DEPARTMENT OF DEFENSE

Defense Acquisition Regulations System

[Docket Number DARS–2021–0025; OMB Control Number 0704–0321]

Information Collection Requirement; Defense Federal Acquisition Regulation Supplement (DFARS); Contract Financing

AGENCY: Defense Acquisition Regulations System, Department of Defense (DoD).

ACTION: Notice.

SUMMARY: The Defense Acquisition Regulations System has submitted to OMB, for clearance, the following proposed revision and extension of a collection of information under the provisions of the Paperwork Reduction Act.

DATES: DoD will consider all comments received by March 28, 2022.

SUPPLEMENTARY INFORMATION:

Title and OMB Number: Defense Federal Acquisition Regulation Supplement (DFARS) Part 232, Contract Financing, and the Clause at 252.232–7002, Progress Payments for Foreign Military Sales Acquisitions; OMB Control Number 0704–0321.

Affected Public: Businesses or other for-profit and not-for-profit institutions.

Respondent's Obligation: Required to obtain or retain benefits.

Number of Respondents: 149.

Responses per Respondent: Approximately 20.

Annual Responses: 2,928.

Average Burden per Response: 1.5 hours.

Annual Burden Hours: 4,392.

Frequency: On occasion.

Needs and Uses: Section 22 of the Arms Export Control Act (22 U.S.C. 2762) requires the U.S. Government to use foreign funds, rather than U.S. appropriated funds, to purchase military equipment for foreign governments. To comply with this requirement, the Government needs to know how much of each progress payment to charge each country. DFARS 232.502–4–70(a) prescribes use of the clause at DFARS 252.232–7002, Progress Payments for Foreign Military Sales Acquisitions, in any contract that provides for progress payments and contains foreign military sales (FMS) requirements. The clause at 252.232–7002 requires each contractor whose contract includes FMS requirements to submit a separate progress payment request for each progress payment rate and to submit a supporting schedule that clearly distinguishes the contract's FMS requirements from U.S. requirements. The Government uses this information to determine how much of each country's funds to disburse to the contractor.

Comments and recommendations on the proposed information collection should be sent to Ms. Susan Minson, DoD Desk Officer, at Oira_submission@omb.eop.gov. Please identify the proposed information collection by DoD Desk Officer and the Docket ID number and title of the information collection.

Title of Collection: Integrated Postsecondary Education Data System (IPEDS) 2022–23 through 2024–25.

OMB Control Number: 1850–0582.

Type of Review: Revision of a currently approved information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 62,970.

Total Estimated Number of Annual Burden Hours: 760,351.

Abstract: The National Center for Education Statistics (NCES) seeks authorization from OMB to make a change to the Integrated Postsecondary Education Data System (IPEDS) data collection. Current authorization expires August 31, 2022 (OMB# 1850–0582 v.24–29). NCES is requesting a new clearance for the 2022–23, 2023–24, and 2024–25 data collections to enable us to make changes to the IPEDS data collection components, clarify definitions and instructions throughout the components, and to continue the IPEDS collection of postsecondary data over the next three years. IPEDS is a web-based data collection system designed to collect basic data from all postsecondary institutions in the United States and the other jurisdictions. IPEDS enables NCES to report on key dimensions of postsecondary education such as enrollments, degrees and other awards earned, tuition and fees, average net price, student financial aid, graduation rates, student outcomes, revenues and expenditures, faculty salaries, and staff employed. The IPEDS web-based data collection system was implemented in 2000–01. In 2020–21, IPEDS collected data from 6,063 postsecondary institutions in the United States and the other jurisdictions that are eligible to participate in Title IV Federal financial aid programs. All Title IV institutions are required to respond to IPEDS (Section 490 of the Higher Education Amendments of 1992 [Pub. L. 102–325]). IPEDS allows other (non-title IV) institutions to participate on a voluntary basis; approximately 300 non-title IV institutions elect to respond each year. Institution closures and mergers have led to a decrease in the number of institutions in the IPEDS universe over the past few years. Due to

these fluctuations, combined with the addition of new institutions, NCES uses rounded estimates for the number of institutions in the respondent burden calculations for the upcoming years (estimated 6,100 Title IV institutions plus 300 non-title IV institutions for a total of 6,400 institutions estimated to submit IPEDS data during the 2022–23 through 2024–25 IPEDS data collections). IPEDS data are available to the public through the College Navigator and IPEDS Data Center websites. This clearance package includes a number of proposed changes to the data collection. As part of the public comment period review, NCES requests that IPEDS data submitters and other stakeholders respond to the directed questions found in Appendix D of this submission.

Dated: February 22, 2022.

Stephanie Valentine,

PRA Coordinator, Strategic Collections and Clearance Governance and Strategy Division, Office of Chief Data Officer, Office of Planning, Evaluation and Policy Development.
