

all documents filed by the applicant and by all other parties. A party must submit 14 copies of filings made with the Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commenters will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commenters will not be required to serve copies of filed documents on all other parties. However, the non-party commenters will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

Comments, protests and interventions may be filed electronically via the Internet in lieu of paper. See, 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site under the "e-Filing" link.

*Comment Date:* December 19, 2007.

### Federal Energy Regulatory Commission

[Docket No. EF08-5181-000]

#### Western Area Power Administration; Notice of Filing

November 29, 2007.

Take notice that on November 5, 2007, the Deputy Secretary, U.S. Department of Energy, pursuant to the authority vested in the Deputy Secretary, by the Department of Energy's Delegation Order No. 00-037.00, submitted for confirmation and approval on a final basis, Rate Schedule L-F7, for firm electric service from the Loveland Area Projects, effective January 1, 2008 and ending December 31, 2012.

Any person desiring to intervene or to protest this filing must file in accordance with Rules 211 and 214 of the Commission's Rules of Practice and Procedure (18 CFR 385.211, 385.214). Protests will be considered by the Commission in determining the appropriate action to be taken, but will not serve to make protestants parties to the proceeding. Any person wishing to become a party must file a notice of intervention or motion to intervene, as appropriate. Such notices, motions, or protests must be filed on or before the comment date. On or before the comment date, it is not necessary to serve motions to intervene or protests on persons other than the Applicant.

The Commission encourages electronic submission of protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 14 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the Web site that enables subscribers to receive e-mail notification when a document is added to a subscribed docket(s). For assistance with any FERC Online service, please e-mail [FERCOnlineSupport@ferc.gov](mailto:FERCOnlineSupport@ferc.gov), or call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

*Comment Date:* 5 p.m. Eastern Time on December 28, 2007.

### Federal Energy Regulatory Commission

[Project No. 8412-003]

#### Ronald W. and Kathryn C. Denney; Notice of Availability of Environmental Assessment

November 28, 2007.

In accordance with the National Environmental Policy Act of 1969 and the Federal Energy Regulatory Commission's (Commission) regulations, 18 CFR part 380 (Order No. 486, 52 FR 47897), the Office of Energy Projects' staff has prepared an Environmental Assessment (EA) for a surrender of exemption from licensing for the Coiner Mill Project. The project is located on the South River in Augusta County, Virginia.

The EA contains the staff's analysis of the potential environmental impacts of the proposal and concludes that the surrender of the project's exemption from licensing would not constitute a major federal action significantly affecting the quality of the human environment.

A copy of the EA is available for review and reproduction at the Commission's Public Reference Room, located at 888 First Street, NE., Room 2A, Washington, DC 20426. The EA may also be viewed on the Commission's Web site at <http://www.ferc.gov> using the e-library link. Enter the docket number (prefaced by P-) and excluding the last three digits, in the docket number field to access the document. ### Federal Energy Regulatory Commission

[Project No. 4362]

#### Inman Mills, SC; Notice of Existing Licensee's Failure To File Notice of Intent to File a Subsequent License Application

November 29, 2007.

By August 31, 2007, Inman Mills, the existing licensee for the Riverdale Hydroelectric Project No. 4362,<sup>1</sup> was required to file a notice of intent stating whether it intended to file an application for a subsequent minor license. The existing license for Project No. 4362 expires on August 31, 2012.

The 1,240-kilowatt project is located on the Enoree River, near Enoree, in Spartanburg County, South Carolina. No federal lands are affected.

The principal project works consist of: (1) A 425-foot-long, 12-foot-high gravity reinforced concrete dam topped with 2-foot flashboards; (2) a 110-foot-long, 9-foot-diameter penstock; (3) a powerhouse separate from the dam containing a 1,240 kW capacity generating unit; (4) a reservoir with a surface area of nine acres at normal pool elevation of 512 feet mean sea level and a gross storage capacity of 22 acre-feet; and (5) appurtenant facilities. The average annual generation at the project is 5.4 million kWh.

Pursuant to section 16.19(b) of the Commission's regulations, 18 CFR 16.9(b) (2007), an existing licensee with a minor license must notify the Commission whether or not the licensee intends to file an application for a subsequent new license.

Inman Mills has not filed a notice of intent to file an application for a subsequent license for this project.

Pursuant to section 16.23(b) of the Commission's regulations, an existing licensee that fails to file a notice of intent pursuant to section 16.6(b) shall be deemed to have filed a notice of intent indicating that it does not intend to file an application for subsequent license.

Pursuant to section 16.20 of the Commission's regulations, applications for subsequent license (except from the existing licensee which is prohibited

<sup>1</sup> In April 2006, Commission staff approved a transfer of the license from Inman Mills to Riverdale Development Venture LLC, effective upon the transferee, within 60 days of the transfer order, signing and returning an acceptance sheet and submitting certified copies of the instruments of conveyance (115 FERC ¶62,076). Transferee did not file the required documents, and Inman Mills therefore remains the licensee.

from filing) must be filed with the Commission at least 24 months prior to the expiration of the existing license. Applications for license for this project must be filed by August 31, 2010. Questions concerning this notice should be directed to Sergiu Serban at (202) 502-6211 or [sergiu.serban@ferc.gov](mailto:sergiu.serban@ferc.gov).

### Federal Energy Regulatory Commission

[Docket No. PL08-1-000; 121 FERC ¶ 61,221]

#### Policy Statement on Conditioned Licenses for Hydrokinetic Projects

November 30, 2007.

**AGENCY:** Federal Energy Regulatory Commission, Department of Energy.

**ACTION:** Policy Statement.

**SUMMARY:** The Federal Energy Regulatory Commission is giving notice of a new policy with respect to the issuance of licenses for hydrokinetic projects. In the Policy Statement, the Commission concludes that, in appropriate cases, where the Commission has completed its processing of license applications for hydrokinetic projects, but where other authorizations required under federal law have not yet been received, it will issue conditioned licenses for hydrokinetic projects, predicated on the licensee being precluded from commencing construction until the necessary authorizations are received.

**DATES:** *Effective Dates:* This Policy Statement is effective November 30, 2007.

#### FOR FURTHER INFORMATION CONTACT:

Ann Miles, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, (202) 502-6769;

John Katz, Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, (202) 502-8082.

#### SUPPLEMENTARY INFORMATION:

Before Commissioners: Joseph T.

Kelliher, Chairman; Suedeen G.

Kelly, Marc Spitzer, Philip D.

Moeller, and Jon Wellingshoff.

1. The Commission is issuing this Policy Statement as part of its ongoing effort to establish a regulatory climate that supports the development of
