NATIONAL SCIENCE FOUNDATION

Notice of Intent to Seek Approval to Establish an Information Collection

AGENCY: National Science Foundation.

ACTION: Notice and request for comments.

SUMMARY: The National Science Foundation (NSF) is announcing plans to request clearance of this collection. In accordance with the requirement of section 3506(c)(2)(A) of the Paperwork Reduction Act of 1995 (Pub. L. 104-13), we are providing opportunity for public comment on this action. After obtaining and considering public comment, NSF will prepare the submission requesting that OMB approve clearance of this collection for no longer than 3 years.

DATES: Written comments on this notice must be received by February 26, 2001 to be assured of consideration. Comments received after that date will be considered to the extent practicable.

FOR ADDITIONAL INFORMATION OR

COMMENTS: Contact Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, 4201 Wilson Boulevard, Suite 295, Arlington, VA 22230; telephone (703) 292-7556; or send email to splimpto@nsf.gov. You also may obtain a copy of the data collection instrument and instructions from Ms. Plimpton.

SUPPLEMENTARY INFORMATION:

Title of Collection: Medical Clearance Process for Deployment to Antarctica
OMB Number: 3145-NEW.

Expiration Date of Approval: Not applicable.

Type of Request: Intent to seek approval to establish an information collection for three years.

Abstract

A. Proposed Project

All individuals who anticipate deploying to Antarctica and to certain regions of the Arctic under the auspices of the United States Antarctic Program are required to take and pass a rigorous physical examination prior to deploying. The physical examination includes a medical history, medical examination, a dental examination and for those persons planning to winter over in Antarctica a psychological examination is also required. The

requirement for this determination of physical status is found in 42 U.S.C. 1870 (Authority) and 62 FR 31522, June 10, 1997 (Source), unless otherwise noted. This part sets forth the procedures for medical screening to determine whether candidates for participation in the United States Antarctic [[Page216]] Program (USAP) are physically qualified and psychologically adapted for assignment or travel to Antarctica. Medical screening examinations are necessary to determine the presence of any physical or psychological conditions that would threaten the health or safety of the candidate or other USAP participants or that could not be effectively treated by the limited medical care capabilities in Antarctica.

(b) Presidential Memorandum No. 6646 (February 5, 1982) (available from the National Science Foundation, Office of Polar Programs, room 755, 4201 Wilson Blvd., Arlington, VA 22230) sets forth the National Science Foundation's overall management responsibilities for the entire United States national program in Antarctica.

B. Use of the Information

1. Form NSF-1420, National Science Foundation—Polar Physical Examination

(Antarctica/Arctic/Official Visitors) Medical History, will be used by the individual to record the individual's family and personal medical histories. It is a five-page form that includes the individual's and the individual's emergency point-of-contact's name, address, and telephone numbers. It contains the individual's email address, employment affiliation and dates and locations of current and previous polar deployments. It also includes a signed certification of the accuracy of the information and understandings of refusal to provide the information or providing false information. The agency's contractor's reviewing physician and medical staff complete the sections of the form that indicated when the documents were received and whether or not the person qualified for polar deployment, in which season qualified to deploy and where disqualified the reasons.

2. Form NSF-1421, Polar Physical Examination—Antarctica/Arctic, will be used by the individuals, physician to document specific medical examination results and the overall status of the individual's health. It is a two-page form which also provides for the signatures of both the patient and the examining physician, as well as contact information about the examining physician. Finally, it contains the name,

address and telephone number of the agency's contractor that collects and retains the information.

3. Form NSF-1422, National Science Foundation Polar Physical Examination (Antarctica/Arctic/Official Visitors) Medical History Interval Screening, will only be used by individuals who are under the age of 40 and who successfully took and passed a polar examination the previous season or not more than 24 months prior to current deployment date. It allows the otherwise healthy individual to update his or her medical data without having to take a physical examination every year as opposed to those over 40 years of age who must be examined annually.

4. Form NSF-1423, Polar Dental Examination—Antarctica/Arctic/Official Visitors, will be used by the examining dentist to document the status of the individual's teeth and to document when the individual was examined. It will also be used by the contractor's reviewing dentist to document whether or not the individual is dentally cleared to deploy to the polar regions.

5. Medical Waivers: Any individual who is determined to be not physically qualified for polar deployment may request an administrative waiver of the medical screening criteria. This information includes signing a Request for Waiver that is notarized or otherwise legally acceptable in accordance with penalty of perjury statutes, obtaining an Employer Statement of Support. Individuals on a case-by-case basis may also be required to submit additional medical documentation and a letter from the individual's physician(s) regarding the individual's medical suitability for Antarctic deployment.

6. Other information requested: In addition to the numbered forms and other information mentioned above, the USAP medical screening package includes the following:

- the Medical Risks for NSF-Sponsored Personnel Traveling to Antarctica—multi-copy form
- the NSF Privacy Notice
- the NSF Medical Screening for Blood-borne Pathogens/Consent for HIV Testing (multi-copy)
- the NSF Authorization for Treatment of Field-Team Member/Participant Under the Age of 18 Years (multi-copy).

This should only be sent to the individuals who are under 18 years of age.

- the Dear Doctor and Dear Dentist letters, which provide specific laboratory and x-ray requirements, as well as other instructions.
