Developing Hispanic-Serving Institutions Program, Strengthening Institutions Program, American Indian Tribally Controlled Colleges and Universities Program, and Strengthening Historically Black Colleges and Universities Program

AGENCY: Office of Postsecondary Education, Department of Education.

ACTION: Final regulations.

SUMMARY: We are amending the regulations governing the Developing Hispanic-Serving Institutions, Strengthening Institutions, American Indian Tribally Controlled Colleges and Universities, and Strengthening

Historically Black Colleges and Universities Programs to incorporate statutory changes made by the Higher Education Amendments of 1998 (1998 Amendments). The 1998 Amendments provide that if grantee institutions under the Developing Hispanic-Serving Institutions, Strengthening Institutions, American Indian Tribally Controlled Colleges and Universities, and Strengthening Historically Black Colleges and Universities Programs use grant funds to establish or increase endowment funds, we can subject that use to appropriate requirements under the Endowment Challenge Grant Program. These amendments to the regulations implement the statutory changes.

DATES: These regulations are effective January 18, 2001.

FOR FURTHER INFORMATION CONTACT: Darlene Collins, U.S. Department of Education, 1990 K Street, NW., Room 6032, Washington, DC 20006-8512. Telephone: (202) 502-7576. SUPPLEMENTARY INFORMATION:

Background

As amended by the 1998 Amendments, sections 311(d)(1), 316(c)(3)(A), 323(b)(1), and 503(c)(1) of the Higher Education Act of 1965, as amended (HEA), authorize grantee institutions under the Strengthening Institutions, American Indian Tribally Controlled Colleges and Universities, Strengthening Historically Black Colleges and Universities, and Developing Hispanic Serving-Institutions Programs to use up to 20% of their grants funds to establish or increase endowment funds. Amended sections 311(d)(3), 316(c)(3)(C), 323(b)(3), and 503(c)(3) of the HEA provide, in effect, that we can subject an institution's use of grant funds for that purpose to appropriate requirements in the Endowment Challenge Grant Program.

We implemented the Endowment Challenge Grant Program requirements in regulations contained in 34 CFR part 628. In the **Federal Register** of March 21, 2000, (65 FR 15115-15118) we proposed to subject grantees' use of grant funds for endowments under the Strengthening Institutions,

Strengthening Historically Black Colleges and Universities, and Developing Hispanic Serving-Institutions Programs to the following Endowment Challenge Grant Program regulatory provisions: §§ 628.3, 628.6, 628.10, and 628.41 through 628.47. We revised the definition of the term “endowment fund income” to clarify that endowment fund income includes fund appreciation and retained fund interest and dividends. We revised the institutional match requirement to reflect the statutory requirement that the match must be made on at least a one-to-one basis, that is, each grant dollar to be used for endowment purposes must be matched with at least one non-Federal dollar. Finally, if an institution decides to use grant funds for endowment fund purposes it must immediately match those grant funds with non-Federal dollars.

These proposals were included in § 606.10(d) for the Developing Hispanic-Serving Institutions Program, § 607.10(d) for the Strengthening Institutions Program, and § 608.10(d) for the Strengthening Historically Black Colleges and Universities Program.

Changes from Proposed Regulations

On March 21, 2000, we published a notice of proposed rulemaking (NPRM) for these programs in the **Federal Register** (65 FR 15115). No comments were received on the proposed regulations. Except for minor editorial revisions, including the addition of specific references to the American Indian Tribally Controlled Colleges and Universities Program to clarify that these provisions are applicable to that program, there are no differences between the NPRM and these final regulations.

Paperwork Reduction Act of 1995

These proposed regulations do not contain any information collection requirements.

Intergovernmental Review

These programs are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives in the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for these programs.

Assessment of Educational Impact

In the NPRM we requested comments on whether the proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available.

Based on the response to the NPRM and on our review, we have determined that these final regulations do not require transmission of information that any other agency or authority of the United States gathers or makes available.

39 CFR Part 111

Address Sequencing Service

AGENCY: Postal Service.

ACTION: Final rule.

SUMMARY: This final rule adopts a proposal to amend section A920 of the Domestic Mail Manual (DMM) to provide an electronic address sequencing service.

EFFECTIVE DATE: July 5, 2001.

FOR FURTHER INFORMATION CONTACT: DeWitt Crawford, 901–681–4612.

SUPPLEMENTARY INFORMATION: On September 19, 2000, the Postal Service published in the *Federal Register* a proposed rule to amend section A920 of the Domestic Mail Manual (65 FR 56518). Five comments were received. All responses were in support of the proposal, and only one of the five offered suggested changes. In summary, the following concerns were offered: Concern in making sure that requestors of sequencing services are fully aware that owners of Computerized Delivery Sequence (CDS) qualified address files will include seeded addresses, provided by the USPS, for the purpose of fraud prevention. The same concern as indicated in number 1 in regards to list owners being notified of potential fraudulent use of their address files. Concern in the time frame and number of attempts customers can submit address files for qualification. Proposal to implement a simplified payment for electronic file services. Establishment of an effective date for the activation of electronic services and the discontinuation of the manual address card services. The first four suggestions were accepted, with minor modifications, but the fifth suggestion was not accepted because we felt that we need to evaluate how well the electronic process functions before we eliminate an existing service. The revisions to proposed DMM A920 are shown below.

c. Sequencing of address cards or electronic address files, plus inserting cards with addresses for missing or new addresses, or inserting addresses into electronic files for missing or new addresses.

d. For address cards or electronic files, if qualification is met, the Postal Service will provide seeded addresses to the list owners for inclusion in their address files for file protection.

e. If a request for sequencing contains a seeded address, the owner of the seeded address will be notified within 30 days of detection. If all known possibilities of fraud can not be ruled out, the request will be denied and the Postal Inspection Service will be notified.
