

treatment for apparel articles that are both cut (or knit-to-shape) and sewn or otherwise assembled in one or more CBTPA beneficiary countries from fabric or yarn that is not formed in the United States, if it has been determined that such fabric or yarn cannot be supplied by the domestic industry in commercial quantities in a timely manner. In Executive Order No. 13191, the President delegated to CITA the authority to determine whether yarns or fabrics cannot be supplied by the domestic industry in commercial quantities in a timely manner under the CBTPA and directed CITA to establish procedures to ensure appropriate public participation in any such determination. On March 6, 2001, CITA published procedures that it will follow in considering requests. (66 FR 13502).

On October 19, 2004, the Chairman of CITA received two petitions on behalf of Jaclyn, Inc. of New York, alleging that certain circular single knit jersey fabrics of the specifications detailed below, cannot be supplied by the domestic industry in commercial quantities in a timely manner and requesting quota- and duty-free treatment under the CBTPA for certain apparel articles that are cut and sewn in one or more CBTPA beneficiary countries from such fabrics.

Office of the Secretary

Defense Science Board

AGENCY: Department of Defense.

ACTION: Notice of Advisory Committee Meeting.

SUMMARY: The Defense Science Board Task Force on Force Protection in Urban and Unconventional Environments will meet in closed session on October 27-

28, 2004, at Strategic Analysis, Inc., 3601 Wilson Boulevard, Arlington, VA. This Task Force will review and evaluate force protection capabilities in urban and unconventional environments and provide recommendations to effect change to the future Joint Force.

The mission of the Defense Science Board is to advise the Secretary of Defense and the Under Secretary of Defense for Acquisition, Technology & Logistics on scientific and technical matters as they affect the perceived needs of the Department of Defense. Specifically, the Task Force's foci will be to evaluate force protection in the context of post major combat operations that have been conducted in Iraq and Afghanistan. In the operations, loss of national treasure—military and civilian, U.S. and other nations—has resulted from actions executed by non-state and rogue actors. The threat and capabilities these insurgent, terrorist and criminal actions present pose a most serious challenge to our ability to achieve unified action.

In accordance with section 10(d) of the Federal Advisory Committee Act, Pub. L. No. 92-463, as amended (5 U.S.C. App. 2), it has been determined that these Defense Science Board Task Force meetings concern matters listed in 5 U.S.C. 552b(c)(1) and that, accordingly, these meetings will be closed to the public.

Due to scheduling difficulties, there is insufficient time to provide timely notice required by section 10(a)(2) of the Federal Advisory Committee Act and Subsection 101-6.1015(b) of the GSA Final Rule on Federal Advisory Committee Management, 41 CFR part 101-6, which further requires publication at least 15 calendar days prior to the meeting.

Dated: October 20, 2004.

Linda Bynum,

Alternate OSD Federal Register Liaison Officer, Department of Defense.
