Administration for Children and Families

Proposed Information Collection Activity; Comment Request

Proposed Projects:

Title: Title IV–E Foster Care Eligibility Review and Child and Family Service Reviews; Final Rule.

OMB No.: 0970–0214.

Description: The following five separate activities are associated with this information collection: Foster Care Eligibility Review (foster care review) Program Improvement Plan; Child and Family Services Reviews (CFSR) State agency Statewide Assessment; CFSR On-site Review; CFSR Program Improvement Plan; and Anti-Discrimination Enforcement Corrective Action Plan. The collection of information for review of federal payments to states for foster care maintenance payments (45 CFR 1356.71(i)) is authorized by title IV–E of the Social Security Act (the Act), section 474 [42 U.S.C. 674]. The foster care review systematically checks title IV–E agency compliance in meeting title IV–E eligibility requirements; validates the accuracy of the agency's claims for reimbursement of title IV–E payment made on behalf of children in foster care; and identifies and recovers improper payments. The collection of information for review of state child and family services programs (45 CFR 1355.33(b), 1355.33(c) and 1355.35(a)) is to determine whether such programs are in substantial conformity with state plan requirements under parts B and E of the Act and is authorized by section 1123(a) [42 U.S.C. 1320a–1a] of the Act. The CFSR looks at the outcomes related to safety, permanency and well-being of children served by the child welfare system and at seven systemic factors that support the outcomes. Section 474(d) of the Act [42 U.S.C. 674] deploys enforcement provisions (45 CFR 1355.38(b) and (c)) for the requirements at section 4371(a)(18) [42 U.S.C. 671], which prohibit the delay or denial of foster and adoptive placements based on the race, color, or national origin of any

of the individuals involved. The enforcement provisions include the execution and completion of corrective action plans when a state is in violation of section 471(a)(18) of the Act. The information collection is needed: (1) To ensure compliance with title IV–E foster care eligibility requirements; (2) to monitor state plan requirements under titles IV–B and IV–E of the Act, as required by federal statute; and (3) to enforce the title IV–E anti-discrimination requirements through state corrective action plans. The resultant information will allow ACF to determine if states are in compliance with state plan requirements and are achieving desired outcomes for children and families, help ensure that claims by states for title IV–E funds are made only on behalf of title IV–E eligible children, and require states to revise applicable statutes, rules, policies and procedures, and provide proper training to staff, through the development and implementation of corrective action plans. These reviews not only address compliance with eligibility requirements but also assist states in enhancing the capacities to serve children and families. In computing the number of burden hours for this information collection, ACF based the annual burden estimates on ACF's and states' experiences in conducting reviews and developing program improvement plans.

Respondents: State Title IV–B and Title IV–E Agencies.

Administration for Community Living

Agency Information Collection Activities: Submission for OMB Review; Comment Request; Revised Annual and Final Reports for Performance Reporting Data From NIDILRR Grantees

AGENCY: National Institute on Disability, Independent Living and Rehabilitation Research (NIDILRR), Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: In compliance with the Paperwork Reduction Act of 1995 (PRA), the National Institute on Disability, Independent Living and Rehabilitation Research (NIDILRR), Administration for Community Living (ACL), is announcing that the proposed collection of information listed above has been submitted to the Office of Management and Budget (OMB) for review and clearance.

DATES: Submit written comments on the collection of information by June 23, 2017.

ADDRESSES: Submit written comments on the collection of information by fax to (202) 395-5806 or by email to OIRA_submission@omb.eop.gov, Attn: OMB Desk Officer for ACL.

FOR FURTHER INFORMATION CONTACT:

SUPPLEMENTARY INFORMATION: The National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR) Administration for Community Living (ACL) of the Department of Health and Human Services (HHS) requests clearance for a 3-year period of the revised Annual Performance Report (APR) and Final Report forms to be completed by all NIDILRR grantees.

The Web-based system used for Reporting Year 2016 reporting incorporated a number of features to meet NIDILRR's information needs while minimizing burden. To further reduce burden, the proposed form is designed so that, instead of describing their accomplishments, grantees simply select their most important accomplishments from among the outputs they report. Data from grant applications, such as contact and budget information, are preloaded for efficiency. To facilitate grantee and NIDILRR staff review of information submitted, the system includes system-generated tables that summarize information entered in specific sections. The Web-based system also carries forward information from one section of the form to the next; for example, information on outcome-oriented goals is carried forward for convenient linkage with projects/activities and publications.

NIDILRR and HHS will use the information gathered annually from these data collection efforts to provide Congress with the information mandated in GPRA, provide OMB information required for assessment of performance on GPRA indicators, and support its evaluation activities. Data collected from the 10 grant programs will provide a national description of the research activities of approximately 275 NIDILRR grantees per year in fiscal years 2017-2019.

OMB approval is requested for 3 years. The average annual burden associated with these activities over a three-year period is summarized below. While the number of grantees will vary from year to year, all grantees will be required to submit an annual performance report and a final report at the completion of the project. Based on our experience with reporting burden, we estimate that it will take an average of 52 hours to complete the reporting form in a grantee's first year of award. In subsequent years, the estimated response burden is approximately 22 hours. The estimated response burden

includes time to review the instructions, gather existing data, and complete and review the form. The number of respondents is based on the average number of grants administered by NIDILRR over time.

This notice collects comments on the information collection requirements relating to the revision of a currently approved collection (ICR Rev) covering ten NIDILRR programs (current approval number 1820-0675).

The forms included in this package are revised versions of those used by grantees in the following 10 programs to submit their Annual and Final Performance Reports for Reporting Year 2016 under OMB collection number 1820-0675:

- Rehabilitation Research Training Centers (RRTCs)
- Rehabilitation Engineering Research Centers (RERCs)
- Field Initiated Research Projects (FIPs)
- Advanced Rehabilitation Research Training Projects (ARRTs)
- Model Systems (including spinal cord injury, traumatic brain injury, and burn centers)
- Disability and Rehabilitation Research Projects (DRRPs)
- Knowledge Translation (KT) Projects
- ADA National Network Centers (ADAs)
- Small Business Innovation Research Projects (SBIR) grantees (Phase 2 only)
- Research Fellowships Program (RFP)

The APR includes common information and information specific to individual programs. The final report is a subset of items from the annual report and provides a summary of progress and outcomes for the full project period.
