SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67545; File No. SR-ISE-2012-65]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Reformat the Schedule of Fees

July 31, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 25, 2012, the International Securities Exchange, LLC (the "ISE" or the "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE is proposing to relocate various fees within the Schedule of Fees in order to group fees with other similar types of fees and adopt a Table of Contents for the Schedule of Fees. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to relocate various fees within the Exchange's Schedule of Fees to group fees so that the Exchange's fees may be easily located within the fee schedule. The Exchange also proposes to adopt a Table of Contents so that the Exchange's fees are easily located within the Schedule of Fees. The Exchange is not proposing any substantive changes, but rather proposes to merely rearrange text within the Schedule of Fees. The only substantive change the Exchange proposes to make is the adoption of a Preface wherein the Exchange proposes to adopt definitions of market participants, certain order types, and provide a list of symbols for certain defined groups of securities. The information proposed in the Preface already appears in one form or another on the Exchange's current Schedule of Fees.

Specifically, the Exchange proposes to adopt a Table of Contents and therein, adopt Sections I through IX. Proposed Section I contains a table for Regular Order Fees and Rebates; Proposed Section II contains a table for Complex Order Fees and Rebates; Proposed Section III contains FX Options Fees and Rebates; Proposed Section IV contains Other Options Fees and Rebates;³ Proposed Section V contains Trading Application Software fees;⁴ Proposed Section VI contains Access Service fees;⁵ Proposed Section VII contains Legal & Regulatory fees;⁶ Proposed Section VIII contains Market

³ Other Options Fees and Rebates include the QCC and Solicitation Rebate, Index License Surcharge, Market Maker Tiers, Payment for Order Flow, PMM Linkage Credit, Route-Out Fees, Credit for Responses to Flash Orders, Firm Fee Cap, Inactive PMM Fee and Cancellation Fee. The Exchange notes that by adopting the proposed headings, the Exchange is simply proposing to make its Schedule of Fees more transparent and easier to navigate. As such, the Exchange believes that changes such as the adoption of the term PMM Linkage Credit, which is currently identified on the Exchange's Schedule of Fees as Intermarket Sweep Order Credit, are not substantive changes and are simply name changes to allow market participants to understand the Exchange's fees and credits with greater ease.

⁴ Trading Application Software fees include Installation fees, Software License and Maintenance fees and FIX Session/API Session fees.

⁵ Access Service fees include Access Fees, Network Fees and Telco Line Charges.

⁶ Legal & Regulatory fees include Application Fee, Administrative Fee, Options Regulatory Fee and Regulatory Fee.
