

protecting against the environmental and health consequences of terrorism. There is a need to supplement the HSAC expertise with microbiologists. Accordingly, the SAB is seeking nominations of nationally and internationally recognized microbiologists with specialized expertise in bacteriology of aerobic gram positive rod endospore formers (i.e., *Bacillus anthracis*). Individuals should possess extensive expertise in genomic and strain analysis and expertise in method development for Weapons of Mass Destruction emergency responders.

Process and Deadline for Submitting Nominations: Any interested person or organization may nominate individuals qualified in the area of microbiology as described above. Self-nominations are also requested. Nominations may be submitted in electronic format through the Form for Nominating Individuals to Panels of the EPA Science Advisory Board which can be accessed through a link on the blue navigational bar on the SAB Web Site at: <http://www.epa.gov/sab>. Please follow the instructions for submitting nominations carefully, and include all of the information requested on that form. The nominating form requests contact information of the person making the nomination; contact information for the nominee; the disciplinary and specific areas of expertise of the nominee; the nominee's curriculum vita; and a biographical sketch of the nominee indicating current position, educational background, research activities, and recent service on other national advisory committees or national professional organizations. Anyone unable to submit nominations using the electronic form, or who may have questions concerning the nomination process or any other aspect of this notice may contact Ms. Vivian Turner, DFO, at the contact information above. Nominations should be submitted in time to arrive no later than April 18, 2008.

The approved policy used by the SAB Staff Office in its selection process is described in the Overview of the Panel Formation Process at the Environmental Protection Agency, Science Advisory Board (EPA-SAB-EC-COM-02-010), on the SAB Web Site at: [http://yosemite.epa.gov/sab/sabproduct.nsf/19EDA5C43A43D86A852571AE006390EC/\\$File/ecm02003.pdf](http://yosemite.epa.gov/sab/sabproduct.nsf/19EDA5C43A43D86A852571AE006390EC/$File/ecm02003.pdf). The SAB Staff Office will acknowledge receipt of nominations and inform nominees of the panel for which they have been nominated. From the nominees identified by respondents to this **Federal Register** notice (termed the "Widecast"), the SAB Staff Office will

develop a smaller subset (known as the "Short List") for more detailed consideration. The Short List will be posted on the SAB Web Site at: <http://www.epa.gov/sab> and will include the nominee's name and biographical sketch. Public comments on the Short List will be accepted for 21 calendar days. During this comment period, the public will be requested to provide information, analysis or other documentation on nominees that the SAB Staff Office should consider in evaluating candidates for the panel. For the SAB, a balanced panel is characterized by inclusion of nominees who possess the necessary domains of knowledge, the relevant scientific perspectives (which, among other factors, can be influenced by work history and affiliation), and the collective breadth of experience to adequately address the charge. Public responses to the Short List will be considered in the selection of the panel members, along with information provided by nominees and information independently gathered by SAB Staff (e.g., financial disclosure information and computer searches to evaluate a nominee's prior involvement with the topic under review). Specific criteria to be used in evaluating Short List nominees include: (a) Scientific and/or technical expertise, knowledge, and experience (primary factors); (b) absence of financial conflicts of interest; (c) scientific credibility and impartiality; (d) availability and willingness to serve; and (e) ability to work constructively and effectively on committees.

Dated: March 21, 2008.

Vanessa T. Vu,

Director, EPA Science Advisory Board Staff Office.

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR Part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The application also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States. Additional information on all bank holding companies may be obtained
