

individuals would use the on-line complaint form annually.

Frequency of Responses

Complainants need only submit one on-line form for each building or facility at which they have found accessibility barriers, regardless of the number of barriers they found. Most complainants file only one ABA complaint. Complainants will need to submit a separate form for each additional building or facility at which they have found an accessibility barrier.

Estimated Total Annual Burden on Respondents

Approximately 30 minutes per respondent total time is all that will be needed to complete the on-line complaint form, for a total of 100 hours annually.

ARCHITECTURAL AND TRANSPORTATION BARRIERS COMPLIANCE BOARD

Working Group on Access to Information on Prescription Drug Container Labels

AGENCY: Architectural and Transportation Barriers Compliance Board.

ACTION: Notice of meeting.

SUMMARY: The Food and Drug Administration Safety and Innovation Act authorizes the Access Board to convene a stakeholder working group to develop best practices for making information on prescription drug container labels accessible to people who are blind or visually impaired. The working group will hold its first meeting on January 10 and 11, 2013.

DATES: The Working Group will meet on January 10, 2013, from 9:30 a.m. to 5:00 p.m. and on January 11, 2013, from 9:00 a.m. to 1:00 p.m.

ADDRESSES: The meeting will be held at the Access Board's Conference Room, 1331 F Street NW., suite 800, Washington, DC 20004-1111.

FOR FURTHER INFORMATION CONTACT: Susan Crawford, Architectural and Transportation Barriers Compliance Board, 1331 F Street NW., suite 1000, Washington, DC 20004-1111. Telephone number (202) 272-0029. Electronic mail address: crawford@access-board.gov.

SUPPLEMENTARY INFORMATION: On July 9, 2012, the President signed into law the Food and Drug Administration Safety and Innovation Act (Pub. L. 112-144, 126 Stat. 993). Section 904 of the Act authorizes the Access Board to convene a stakeholder working group to develop best practices for making information on prescription drug container labels accessible to people who are blind or visually impaired. See 29 U.S.C. 792 note. The Act exempts the working group from the Federal Advisory Committee Act. The Board has formed an 18-member working group with equal representation from national organizations representing blind and visually-impaired individuals, the elderly, and industry groups representing retail, mail order, and independent community pharmacies to develop best practices for pharmacies on providing independent access to prescription drug container labels. The working group will explore various alternatives, including braille, large print labels, and various auditory technologies such as "talking bottles" and radio frequency identification tags.

The group's recommendations, which are to be developed within one year, will be advisory only, not mandatory, and will not have the force of guidelines or standards.

The law also calls upon the National Council on Disability to conduct an informational and educational campaign in cooperation with the stakeholder working group to inform the public, including people with disabilities and pharmacists, of the best practices. The Government Accountability Office will undertake a review at a later date to assess the extent to which pharmacies are following the best practices and to what extent barriers to information on prescription drug container labels remain.

The working group will hold its first meeting on January 10 and 11, 2013. The agenda for the meeting includes initial remarks, introduction of working group members, discussion of administrative issues, discussion of prescription label access needs of consumer members, discussion of current practices, discussion and review of evaluation criteria to use to determine best practices, hands-on demonstrations of recommended practices, evaluation of recommended practices, and discussion of next steps. The preliminary meeting agenda, along with information about the working group, is available at <http://www.access-board.gov/news/drug-labels-working-group.htm>.

Working group meetings are open to the public and interested persons can attend the meetings and communicate their views. Members of the public will have opportunities to address the working group on issues of interest to them during public comment periods scheduled on each day of the meeting.

The meetings will be accessible to persons with disabilities. An assistive listening system, computer assisted real-time transcription (CART), and sign language interpreters will be provided. Persons attending the meetings are requested to refrain from using perfume, cologne, and other fragrances for the comfort of other participants (see www.access-board.gov/about/policies/fragrance.htm for more information). Persons wishing to provide handouts or other written information to the working group are requested to provide electronic formats to Susan Crawford via email prior to the meetings so that alternate formats can be distributed to working group members.

Executive Director.

SUMMARY: The U.S. Department of Commerce (DOC) is amending the Notice and Call for Applications for the International Buyer Program (IBP) for calendar year 2014 (January 1, 2014 through December 31, 2014) published at 77 FR 61,740 (Oct. 11, 2012) to extend the deadline for receipt of applications from December 10, 2012 to December 21, 2012. The IBP was established in the Omnibus Trade and Competitiveness Act of 1988 (Pub. L. 100-418, codified at 15 U.S.C. 4724) to bring international buyers together with U.S. firms by promoting leading U.S. trade shows in industries with high export potential. The IBP emphasizes cooperation between the DOC and trade show organizers to benefit U.S. firms exhibiting at selected events and provides practical, hands-on assistance such as export counseling and market analysis to U.S. companies interested in exporting. Specifically, through the IBP, the DOC selects domestic trade shows which will receive DOC assistance in the form of global promotion in foreign markets, providing export counseling to exhibitors, and providing export counseling and matchmaking services at the trade show. This notice covers selection for IBP participation during calendar year 2014. It also extends the deadline for applications to a new pilot initiative for the IBP, which will allow up to 20% of the 2014 IBP shows to be preselected for IBP participation in calendar year 2015 (January 1, 2015 through December 31, 2015) without having to reapply for the second year. Eligibility for this pilot initiative is limited to annual trade shows that participated in the IBP in calendar years 2011 or 2012. Applicants interested in being considered for this pilot must indicate so in the application. For more information about the IBP, including eligibility, participation fees, the responsibilities of the show organizers and the DOC, and how to apply, please see the prior notice, which is also available on the IBP Web site <http://www.export.gov/IBP>.

DATES: Applications for the IBP must be received by December 21, 2012.

ADDRESSES: The IBP application may be downloaded from <http://www.export.gov/IBP>. Applications may be submitted by any of the following methods: (1) Mail/Hand Delivery Service: International Buyer Program, Trade Promotion Programs, U.S. and Foreign Commercial Service, International Trade Administration, U.S. Department of Commerce, Ronald Reagan Building, 1300 Pennsylvania Ave. NW., Suite 800M—Mezzanine Level—Atrium North, Washington DC 20004.
