

having first provided the funds to pay those costs. This proposed rule would not impose an unfunded mandate.

Taking of Private Property

This proposed rule would not effect a taking of private property or otherwise have implications for taking under E.O. 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

Reform of Civil Justice

This proposed rule meets applicable standards in sections 3(a) and 3(b)(2) of E.O. 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

Protection of Children

We have analyzed this proposed rule under E.O. 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule would not be an economically significant rule and would not create or condone an environmental risk to health or safety that may disproportionately affect children.

Environment

We have considered the environmental impact of this proposed rule and concluded that under figure 2-1, paragraph (34)(a), of Commandant Instruction M16475.1C, the rule is categorically excluded from further environmental documentation. The rule would merely adjust the threshold of property damage for reports of accidents involving recreational vessels. A Determination of Categorical Exclusion has been prepared and is available in the docket where indicated under ADDRESSES.

SUPPLEMENTARY INFORMATION: On March 17, 2000, we solicited public comment on a proposal for approval of revisions to the Florida SIP concerning revisions

to the ozone air quality maintenance plans for the Jacksonville (Duval County) and Southeast Florida (Broward, Dade, and Palm Beach Counties) areas. This proposed revision removes the emission reduction credits attributable to the Motor Vehicle Inspection Program from the future year emission projections contained in those plans. In response to requests from the American Lung Association of Florida, Inc., Environmental Defense, and David B. Rivkin, Jr. as counsel for Environmental Systems Products, Inc., on April 13, 2000 (65 FR 19865), EPA extended the comment period until May 17, 2000. EPA subsequently received requests to extend the comment period further and to hold a public hearing.

Based on letters received in response to proposal, we believe there is significant public interest in the proposed Florida SIP revision. EPA has therefore decided to hold a public hearing on the proposed revision to the Florida SIP. The public hearing will be held on July 20, 2000, at the South Florida Water Management District Auditorium, 3301 Gun Club Road, West Palm Beach, Florida, starting at 6:00 p.m.

Persons planning to present oral testimony at the hearing should notify Joey Levasseur, EPA Region 4 Air Planning Branch, 61 Forsyth Street, SW, Atlanta, Georgia 30303, telephone 404/562-9035, email levasseur.joey@epa.gov no later than July 17, 2000. A verbatim transcript of the hearing and written statements will be made available for copying during normal working hours at the Region 4 office listed in the address section. A reasonable charge may be assessed for copying of docket materials.

To accommodate the public hearing, we are also extending the deadline for receiving written public comments on the proposal until August 4, 2000, 15 days after the public hearing. Interested persons are invited to attend the public hearing and to comment on all aspects of EPA's proposed rulemaking.
