Amendment 30 to the Coastal Migratory Pelagic FMP

This amendment includes one action to modify the recreational fishing year for Atlantic cobia. In combination with the proposed changes to slow the rate of recreational harvest in Framework Amendment 4, the action in Amendment 30 is expected to reduce the likelihood of exceeding the annual catch limit and triggering accountability measures before the most popular time to recreationally fish for Atlantic cobia (May through September), and also to provide fair access to the Atlantic cobia resource for all participants.

During the webinar, Council staff will present an overview of the amendment and will be available for informal discussions and to answer questions via webinar. Members of the public will have an opportunity to go on record to record their comments for consideration by the Council.

Special Accommodations

The hearing is physically accessible to people with disabilities. Requests for auxiliary aids should be directed to the Council office (see **ADDRESSES**) 3 days prior to the hearing.
