Disclosure

Commerce made no calculations as part of these final results. Consequently, there is no information to disclose to parties as a result of these final results of review.

Assessment

Pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and CBP shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this administrative review. Commerce intends to issue assessment instructions to CBP 15 days after the date of publication of the final results of this administrative review in the **Federal Register**.

For the companies which were not selected for individual review, where a company's weighted-average dumping margin is not zero or *de minimis* (i.e., less than 0.5 percent), we will instruct CBP to assess antidumping duties for that company's entries of subject merchandise during the POR at an *ad valorem* rate equal to the weighted-average dumping margin determined for that company in the final results of this review. For a company where the

weighted-average dumping margin is zero or *de minimis*, we will instruct CBP to liquidate that company's suspended entries of subject merchandise without regard to antidumping duties.

Because we continue to find that the Erdemir Group had no shipments of subject merchandise during the POR, we will instruct CBP to liquidate suspended entries of subject merchandise attributed to the Erdemir Group at the all-others rate from the *Amended Final Determination and Amended Order* if there is no rate for the intermediate company(ies) involved in the transaction.¹³

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) For the companies identified above in the Final Results of Review section, the cash deposit rates will be equal to the company-specific weighted-average dumping margin established in the final results of this review, except that where the weighted-average dumping margin is *de minimis* (i.e., less than 0.5 percent) the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this administrative review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review, a previous review, or the underlying LTFV investigation, but the producer is, then the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of subject merchandise; and (4) the cash deposit rate for all other producers or exporters will be 2.73 percent, the all-others rate established in the *Amended Final Determination and Amended Order*. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this review

period. Failure to comply with this requirement could result in the presumption that reimbursement of antidumping and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing these final results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 19 CFR 351.221(b)(5).

SUPPLEMENTARY INFORMATION:

Background

On June 2, 2020, Commerce published a notice of opportunity to request an administrative review of the AD order on certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan for the POR of June 1, 2019 through May 31, 2020.¹ United States Steel Corporation (U.S. Steel) timely filed requests for an administrative review of Nippon Steel Corporation, Kawasaki Steel Corporation, Sumitomo Metal Industries, Ltd., Okaya & Co., Ltd., and Sumitomo Corporation, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b).² Commerce received no other requests for administrative review.

On August 6, 2020, pursuant to these requests and in accordance with 19 CFR 351.221(c)(1)(i), Commerce published a notice initiating an administrative review of the AD order on small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan.³ On September 1, 2020, U.S. Steel withdrew its request for an administrative review with respect to all of the companies for which it had requested a review.⁴

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party or parties that requested a review withdraws the request within 90 days of the publication date of the notice of initiation of the requested review. U.S. Steel withdrew its request for review of all companies within 90 days of the publication date of the notice of initiation. No other parties requested an administrative review of the order. Therefore, in accordance with 19 CFR

351.213(d)(1), we are rescinding the administrative review of the AD order on certain small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan covering June 1, 2019 through May 31, 2020, its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries of small diameter carbon and alloy seamless standard, line, and pressure pipe (under 4½ inches) from Japan during the POR. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP 15 days after the date of publication of this notice in the **Federal Register**.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a reminder to all parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.213(d)(4).

Dated: September 22, 2020.
