results of the market research and indicate their impact on the various elements of the plan (see part 10).

* * * * *

■ 7. Revise section 7.107 to read as follows:

7.107 Additional requirements for acquisitions involving consolidation, bundling, or substantial bundling.

7.107–1 General.

(a) Consolidation and bundling of contract requirements may provide substantial benefits to the Government. However, because of the potential impact on small business participation, the agency shall conduct market research and any required analysis to determine whether consolidation is necessary and justified in accordance with 15 U.S.C. 657(q) or if bundling is necessary and justified pursuant to 15 U.S.C. 644(e)(2).

(b) A consolidated or bundled requirement is necessary and justified if the benefits of the acquisition strategy substantially exceed the benefits of each of the possible alternative contracting approaches identified.

(c) Such benefits may include—

- (1) Cost savings;
- (2) Price reduction;
- (3) Quality improvements that will save time or improve or enhance performance or efficiency;
- (4) Reduction in acquisition cycle times, or
- (5) Better terms and conditions.

(d) Benefits are substantial if individually, in combination, or in the aggregate the anticipated financial benefits are equivalent to—

- (1) Ten percent of the estimated contract or order value (including options) if the value is \$94 million or less; or
- (2) Five percent of the estimated contract or order value (including options) or \$9.4 million, whichever is greater, if the value exceeds \$94 million.

(e) Reduction of administrative or personnel costs alone is not sufficient justification for consolidation or bundling unless the cost savings are expected to be at least 10 percent of the estimated contract or order value (including options) of the consolidated or bundled requirements. For consolidated requirements, the Senior Procurement Executive or Chief Acquisition Officer must make a determination of the cost savings (15 U.S.C. 657(q)(c)(2)).

(f) If the requirement is considered both consolidated and bundled, the agency shall follow the guidance regarding bundling in 7.107–3 and 7.107–4).

(g) The requirements of this section do not apply—

- (1) Except 7.107–4, if a cost comparison analysis will be performed

in accordance with OMB Circular A–76; and

(2) To orders against single-agency task-order contracts or delivery-order contracts, if the requirement was considered in determining that the consolidation or bundling of the underlying contract was necessary and justified.

7.107–2 Consolidation of contract requirements.

(a) Before conducting an acquisition that is a consolidation of contract requirements with an estimated total dollar value exceeding \$2 million, the Senior Procurement Executive or Chief Acquisition Officer shall make a written determination that the consolidation of contract requirements is necessary and justified, after ensuring that—

- (1) Market research has been conducted;
- (2) Any alternative contracting approaches that would involve a lesser degree of consolidation of contract requirements have been identified;
- (3) The determination is coordinated with the agency's Office of Small Disadvantaged Business Utilization or the Office of Small Business Programs;
- (4) Any negative impact by the acquisition strategy on contracting with small business concerns has been identified; and
- (5) Steps are taken to include small business concerns in the acquisition strategy.

(b) The Senior Procurement Executive or Chief Acquisition Officer may determine that the consolidation of contract requirements is necessary and justified if, as compared to the benefits that would be derived from the alternative contracting approaches identified under paragraph (a)(2) of this subsection, consolidation would derive substantial benefits (see 7.107–1(d)).

(c) If a determination is made, the contracting officer shall include it in the acquisition strategy documentation and provide it to SBA upon request.

7.107–3 Bundling.

(a) Before conducting an acquisition strategy that involves the bundling of contract requirements, the agency shall make a written determination that the bundling is necessary and justified. A bundled requirement is considered necessary and justified if the agency would obtain measurably substantial benefits as compared to meeting its agency's requirements through separate smaller contracts or orders.

(b) The agency shall quantify the specific benefits identified through the use of market research and other techniques to explain how their impact

would be measurably substantial (see 10.001(a)(2)(iv) and (a)(3)(vi)).

(c) Without power of delegation, the service acquisition executive for the military departments, the component acquisition executive for the Defense Logistics Agency, the Under Secretary of Defense for Acquisition, Technology and Logistics for the defense agencies, or the Deputy Secretary or equivalent for the civilian agencies may determine that bundling is necessary and justified when—

(1) The expected benefits do not meet the thresholds for a substantial benefit but are critical to the agency's mission success; and

(2) The acquisition strategy provides for maximum practicable participation by small business concerns.

(d) In assessing whether cost savings and/or price reduction would be achieved through bundling, the agency and SBA shall—

(1) Compare the price that has been charged by small businesses for the work that they have performed; or

(2) Where previous prices are not available, compare the price, based on market research, that could have been or could be charged by small businesses for the work not previously performed by other than a small business.

(e) If a determination is made, the contracting officer shall include it in the acquisition strategy documentation and provide it to SBA upon request.

7.107–4 Substantial bundling.

(a)(1) Substantial bundling is any bundling that results in a contract or order with an estimated value of—

- (i) \$8 million or more for the Department of Defense;
- (ii) \$6 million or more for the National Aeronautics and Space Administration, the General Services Administration, and the Department of Energy; or
- (iii) \$2.5 million or more for all other agencies.

(2) These thresholds apply to the cumulative estimated dollar value (including options) of—

- (i) Multiple-award contracts;
- (ii) Task orders or delivery orders issued against a GSA Schedule contract; or
- (iii) Task orders or delivery orders issued against a task-order or delivery-order contract awarded by another agency.

(b) In addition to addressing the requirements for bundling (see 7.107–3), when the proposed acquisition strategy involves substantial bundling, the agency shall document in its strategy—

- (1) The specific benefits anticipated to be derived from substantial bundling;

(2) An assessment of the specific impediments to participation by small business concerns as contractors that result from substantial bundling;

(3) Actions designed to maximize small business participation as contractors, including provisions that encourage small business teaming;
