SUPPLEMENTARY INFORMATION:

Title; Associated Form; and OMB Number: Status of the Forces Survey of Active Duty Members; OMB Control Number 0704–0624.

Type of Request: Revision.

Number of Respondents: 16,500.

Responses per Respondent: 1.

Annual Responses: 16,500.

Average Burden per Response: 20 minutes.

Annual Burden Hours: 5,500 hours.

Needs and Uses: The purpose of the Status of the Forces Survey (SOFS) of Active Duty Members is to assess the attitudes and opinions of active duty members and to provide key metrics to the OUSD(P&R). Results of this and subsequent surveys are used to provide direct feedback on key strategic indicators such as satisfaction and retention. These indicators provide primary data on personnel career plans, retention decisions, morale, commitment, and quality of life and historically provide the ability to evaluate the impact of policies and programs with regard to readiness and retention. The surveys are benchmarks by which senior DoD officials can track trends over time. Data from the surveys will be presented to the OUSD(P&R), Military Departments, Congress, and DoD policy and program offices.

Analysis will include the Office of People Analytics’ (OPA) standard products: A tabulation volume (a set of relative frequency distributions of each question, and cross-tabulations of survey questions by key stratifying variables), briefing slides and reports highlighting key findings, and a statistical methodology report. Ad hoc analyses requested by the policy office sponsors and other approved organizations may be conducted as needed and based on available staff. These projects take approximately one year to complete, including assessment design and development, fielding and

administration, and data analysis and reporting. In addition, as mandated by the National Defense Authorization Act for Fiscal Year 2016, Title VI, Subtitle F, Subpart 661, the Defense Manpower Data Center, now OPA, fields a financial literacy and preparedness survey within the SOFS annually. Results will be used by the Service Secretaries to evaluate and update financial literacy training and will be submitted in a report to the Committees on Armed Services of the Senate and the House of Representatives.

Sexual assault, sexual harassment, and gender discrimination remain a major concern across the DoD and for members of Congress. In February 2004, the OUSD(P&R) testified before the Senate Armed Services Committee on the prevalence of sexual assault in the DoD and the programs and policies planned to address the issues. In accordance with legislative requirements, the OUSD(P&R) issued memoranda to the Services that provide DoD policy guidance on sexual assault that included a new standard definition, response capability, training requirements, response actions, and reporting guidance throughout the Department. The Sexual Assault and Prevention Response Office supported implementation of the new policy and requires data to assess the prevalence of sexual assault in the Department and

the effectiveness of the programs they have implemented.

The WGR surveys will assess the attitudes and opinions of military members on issues relating to sexual harassment, gender discrimination, and sexual assault, as well as the culture and climate of the units/organizations in which individuals serve. It will provide the policy offices of the USD(P&R) with current data on (1) the positive and negative trends for professional and personal relationships between Service members; (2) the specific types of assault that have occurred and the number of times in the preceding year; (3) the effectiveness of DoD policies designed to improve professional relationships between male and female Service members; (4) the effectiveness of current processes for complaints, reports, and investigations; and, (5) specific issues related to sexual harassment, sexual assault, and gender discrimination that may inform the Department's prevention and response efforts.
