Analysis of Comments Received

All issues raised in the case briefs are addressed in the Issues and Decision Memorandum.⁶ A list of the issues raised is attached to this notice as an Appendix. The Issues and Decision Memorandum is a public document and is available on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System ("IA ACCESS"). IA ACCESS is available to registered users at <http://iaaccess.trade.gov> and in the Central Records Unit, Room 7046 of the main Department of Commerce building. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly on the internet at <http://enforcement.trade.gov/frn/>. The signed Issues and Decision Memorandum and the electronic versions of the Issues and Decision Memorandum are identical in content.

Final Results of Review

In accordance with 19 CFR 351.221(b)(5), we calculated net subsidy rates for Dongbu, POSCO, and HYSCO of 0.10, 0.20, and 0.26 percent *ad valorem*, respectively, which are *de minimis* rates.⁷

Assessment Rates

In accordance with 19 CFR 351.212(b)(2), the Department intends to issue appropriate assessment instructions directly to U.S. Customs and Border Protection ("CBP") 15 days after the date of publication of these final results, to liquidate shipments of

subject merchandise by Dongbu, POSCO, and HYSCO entered, or withdrawn from warehouse, for consumption on or after January 1, 2011, through December 31, 2011, without regard to countervailing duties because a *de minimis* subsidy rate was calculated for each company.

Cash Deposit Instructions

On March 19, 2013, the Department published the *Revocation Notice* in the **Federal Register** in which it explained that 15 days after the publication date of the *Revocation Notice*, the Department would instruct CBP to terminate the suspension of liquidation and to discontinue the collection of cash deposits on entries of the subject merchandise, entered or withdrawn from warehouse, on or after February 14, 2012.⁸ Pursuant to the *Revocation Notice* the Department will further instruct CBP to refund with interest all cash deposits on entries made on or after February 14, 2012. Further, as explained in the *Revocation Notice*, entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping and/or countervailing duty deposit requirements and assessments. Lastly, in the *Revocation Notice*, the Department explained that it will complete any pending or requested administrative reviews of these orders covering entries prior to February 14, 2012.⁹

Thus, as a result of the revocation of the order, the Department will not issue cash deposit instructions in connection with this administrative review.

Administrative Protective Order

This notice serves as a reminder to parties subject to administrative protective order ("APO") of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Disclosure

We will disclose the calculations performed within five days of the date of publication of this notice to parties in

this proceeding, in accordance with 19 CFR 351.224(b).

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(h)(1).

Fisheries of the Caribbean, Gulf of Mexico, and South Atlantic; Generic Accountability Measure and Dolphin Allocation Amendment

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of Intent (NOI) to prepare a draft environmental impact statement (DEIS); request for comments.

SUMMARY: NMFS, Southeast Region, in collaboration with the South Atlantic Fishery Management Council (Council), intends to prepare a DEIS to describe and analyze a range of alternatives for management actions to be included in the Generic Accountability Measure (AM) and Dolphin Allocation Amendment. The Generic AM and Dolphin Allocation Amendment would amend the Fishery Management Plans (FMPs) for: the Dolphin and Wahoo Fishery of the Atlantic; the Snapper-Grouper Fishery of the South Atlantic Region; and the Golden Crab Fishery of the South Atlantic Region. The Generic AM and Dolphin Allocation Amendment will consider alternative AMs for snapper-grouper species and golden crab, as well as alternatives to modify existing commercial and recreational sector allocations for dolphin. The purpose of this NOI is to solicit public comments on the scope of issues to be addressed in the DEIS.

⁶ No rebuttal briefs were submitted by parties.

SUPPLEMENTARY INFORMATION: The Council and NMFS have implemented AMs for snapper-grouper species, AMs for golden crab, and sector allocations for dolphin.

AMs for snapper-grouper species were established in 2010 through Amendments 17A and 17B to the Snapper-Grouper Fishery of the South Atlantic Region (75 FR 76874, December 9, 2010, and 75 FR 82280, December 30, 2010, respectively) and in 2012 through the Comprehensive ACL Amendment (77 FR 15916, March 16, 2012) and Amendment 24 to the Snapper-Grouper Fishery of the South Atlantic Region (77 FR 34254, June 11, 2012). AMs for golden crab were established in 2012

through the Comprehensive ACL Amendment (77 FR 15916, March 16, 2012). The DEIS for the Generic AM and Dolphin Allocation Amendment would consider alternatives to modify existing AMs for these species to provide consistency of AMs among species, and ensure overfishing does not occur.

Sector allocations for dolphin were established in 2012 through the Comprehensive ACL Amendment (77 FR 15916, March 16, 2012), using a formula which provided equal weighting to long-term and short-term trends in landings. The long-term landings trend was from 1986 through 2008, and the short-term trend used landings from 2006 through 2008. The DEIS for the Generic AM and Dolphin Allocation Amendment would consider alternatives to modify existing sector allocations for dolphin.

NMFS, in collaboration with the Council, will develop a DEIS to describe and analyze alternatives to address the management needs described above including the “no action” alternative. In accordance with NOAA’s Administrative Order 216–6, Section 5.02(c), Scoping Process, NMFS, in collaboration with the Council, has identified preliminary environmental issues as a means to initiate discussion for scoping purposes only. The public is invited to provide written comments on the preliminary issues, which are identified as actions and alternatives in the Generic AM and Dolphin Allocation Amendment scoping document. These preliminary issues may not represent the full range of issues that eventually will be evaluated in the DEIS.

After the DEIS associated with Generic AM and Dolphin Allocation Amendment is completed, it will be filed with the Environmental Protection Agency (EPA). After filing, the EPA will publish a notice of availability of the DEIS for public comment in the **Federal Register**. The DEIS will have a 45-day comment period. This procedure is pursuant to regulations issued by the Council on Environmental Quality (CEQ) for implementing the procedural provisions of the National Environmental Policy Act (NEPA; 40 CFR parts 1500–1508) and to NOAA’s Administrative Order 216–6 regarding NOAA’s compliance with NEPA and the CEQ regulations.

The Council and NMFS will consider public comments received on the DEIS in developing the final environmental impact statement (FEIS), and before voting to submit the final amendment to NMFS for Secretarial review, approval, and implementation. NMFS will announce in the **Federal Register** the availability of the final amendment and

FEIS for public review during the Secretarial review period, and will consider all public comments prior to final agency action to approve, disapprove, or partially approve the final amendment.

NMFS will announce, through a document published in the **Federal Register**, all public comment periods on the final amendment, its proposed implementing regulations, and the availability of its associated FEIS. NMFS will consider all public comments received during the Secretarial review period, whether they are on the final amendment, the proposed regulations, or the FEIS, prior to final agency action.
