

Qingdao CIMC Container Manufacture Co., Ltd. (collectively, "CIMC"), a mandatory respondent in this investigation, did not demonstrate that it is entitled to a separate rate and, therefore, we found it to be the PRC-Wide Entity.

Amended Collection of Cash Deposits and Suspension of Liquidation

The collection of cash deposits and suspension of liquidation will be revised according to the rates calculated in this amended preliminary determination. Because the amended rate for Singamas results in reduced cash deposits, the rate for Singamas will be effective retroactively to November 26, 2014, the date of publication of the *Preliminary Determination*. The rate for the PRC-wide entity will be effective upon publication of this notice. Parties will be notified of this determination, in accordance with sections 733(d) and (f) of the Act.

International Trade Commission Notification

In accordance with section 733(f) of the Act, we notified the International Trade Commission of our amended preliminary determination.

Notification to Interested Parties

The Department intends to disclose calculations performed in connection with this amended preliminary determination within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

This amended preliminary determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.224(e).

I. Abstract

This request is for an extension of a current information collection. These requirements apply to vessel owners in the Atlantic HMS Fishery.

Under current regulations at 50 CFR 635.6, fishing vessels permitted for Atlantic Highly Migratory Species must display their official vessel numbers on their vessels. Flotation devices and high-flyers attached to certain fishing gears must also be marked with the vessel's number to identify the vessel to which the gear belongs. These requirements are necessary for identification, law enforcement, and monitoring purposes.

Specifically, all vessel owners that hold a valid HMS permit under 50 CFR 635.4, other than an HMS Angling permit, are required to display their vessel identification number. Numbers must be permanently affixed to, or painted on, the port and starboard sides of the deckhouse or hull and on an appropriate weather deck, so as to be clearly visible from an enforcement vessel or aircraft. In block Arabic numerals permanently affixed to or painted on the vessel in contrasting color to the background. At least 18 inches (45.7 cm) in height for vessels over 65 ft (19.8 m) in length; at least 10 inches (25.4 cm) in height for all other vessels over 25 ft (7.6 m) in length; and at least 3 inches (7.6 cm) in height for vessels 25 ft (7.6 m) in length or less.

Furthermore, the owner or operator of a vessel for which a permit has been issued under § 635.4 and that uses handline, buoy gear, harpoon, longline, or gillnet, must display the vessel's name, registration number or Atlantic Tunas, HMS Angling, or HMS Charter/Headboat permit number on each float attached to a handline, buoy gear, or harpoon, and on the terminal floats and high-flyers (if applicable) on a longline or gillnet used by the vessel. The vessel's name or number must be at least 1 inch (2.5 cm) in height in block letters or arabic numerals in a color that contrasts with the background color of the float or high-flyer.

II. Method of Collection

There is no form or information collected under this requirement. Official vessel numbers issued to vessel operators are marked on the vessel and on flotation gear, if applicable.
