On July 28, 2010, the Department of Commerce ("Department") published the initiation of the administrative review of the antidumping duty order on tapered roller bearings and parts thereof, finished or unfinished, ("TRBs") from the People's Republic of China ("PRC"). *See Initiation of Antidumping and Countervailing Duty Administrative Reviews and Requests for Revocation in Part*, 75 FR 44224 (July 28, 2010). On July 13, 2011, the Department published the preliminary results of the review. *See Tapered Roller Bearings and Parts Thereof, Finished or Unfinished, From the People's Republic of China: Preliminary Results of the 2009-2010 Administrative Review of the Antidumping Duty Order and Intent To Rescind Administrative Review, in Part*, 76 FR 41207 (July 13, 2011). The 2009-2010 administrative review covers the period June 1, 2009, through May 31, 2010. The final results are currently due no later than November 10, 2011.

Extension of Time Limit for Final Results of Review

Pursuant to section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("Act"), the Department shall make a final determination in an administrative review of an antidumping duty order within 120 days after the date on which the preliminary results are published. The Act further provides, however, that the Department may extend that 120-day period to 180 days if it determines

it is not practicable to complete the review within the foregoing time.

The Department finds that it is not practicable to complete the final results of the 2009-2010 administrative review of TRBs from the PRC within the 120-day period. We find that we need additional time to fully analyze the complicated issues raised in the case and rebuttal briefs, specifically input consumption allocations and issues relating to a successor-in-interest determination. Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department is extending the time period for completion of the final results of this review by 30 days to December 10, 2011. However, because December 10, 2011, falls on a Saturday, a non-business day, the final results will now be due no later than December 12, 2011, the next business day. *See Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).

This notice is published in accordance with sections 751(a)(3)(A) and 777(i) of the Act.

Dated: November 2, 2011.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

SUPPLEMENTARY INFORMATION:**I. Abstract**

This request is for a revision and extension of a currently approved information collection. Mokuapapa Discovery Center (Center) is an outreach arm of Papahānaumokuākea Marine National Monument that reaches 60,000 people each year in Hilo, Hawai'i. The Center was created eight years ago to help raise support for the creation of a National Marine Sanctuary in the Northwestern Hawaiian Islands. Since that time, the area has been proclaimed a Marine National Monument and the main messages we are trying to share with the public have changed to better reflect the new monument status, UNESCO World Heritage status and the joint management by the three co-trustees of the Monument. We therefore are seeking to find out if people visiting our Center are receiving the new messages by conducting an optional exit survey which is the proposed revision to the collection.

II. Method of Collection

Surveys will be conducted by in-person interview as people exit the Center. Interviewers will record responses on paper, and later transfer them to an electronic database.

III. Data

OMB Control Number: 0648-0582.

Form Number: None.

Type of Review: Regular submission (revision and extension of a currently approved collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 250.

Estimated Time per Response: 7 minutes.

Estimated Total Annual Burden Hours: 29.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden
