ACTION: Notice of renewal of exemptions; request for comments.

SUMMARY: FMCSA announces its decision to renew the exemptions from the vision requirement in the Federal Motor Carrier Safety Regulations for 15 individuals. FMCSA has statutory authority to exempt individuals from the vision requirement if the exemptions granted will not compromise safety. SUPPLEMENTARY INFORMATION:

I. Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may renew an exemption from the vision requirements in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce, for a two-year period if it finds “such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption.” The procedures for requesting an exemption (including renewals) are set out in 49 CFR part 381.

II. Exemption Decision

This notice addresses 15 individuals who have requested renewal of their exemptions in accordance with FMCSA procedures. FMCSA has evaluated these 15 applications for renewal on their merits and decided to extend each exemption for a renewable two-year period. They are:

Christopher L. Bagby (VA), Jan M. Bernath (OH), Joseph L. Butler (IN),

Shawn M. Carroll (OK), John C. Dimassa (WA), Mark T. Gileau (CT), Robert A. Goerl, Jr. (PA), Peter D. Gouge (IA), Alan D. Harberts (IA), Paul M. Hinkson (TN), Wendell S. Sehen (OH), Gary E. Valentine (OH), Kevin W. Van Arsdol (CO), Charles Van Dyke (WI), Harlon C. VanBlaricom (MN)

The exemptions are extended subject to the following conditions: (1) That each individual has a physical examination every year (a) by an ophthalmologist or optometrist who attests that the vision in the better eye continues to meet the requirements in 49 CFR 391.41(b)(10), and (b) by a medical examiner who attests that the individual is otherwise physically qualified under 49 CFR 391.41; (2) that each individual provides a copy of the ophthalmologist's or optometrist's report to the medical examiner at the time of the annual medical examination; and (3) that each individual provide a copy of the annual medical certification to the employer for retention in the driver's qualification file and retains a copy of the certification on his/her person while driving for presentation to a duly authorized Federal, State, or local enforcement official. Each exemption will be valid for two years unless rescinded earlier by FMCSA. The exemption will be rescinded if: (1) the person fails to comply with the terms and conditions of the exemption; (2) the exemption has resulted in a lower level of safety than was maintained before it was granted; or (3) continuation of the exemption would not be consistent with the goals and objectives of 49 U.S.C. 31136(e) and 31315.

III. Basis for Renewing Exemptions

Under 49 U.S.C. 31315(b)(1), an exemption may be granted for no longer than two years from its approval date and may be renewed upon application for additional two year periods. In accordance with 49 U.S.C. 31136(e) and 31315, each of the 15 applicants has satisfied the entry conditions for obtaining an exemption from the vision requirements (76 FR 25766; 76 FR 37885; 78 FR 37270). Each of these 15 applicants has requested renewal of the exemption and has submitted evidence showing that the vision in the better eye continues to meet the requirement specified at 49 CFR 391.41(b)(10) and that the vision impairment is stable. In addition, a review of each record of safety while driving with the respective vision deficiencies over the past two years indicates each applicant continues to meet the vision exemption requirements. These factors provide an

adequate basis for predicting each driver's ability to continue to drive safely in interstate commerce. Therefore, FMCSA concludes that extending the exemption for each renewal applicant for a period of two years is likely to achieve a level of safety equal to that existing without the exemption.

SUPPLEMENTARY INFORMATION:

I. Background

MCSAC was established to provide FMCSA with advice and recommendations on motor carrier safety programs and motor carrier safety regulations. MCSAC is composed of up to 20 voting representatives from safety advocacy, safety enforcement, labor, and industry stakeholders of motor carrier safety. The diversity of the Committee ensures the requisite range of views and expertise necessary to discharge its responsibilities. The Committee operates as a discretionary committee under the authority of the U.S. Department of Transportation (DOT), established in accordance with the provisions of the Federal Advisory Committee Act (FACA), as amended, 5 U.S.C. App. 2. See FMCSA's MCSAC Web site for additional information about the committee's activities at <http://mcsac.fmcsa.dot.gov/>.

Voluntary Compliance Task

The truck and motorcoach industries and the DOT have invested significant resources to research, develop, and test strategies and technologies to reduce truck and bus crashes. In September 2014, the Commercial Vehicle Safety Alliance submitted a request to FMCSA to consider initiating a pilot program to investigate the benefits and feasibility of voluntary compliance. Citing research that has been underway for several years, the Agency established an Alternative Compliance initiative the goal of which is to analyze the concept and gather data to support how this concept might be developed and implemented. During its March 2015 meeting, the Agency tasked the MCSAC, with its collective expertise on transportation safety, with identifying options for the motor carrier safety community to promote programs that could improve safety beyond the standards established in FMCSA regulations.

Strategic Plan Discussion

FMCSA is updating its Strategic Plan to align with the new FY2014–FY2018 DOT Strategic Plan that was released in November 2014. The new FMCSA Plan would extend to FY2018; the current Plan ends in FY2016. The revised Plan would include the status on strategies FMCSA employed in the FY2012–FY2016 plan as well as new programs and strategies FMCSA plans to implement by FY2018. FMCSA is presenting an overview of the draft Strategic Plan to the MCSAC to obtain stakeholder feedback. FMCSA plans to publish the updated Strategic Plan by September 30, 2015.
