

(cognizable and plausible) efficiency justification for the restraint.⁴

Here, the Commission finds reason to believe that the athlete non-compete agreement and the employee non-compete agreement serve no pro-competitive purpose. More specifically, these restraints are not reasonably necessary for the formation or efficient operation of the marketing collaboration between Marker Völkl and Tecnica. That the restraints are, at a minimum, overbroad is demonstrated by the fact that the agreements adversely affect competition for—and the compensation available to—athletes and employees who have no relationship with the collaboration.⁵ Further, Respondents cannot plausibly claim that the restraints serve to align the incentives of the companies in a manner that promotes the cognizable efficiency goals of their collaboration. Rather, the ski businesses of Tecnica (the Nordica and Blizzard brands) were at all times outside of and apart from the collaboration.⁶ In sum, the Respondents did not provide evidence demonstrating why Marker Völkl and Tecnica cannot cooperate in the marketing of certain ski products, yet at the same time compete for the services of endorsers and employees.

The athlete non-compete agreement and the employee non-compete agreement serve to protect Marker Völkl and Tecnica from the rigors of competition, with no advantage to consumer welfare. The justifications for the non-compete agreements proffered by the Respondents were neither supported by the evidence nor cognizable under the antitrust laws. Because there is no plausible and cognizable efficiency rationale for the non-compete agreements, these inherently suspect agreements constitute unreasonable restraints on trade, and are properly judged to be illegal.

III. The Proposed Orders

The proposed Orders are designed to remedy the unlawful conduct charged against Respondents in the Complaints and to prevent the recurrence of such conduct.

The proposed Orders enjoin Marker Völkl and Tecnica from, directly or indirectly, entering into, or attempting to enter into, an agreement with a ski equipment competitor to forbear from

competing for U.S. athletes to sign endorsement contracts for the company's ski equipment. The proposed Orders also enjoin Marker Völkl and Tecnica from entering into an agreement with a ski equipment competitor to forbear from competing for the services of any U.S. employee. A proviso to the cease and desist requirements allows reasonable restraints ancillary to a legitimate joint venture.

The proposed Orders will expire in 20 years.

By direction of the Commission.

Donald S. Clark,

Secretary.

FINANCIAL STABILITY OVERSIGHT COUNCIL

Proposed Collections; Comment Requests

ACTION: Notice and request for comments.

SUMMARY: The Financial Stability Oversight Council (the “Council”) invites members of the public and affected agencies to comment on proposed and/or continuing information collections, as required by the Paperwork Reduction Act of 1995, Public Law 104–13 (44 U.S.C. 3506(c)(2)(A)). The Council is soliciting comments concerning its collection of information related to its authority to designate financial market utilities as systemically important. Section 804 of the Dodd-Frank Wall Street Reform and Consumer Protection (the “Dodd-Frank Act”) provides the Council the authority to designate a financial market utility (“FMU”) that the Council determines is or is likely to become systemically important because the failure of or a disruption to the functioning of the FMU could create, or increase, the risk of significant liquidity or credit problems spreading among financial institutions or markets and thereby threaten the stability of the United States financial system. On July 27, 2011, the Council published in the **Federal Register** a final rule (12 CFR part 1320) that describes the criteria that will inform and the processes and procedures established under the Dodd-Frank Act for the Council's designation of FMUs as systemically important under the Dodd-Frank Act. On July 18, 2012, the Council designated eight FMUs as systemically important under Title VIII of the Dodd-Frank Act. The collection of information under 12 CFR

1320.11 affords FMUs that are under consideration for designation, or rescission of designation, an opportunity to submit written materials to the Council in support of, or in opposition to, designation or rescission of designation. The collection of information under 12 CFR 1320.12 affords FMUs an opportunity to contest a proposed determination of the Council by requesting a hearing and submitting written materials (or, at the sole discretion of the Council, oral testimony and oral argument). The collection of information in 12 CFR 1320.14 affords FMUs an opportunity to contest the Council's waiver or modification of the notice, hearing, or other requirements contained in 12 CFR 1320.11 and 1320.12 by requesting a hearing and submitting written materials (or, at the sole discretion of the Council, oral testimony and oral argument). The information collected from FMUs under 12 CFR 1320.20 will be used by the Council to determine whether to designate an additional FMU or to rescind the designation of a designated FMU.

DATES: Written comments must be received on or before July 28, 2014 to be assured of consideration.
