SUMMARY: The Department of Commerce (Commerce) determines that imports of certain aluminum foil (aluminum foil) from the Republic of Armenia (Armenia) are being, or are likely to be, sold in the United States at less than fair value (LTFV) for the period of investigation, January 1, 2020, through June 30, 2020.

DATES: Applicable September 23, 2021.

SUPPLEMENTARY INFORMATION:

Background

On May 4, 2021, Commerce published in the *Federal Register* the preliminary affirmative determination in the LTFV investigation of aluminum foil from Armenia, and the postponement of the final determination until September 16, 2021.¹ We invited interested parties to comment on the *Preliminary Determination*. A summary of the events that occurred since Commerce published the *Preliminary Determination* may be found in the Issues and Decision Memorandum.²

Scope of the Investigation

The product covered by this investigation is aluminum foil from Armenia. For a complete description of the scope of this investigation, see Appendix I.

Scope Comments

In accordance with the *Preamble* to Commerce's regulations,³ the *Initiation Notice*⁴ set aside a period of time for parties to raise issues regarding product coverage (*i.e.*, scope).⁵ Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice*, and we addressed these comments in the Preliminary Scope Decision Memorandum.⁶

Interested parties were provided an opportunity to comment on the Preliminary Scope Decision Memorandum.⁷ We received no scope case briefs requesting changes to the scope of the investigation from interested parties in any of the antidumping or countervailing duty investigations of aluminum foil from Armenia, Brazil, the Sultanate of Oman, the Russian Federation, and the Republic of Turkey. Additionally, we received a letter from the petitioners⁸ urging Commerce to maintain the same scope language which was set forth in both the *Initiation Notice* or *Preliminary Determination*.⁹ Accordingly, Commerce is not modifying the scope language as it appeared in the *Initiation Notice* or *Preliminary Determination*, which was unchanged from the *Initiation Notice*. See Appendix I for the final scope of the investigation.

Analysis of Comments Received

All issues raised in the case and rebuttal briefs that were submitted by parties in this investigation are addressed in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is attached to this notice as Appendix II. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <http://enforcement.trade.gov/frn/index.html>.

Verification

Commerce was unable to conduct on-site verification of the information relied upon in making its final determination in this investigation. However, we took additional steps in lieu of an on-site verification to verify the information relied upon in making this final determination with respect to Rusal Armenal CJSC (Armenal), in accordance with section 782(i) of the

April 27, 2021 (Preliminary Scope Decision Memorandum).

⁸ The Aluminum Association Trade Enforcement Working Group and its individual members, Granges America Inc., JW Aluminum Company and Novelis Corporation constitute the petitioners.

Tariff Act of 1930, as amended (the Act).¹⁰

Changes Since the Preliminary Determination

Based on our analysis of information provided at Commerce’s request by Armenal after the *Preliminary Determination*,¹¹ the comments received, our findings related to our request for information in lieu of verification, and our correction of ministerial errors timely alleged following the *Preliminary Determination*,¹² we have made certain changes to the margin calculations for Armenal. For a discussion of these

changes, see the Issues and Decision Memorandum.

Separate Rate Companies

No party commented on our preliminary separate rate determination with respect to the mandatory respondent.¹³ Thus, there is no basis to reconsider our preliminary determination with respect to separate rate status, and we have continued to grant Armenal a separate rate in this final determination. In light of these changes to the margin calculations and the resulting revised estimated weighted average dumping margin for Armenal, we have also revised the Armenia-wide

rate. For a discussion of these changes, see the Issues and Decision Memorandum.

Combination Rates

Consistent with the *Preliminary Determination* and Policy Bulletin 05.1,¹⁴ Commerce calculated combination (producer/exporter) rates for the respondent that is eligible for a separate rate in this investigation.

Final Determination

The final estimated weighted-average dumping margins are as follows:

Producer	Exporter	Estimated weighted-average dumping margin (percent)
Rusal Armenal CJSC	Rusal Products GmbH	29.11
Rusal Armenal CJSC	Rusal Marketing GmbH	29.11
Armenia-Wide Entity	29.11

Disclosure

We intend to disclose the calculations performed in this final determination within five days of the date of publication of this notice to parties in this proceeding in accordance with 19 CFR 351.224(b).

Continuation of Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, Commerce will instruct U.S. Customs and Border Protection (CBP) to continue to suspend the liquidation of all appropriate entries of subject merchandise, as described in Appendix I of this notice, entered, or withdrawn from warehouse, for consumption on or after May 4, 2021, the date of publication in the **Federal Register** of the affirmative *Preliminary Determination*.

Further, pursuant to section 733(d)(1)(B) of the Act and 19 CFR 351.205(d), Commerce will instruct CBP to require a cash deposit equal to the weighted average amount by which NV exceeds U.S. price, as indicated in the chart above, as follows: (1) For the producer/exporter combinations listed in the table above, the cash deposit rate is equal to the estimated weighted-average dumping margin listed for that combination in the table; (2) for all

combinations of Armenia producers/exporters of merchandise under consideration that have not established eligibility for their own separate rates, the cash deposit rate will be equal to the estimated weighted-average dumping margin established for the Armenia-wide entity; and (3) for all third-country exporters of merchandise under consideration not listed in the table above, the cash deposit rate is the cash deposit rate applicable to the Armenia producer/exporter combination (or the Armenia-wide entity) that supplied that third-country exporter. These suspension of liquidation instructions will remain in effect until further notice.

International Trade Commission (ITC) Notification

In accordance with section 735(d) of the Act, we will notify the International Trade Commission (ITC) of the final affirmative determination of sales at LTFV. Because Commerce’s final determination is affirmative, in accordance with section 735(b)(2) of the Act, the ITC will make its final determination as to whether the domestic industry in the United States is materially injured, or threatened with material injury, by reason of imports or sales (or the likelihood of sales) for importation of aluminum foil no later

than 45 days after this final determination. If the ITC determines that such injury does not exist, this proceeding will be terminated, and all cash deposits posted will be refunded and suspension of liquidation will be lifted. If the ITC determines that such injury does exist, Commerce will issue an antidumping duty order directing CBP to assess, upon further instruction by Commerce, antidumping duties on all imports of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the effective date of the suspension of liquidation, as discussed above in the “Continuation of Suspension of Liquidation” section.

Notification Regarding Administrative Protective Orders

This notice will serve as a final reminder to the parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Appendix I—Scope of the Investigation

The merchandise covered by this investigation is aluminum foil having a thickness of 0.2 mm or less, in reels exceeding 25 pounds, regardless of width. Aluminum foil is made from an aluminum alloy that contains more than 92 percent aluminum. Aluminum foil may be made to ASTM specification ASTM B479, but can also be made to other specifications. Regardless of specification, however, all aluminum foil meeting the scope description is included in the scope, including aluminum foil to which lubricant has been applied to one or both sides of the foil.

Excluded from the scope of this investigation is aluminum foil that is backed with paper, paperboard, plastics, or similar backing materials on one side or both sides of the aluminum foil, as well as etched capacitor foil and aluminum foil that is cut to shape. Where the nominal and actual measurements vary, a product is within the scope if application of either the nominal or actual measurement would place it within the scope based on the definitions set forth above. The products under investigation are currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings 7607.11.3000, 7607.11.6090, 7607.11.9030, 7607.11.9060, 7607.11.9090, and 7607.19.6000.
