AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of availability.

SUMMARY: The U.S. Army Corps of Engineers (USACE), Fort Worth District, as lead federal agency, is preparing this Regional Environmental Impact Statement (REIS) to analyze potential impacts within defined geographic regions in Texas that may be affected by future USACE, Fort Worth District, permit decisions for future surface coal and lignite mine expansions or satellite mines within the District's area of responsibility. The REIS is being prepared in compliance with the National Environmental Policy Act of 1969 (NEPA), the Council on Environmental Quality (CEQ) Regulations for Implementing the Procedural Provisions of NEPA (40 Code of Federal Regulations [CFR] 1500-1508), and the USACE Procedures for Implementing NEPA (33 CFR 230).

SUPPLEMENTARY INFORMATION: The USACE, Fort Worth District, is proposing changes to its regulatory framework for surface coal and lignite mines in Texas. The proposed

regulatory framework includes the establishment of a Regional General Permit (RGP) and a revised Letter of Permission (LOP) procedure with modifications to aquatic resource impact thresholds and a change from agency concurrence to agency coordination as compared to the current process. No changes to the criteria for Nationwide Permit (NWP) 21 or NWP 49 are proposed.

The REIS considers the potential environmental impacts of future mine expansions or satellite mines in six study areas along the coal-bearing formations in Texas that run from southwest Texas to northeast Texas. The study areas encompass locations within the coal/lignite belt in Texas that were determined to be within reasonable proximity to existing surface coal and lignite mines with potential for future expansion.

As part of the public involvement process, notice is hereby given by the USACE Fort Worth District of informal public information meetings (open house format) and formal Public Hearings regarding this Draft REIS will be held August 10-13, 2015, at the following locations:
